**LOOKING BACKWARD 4**  
Pillager Herald: T. H. Milender, a progressive farmer of Rail Prairie was in Pillager on Tuesday, and in speaking of what has been accomplished on a farm here, said: "The development of the Crow Wing Valley in the past five years is something wonderful." He sites back to the old days of cordwood, ties and logs, and how the old homesteaders have gone, and in their place we now have progressive farmers and dairymen.

For an example he has one cow that has netted him for the past seven months, \$6 per month, besides raising a fine heifer calf which is now worth \$15—this, together with the cream, netting him \$57 in seven months. He sites another instance where he has two cows and two heifers that have netted him \$24 per month for the past six months.

This shows the possibilities of getting ahead on a small farm here. Mr. Milender is one of the many who are "making good."

**TWO CLUBS CLAIM BENN**  
Former Twirler for Little Falls the Cause of Disputed Possession

Omar Benn of Wisconsin, three years ago a twirler for the local ball team, has been making a name for himself in the baseball world since he left this city. His ownership is now in dispute between the Detroit American league and the Toledo Association club.

While playing in this city Benn did some fine twirling but the year after leaving here, while playing with several Illinois and Wisconsin clubs, Benn's pitching lacked control and for that reason he was shifted around to various clubs.

A news clipping in the possession of Fred Greisch, saying that the purchase of Omar Benn from the Manistee club of the Michigan state league by Detroit is disputed by the manager of the Toledo association on the grounds of previous option, makes it evident that he has returned to his old form.

**F. B. LOGAN HONORED**  
F. B. Logan of Royalton has been offered the management of the Northwestern Products show which will be held in Minneapolis, November 12th to 23rd, but because of personal interests he was forced to decline the honor.

Mr. Logan showed unusual ability for management as a director of the agricultural displays for the Minnesota state fair association, and it was only through his untiring energy and his guarantee of sufficient returns that such a large number of counties exhibited their products at the state fair.

Mr. Logan deeply regrets his inability to accept the honor which is offered to him.

**FIFTY-TWO MULES HAUL GREAT PIPE**  
All mule-team records were broken, it is declared in the October Popular Mechanics Magazine, by the builders of the Los Angeles aqueduct when fifty-two mules were hitched together to transport steel siphons used in constructing the aqueduct. A single jerk line was used in handling the team. In most instances the weight of the steel sections was 24 tons. The total length of the siphons used in the aqueduct was about 14 miles.

**RANDALL DEFEATS LOCAL PICK-UP TEAM**  
The Randall baseball team defeated a pick up bunch from this city at the Athletic park Sunday afternoon by a score of 12 to 2. Harris Gourd was on the mound for Randall and John King and Lauerbauer pitched for the pick-ups. Ed Lauerman played until he broke one of his fingers in an attempt to slide to third, when he retired from the game.

Sherman Lewis went out with his gun and dog at 4:30 Saturday afternoon and returned home at 7:30 with ten chickens. The chickens were found just two miles from town.

Jos. Schwalier returned Saturday from Jordan, where he had been to attend the funeral of a nephew, R. Meyers, who was killed by falling from a high trestle while at work in Quincy, Ill.

Clarissa Independent: Neal St. Anthony came down from Brandon, Manitoba, Canada, last week for a short visit. He has been superintendent on a large brickyard the past summer. He reports Canada on the boom and that they have a fine crop up there this year.

St. Cloud Journal-Press September 16: Yesterday at the Polish Catholic church announcement was made of the marriage of Miss Magdelina Jagelski, daughter of Mr. and Mrs. Martin Jagelski of this city, to Albert Wiener of North Prairie. Miss Jagelski has been a resident of this city all her life and has a large circle of acquaintances who will extend their best wishes. The wedding will take place on October 1.

Onamia Breeze: John Mischke of Pierz, a wealthy farmer, land and implement dealer, was here Tuesday and Wednesday. Mr. Mischke was transacting business at this place and informed us that it was his first trip to Onamia. Mr. Mischke and his father came to the town of Buckman, where he lives, in 1871 (41 years ago) and endured many of the hardships of those pioneer days. He made this office a pleasant call.

**"BREWSTER'S MILLIONS"**  
Frederick Thompson's production of "Brewster's Millions," a dramatization of George Barr McCutcheon's famous story of the same name, will be the attraction at the Milo theatre Saturday evening, September 21.

The story is odd and tells of the efforts of Montgomery Brewster to spend a million dollars left him by his grandfather, within a year, and preserve complete secrecy regarding his ultimate object. He is not permitted to give or gamble it away, nor is he permitted to endow any institution or erect any permanent memorial. This is made a condition under which he inherits a fortune seven times as vast from an uncle who has conceived and nourished a bitter hatred for the grandfather.

Frederick Thompson, the producer, has furnished a scenical equipment for the play which, from all accounts has proved sensational. The third act—in the scene aboard the yacht—one of Brewster's money-spending devices—there is a marvelous and particularly effective bit of stagecraft. In this scene a storm arises and the stage settings, the movements of the wave, the lightning effects, all combine to make it a particularly realistic and interesting stage effect.

The chief character, that of "Monty" Brewster, is in the hands of the well known and versatile young actor, Clyde Bates. The heroine will be essayed by the dainty and talented Catherine Cosgriff. The other long list of characters will be represented by names well known on the mimic stage.

**SOUTHWEST DARLING**  
Sept. 18—E. A. Kling, F. W. Lyon and David Carlson attended the funeral of Peter A. Kull Monday.

He moved to Minnesota in the spring of 1902. Mr. Kull was a public spirited citizen and held the office of secretary of the Farmers' Mutual Fire Insurance company of Little Falls for ten years. He leaves a wife and seven children. The funeral was held from the house at 1 o'clock and from the Swedish Lutheran church at Darling at 2:30 Monday, Rev. G. Ostergreen of St. Cloud, officiating.

August Blomquist visited in Happy Corner last Sunday with Mr. and Mrs. A. G. Nelson. Mr. Nelson's bees did well this summer and he has a lot of fine honey.

Ed. Hanson of St. Cloud is visiting Mr. and Mrs. Frank Bendahl. A number of hunters were here from Little Falls, but did not get many birds.

The rain doesn't seem to stop the threshing. They keep right on doing business.

Miss Esther Hanson went to Minneapolis Sunday.

Look out for wedding bells in Happy Corner soon.

Someone broke a window in school house 35. The guilty one deserves punishment, as the same thing was done last year.
