

Another Interesting Announcement From The Economy Center

Our Annual Wash Goods Sale

Continues Saturday, June 15, Ending June 22

7 of the Biggest and best Bargain Days You've Known for Some Time

Read Here How and Why You Can Save From 25 to 33 Per Cent on all Your Summer Dresses.

Our buyer was among the many at the wholesaler's price slashing events held recently—when the bottom fell out of the market on summer wash fabrics of all kinds—which has got to be an annual event with the wholesalers—their stocks become congested at times, and they must unload. We were in a position to help them and we have some of the finest kind of summer wash goods to offer you at 25 and 33 per cent below what you've ever paid before.

We're not going to sell them in the regular way, and make more profit, we're going to pass them out to you at the same saving we made.
