

BRAINERD WINS GAME

ADHERENTS OF THE PROGRESSIVE PARTY HELD RALLY FRIDAY EVENING

The Bull Moose rally held at the court house Friday evening was fairly well attended.

Wm. Watson, accompanied by Miss Hazel Tourtillotte, rendered "Our Roosevelt," by Miss Caroline Prentice Kelly, as the opening number of the evening.

Dr. J. G. Millsbaugh made some remarks in which he stated that men hitherto taking no part in politics, were ardent workers in the progressive ranks. He then introduced Mr. Sharkey progressive candidate for the railroad and warehouse commission.

Mr. Sharkey stated that due to some unaccountable side-tracking that Messrs. Norelius and Davis, who were to have made addresses at the meeting, had not arrived. Mr. Sharkey was formerly station agent in this city. Mr. Sharkey described the two conventions at Chicago to which he was a delegate.

Colonel Roosevelt's Milwaukee speech was read by Chas. Sylvester. In conclusion Mr. Sharkey read the policies which are to be followed if he is elected.

DARLING CLUB HAS SUCCESSFUL MEETING

A large and enthusiastic group of farmers attended the meeting of the Darling Farmers' club held October 25. The speaker F. B. McLeron from the Extension Division of the University,

did not come for some unknown reason. Supt. F. W. Dobbys of the Little Falls public schools spoke briefly but effectively on the subject of "Organization Among Farmers." Griffith Richards, agricultural instructor in the Little Falls high school, gave a dairy talk. He urged the farmers to get a pure bred sire as soon as possible, to weed out their poor cows by weighing and testing each cow's milk, and to give their cows the best of care.

M. M. Williams spoke briefly upon dairying and organization among farmers. These talks were followed by a lively discussion in which the farmers took an active part.

Another meeting of the club will be held in the near future and an attempt will be made to get a special speaker from the state university. The organization of the club will be perfected at this time.

Warner's Rust-Proof Corsets

WE have a Warner model that we are willing to guarantee to give you a fashionable, comfortable shaping.

IF the eye of a woman with a tendency to flesh falls on this corset advertisement, we want to say that it was directed towards her. This is the first time in our experience—which has covered, as you know, a long period—that we have been entirely satisfied with the corset models of stout women.

WE have never found so goodly a number as we have found in Warner's Rust Proof Lines this year. We have practically all they make, and they make the best there is in the corset world.

WE can reduce your figure several inches—bust and hips—we can do it comfortably and will give you a better figure than you have; but what is more, with a Warner style properly fitted, each time it is worn gradually reduces your proportions.
