## THANKSGIVING DAY

### Properly Observed by Our Citizens-- Business Houses Closed

Yesterday was Thanksgiving Day and all the public offices, banks, business houses, including the printshops, schools and post-office, were closed that all might observe the day. No delivery was made on the rural routes and but one delivery in the city, that in the morning.

Union services were held by the Congregational, Methodist-Episcopal, Presbyterian and Baptist churches at the Baptist church in the morning at 10:30 o'clock. Rev. H. W. O'Dell of the Presbyterian church preached the sermon. The services were largely attended.

The Catholic churches of the city celebrated mass at their respective churches while at the Norwegian Lutheran church services were held at 10:30 a. m.

After attending services the good citizens of this city tied themselves homeward where the roasted turkeys, cranberry sauce and pumpkin and mince-meat pies awaited them. If they were indisposed to take a constitutional in the afternoon the blame was really not their as the feast spread out before them was too tempting to their palates and could not be left alone until their appetites were satiated.

In the evening most of them were to be found either at the Elks or at the Harrison & Peterson hall, treating the light fantastic to their hearts content.

## MUCH TURKEY SHIPPED

### Morrison County Again to the Fore in Supplying Thanksgiving Tables

Morrison county is this year again a heavy shipper of turkey and poultry, destination being points in Montana, Twin cities and the East. The shipments were commenced about the twentieth of this month and have been heavier and heavier as Thanksgiving Day approached.

Royalton shippers once again take the lead in the shipments and on Monday sent out a full refrigerator car load of turkey and poultry to Butte, Montana, where a very good market is found, turkey at that place it is claimed retailing at 30 cents a pound. On the same day a shipment of 29 barrels of turkey gathered up for the most part from the farms of this county, weight about 5,600 pounds, were shipped to the same destination.

Off the L. E. & D. branch is received daily an average of 40 barrels of turkey and poultry, besides between 15 and 20 crates daily of the live birds. The bulk of this goes to the Twin cities, where it is stated turkey has been commanding from 14 to 15 cents per pound.

Shipments directly from this city are also quite heavy.

## TO CLOSE ON HOLIDAYS WANT 1912 CONVENTION

### Stores Agree On Above and Close at 6 P. M. Except Saturdays

An agreement signed by practically all the merchants of the city has been made to close the stores all day on Thanksgiving Day, Christmas and New Years and at 6 o'clock sharp on every day excepting Saturday from now until spring. The stores, however, will be open a few evenings during the week of Christmas.

It behooves Christmas shoppers to do their purchasing now as the Christmas rush has commenced in earnest and there are but three weeks and a few days to attend to it. See to it this week. The stores have received their Christmas stocks, which are large and complete, and should satisfy every need of the Yule-tide. Don't wait until the last week to do your purchasing as at that time it is hard to properly wait on customers.

## DISAGREEMENT OVER OWNERSHIP OF OATS

A dispute over the ownership of 100 bushels of oats came up for settlement before Justice Lud Gaudet Tuesday, a change of venue having been taken in the case from Justice Wilson's court in Royalton. Henry Toomes of Buckman was the complaining witness and sued Louis Kuschel also of Buckman for \$50 as the value of the oats taken by defendant and which he claims as his share of the harvest, which he claims he had purchased from defendant. Mr. Kuschel on the other hand claims that he purchased the oats from Toomes.

Judgment was granted the plaintiff for 45 bushels of oats at 40 cents a bushel and the costs of the case assessed against defendant.

There will be a meeting this evening at 7:45 o'clock of the Luther League at the Swedish Lutheran church.

Miss Florence Millsbaugh, a bride of next week, was the guest of honor at a whist and bridge parties given by Messrs. H. H. Tanner and H. C. Melting respectively on Thursday and Saturday afternoons of last week.

The local business college closed Tuesday afternoon for the remainder of the week and most of the students went to their homes to spend Thanksgiving. Principal R. B. Millard left Tuesday evening for the Twin cities where he visited some of the business schools.

## SUNDAY BALL LEAGUE

### The Present is Proper Time to Take Steps for Such Organization

St. Cloud Times: Last season the matter of the formation of a Sunday base ball league in Central Minnesota was given some discussion and a little thought. The projected plan was met with approval by many of the fans of the cities and villages of the "granite city." As the idea was not advanced until the season had opened, the matter of definite action was postponed to the 1912 season.

If such an organization is to be perfected, it is none too early to take the initial steps. The advantages to be derived from such an association are not small, while of course the plan has its points and weakness as well.

It has been suggested that six or eight of the stronger teams of the middle states organize a Sunday league. The cities to be represented in the league could be Brainerd, Little Falls, Sauk Rapids, St. Cloud, Melrose, Long Prairie, with two more from Staples, Sauk Centre, Foley and possibly Alexandria. Staples and Sauk Centre have in the past few years failed to make a fortissimo passage in the base ball concerto. Foley forged to the head this season and carried a solo part in the symphony during several phases. She therefore would in all likelihood enter such an organization. Alexandria has had one of the best teams of the middle states but if she continues next season as she has during the past, and it is more than probable Sunday base ball in Alexandria will be a minus quantity and therefore the summer resort town could not be counted upon in the organization.

The plan is this. Each city in the league shall be entitled to a representative upon a board of control. This board shall have supervision over the league. It shall meet early in the spring and formulate a playing schedule which shall govern the teams for the summer. The board shall have control over the managers of the teams, shall be empowered to fine the managers of the players through the manager of this respective team for offenses stated. The board is also to name league umpires who shall officiate over the league games. Thus playing upon a schedule arranged before the season it will be possible to have all teams in the league playing each Sunday in half of the cities on the circuit. The teams' percentage could be kept under such an arrangement just as they are in any league. In the event of rain and wet grounds, which would necessitate the cancellation of any one game, the two teams thus affected would be called upon to play a double header at the time of their next contest under the schedule.

Opinions and suggestions from fans and players of the cities above mentioned are desired. An invitation is extended to any fan or player to submit ideas concerning such a league and regarding the sentiment in his city. Address communications to W. Leigh Cary, sporting editor the Daily Times.

Paul Goltz, former singer at the Milo theatre, was here Monday enroute from Brainerd to St. Cloud to sing at the Princess theatre.

## COUNTY FAIR MEETING

### Will Be Held on Tuesday Morning December Fifth

The annual meeting of the Morrison County Agricultural Co-operative Society will be held Tuesday morning Dec. 5th, 1911, at the secretary's office in Little Falls. Should the attendance be large the city hall will be used for the meeting.

Reports of the officers will be submitted at this meeting, and there will also be election of officers for next year.

It is of the greatest importance that every one who believes that Morrison County should have a fair, attend this meeting. The farmers throughout the county should be present and show that they want this enterprise continued. If you stay at home we will consider your absence as an indication that you do not want the fair continued. The managers of the 1911 fair feel that they have earned the support of every progressive and public spirited man in Morrison county, and you should show your appreciation by attending this meeting and expressing your approval of the work done and suggest some ways and means of holding fairs in the future.

Respectfully yours,  
George Kiewel, President,  
N. N. Berghaim, Secretary.

## FREIGHT DEPOT HAS NEW CASHIER.

T. H. Jennings, cashier at the local freight depot, has resigned his position here and leaves today for Stillwater, where he has accepted a similar position. The family will follow either today or tomorrow. Wm. Billestein, day ticket clerk at the passenger depot, will succeed Mr. Jennings as cashier at the local freight depot. The remainder of the changes will be made in a few days.

Rev. and Mrs. W. C. A. Waller of Lake City will be here next Sunday, on which occasion Rev. Waller will preach at the Congregational church at both morning and evening services. Mr. Waller will be remembered by many here, having been pastor of this church for several years just prior to Rev. C. A. Billie's appearance as the church's pastor.

## FARMER SHORT COURSE

### Petition Signed by Forty Farmers Needed to Secure It

During the last week of the Short Course offered at the local high school, commencing February 19 and ending on the 28th, it is planned to have a farmers' institute at the court house which will be more along the lines of a Short Course as stock and farm products will be judged. Through discussions on farming, farm methods, seed, dairying and accounting on the farm will be given in this short course. To secure it however necessitates the co-operation of the farmers of the county as a petition signed by at least forty farmers is required by the state agricultural college, which ends out these institutes and Short Course corps. Action should be taken at once in the matter and the farmer should take the initiative in it as it is entirely to his benefit that the course should be held.

If the course is arranged for, an effort will also be made to secure a lady to discuss the problems of the farm home along domestic science lines.

## STUDIED WALTER SCOTT.

The library room in the Carnegie library was well filled for the literary meeting which was held there Monday evening. Walter Scott was taken up at this time and very interesting papers were presented. Harry Weimer gave a paper on the Life of Walter Scott; Mrs. E. W. Kallher gave a sketch of Scott's prose and poetry and Miss Alice M. Lancaster gave a reading from this great author. An excellent piano solo was rendered by Mrs. B. Y. McNairy and a vocal solo by Miss Myrtle Olson. A. H. Vernon presided at this meeting.

There was some discussion as to the advisability of making arrangements for a permanent organization, but it was decided best for the present at least to just let some of those most interested in the work take charge of the meetings, he to name the subject to be taken up and the time of meeting. C. B. Kuhlman, principal at the local high, was given charge of the next literary meeting. He suggested that current events, politics and science be studied and taken up as part of the literary work, thereby making these get-together meetings as much the more interesting and instructive.
