You will find a big stock of the newest and best merchandise at bottom prices, attentive, obliging and courteous salespeople who know their business and who will be glad to show you the goods without importuning you to buy and a well lighted and well kept store with good roomy aisles where you will find it a pleasure to look or to buy.

You Are Always Welcome!

Your Money Back

This is what we say when you buy a Warner's rust-proof corset and you are not satisfied with it. We are not going to stop to ask you questions no matter how long you have had a corset. If it has broken, if it has ripped, if it has rusted, if anything has happened to the corset that we say ought not to happen, we want the corset and you want your money.

Warner's Styles

are fully endorsed by us. This is the first time in our experience we have been able to place on our counters thus early in the season, a line of Autumn and early winter corset styles, and it is our hope that we can persuade you to an early corset fitting.

You may be a devotee of the ready-to-wear — that is the type of figure that can always find the right suit without the annoyance and delays occasioned by having to order a suit at your dressmaker's or tailor's—if so, we want to fit you to your corset first, so that you may have the proper lines over which to fit your dress. We are showing these latest styles practically with our cloak and suit opening.

Won't You See Them Early?
