## TAFT CANNOT CARRY INDIANA.

Washington, Dec. 12.—Tonight Edwin M. Lee, chairman of the Indiana Republican state committee, issued a statement, in which he declared that his state would be lost to the Republican party if Mr. Taft were renominated.  
"Mr. Taft cannot carry Indiana," says Mr. Lee. "If he is the Republican nominee, our fight is lost before a gun is fired. As one of his original friends who labored for him night and day, I have been driven to this conviction with extreme reluctance."  
Mr. Lee adds that his conclusion was reached only after a searching inquiry through his precinct committee men and in person.  
What two months ago was passivity on the part of the voters, he says, now has been transformed into "dissatisfaction."  
A most simultaneous statement was issued by Walter Brown, chairman of the Ohio Republican state central committee, in which he deplored the action of the national committee in refusing to provide means for the selection of delegates-at-large by primaries. This expression, however, was merely in the nature of a protest.
