

LITTLE FALLS HERALD

MINNESOTA HISTORICAL SOCIETY

VOL. 25. NO 2 LITTLE FALLS, MORRISON COUNTY, MINNESOTA. FRIDAY, MARCH 21 1913.

ERECT MODERN GARAGE

PLUMBING & CYCLE COMPANY WILL PUT UP FINE STRUCTURE THIS SPRING

Geo. Schroeder and Mark Buckman, of the firm of the Little Falls Plumbing and Cycle company, will erect a modern garage on the corner of First street and Second avenue southeast which will cost approximately \$10,000 and which will compare favorably with any of the garages in the state, the large cities included.

The structure will be 80x150 feet of solid brick and for convenience will have only one floor. A basement for a heating plant will be in the back part of the building and will have but an outside entrance in order to insure the utmost safety. All partitions in the building will be brick and the floors in all but the general and private offices will be of reinforced concrete and cement. Steel ceiling will be used throughout the building.

As planned the building will be divided into two sections; a storage room 55 feet wide and the full length of the building and the other half will comprise a general office with linoleum floor covering, a private office with tile floor, a night-man's bedroom, a stock room, a wash rack, a paint shop and a work shop 75x25 feet.

The storage room will accommodate about 50 cars and have a front and a back entrance. In order that the body of an automobile will not get bumped when being put into place in the garage, a bumper made of cement and about two feet high will be in each stall. The floor will slant toward the sides and drains will be put in each stall so that the cars can be washed where they stand. For this reason there is a possibility that the wash rack mentioned above will be cut out. Those wishing it, can secure a private stall which will be padlocked, but this feature will be optional. A forge room will be set off in the southeast corner of the storage room.

The building will be completed about June 1 and will greatly increase the efficiency of the firm's work and will enable them to give better service to their patrons. The firm will continue their plumbing business. Increase in the automobile business is the factor which necessitates larger and better accommodations for their patrons and this is the reason for the erection of this up-to-date garage.

THE CITY ELECTION

JOHNSON, SIGNOR, GAUDET, RANDALL, WHITE AND LAFOND WIN CONTESTS

At the city election Tuesday Mayor Brick was defeated for re-election by F. C. Johnson by 17 votes. The majority contest was peculiar in many respects, but it was especially so from the fact that the successful candidate has been a resident of Little Falls but two years and at the time of his filing was practically unknown by at least four-fifths of the people of this city. The new mayor states that law enforcement as to saloons will continue as under the present administration, closing at 11 o'clock and on Sundays, and that law enforcement will avail generally.

Lyman Signor won over C. W. Crossfield for assessor, and Lud. Gaudet and P. S. Randall won out in the three-cornered justice-of-the-peace fight. Wm. White won over Spirit J. Vasily in the Second ward and Henry LaFond won over N. Elvig in the Fourth ward for alderman.

The vote throughout the city was much smaller than usual.

The vote in detail can be found on page five.

C. E. VASALY TO SPEAK AT FATHERS' CELEBRATION

Gov. Eberhart, Mayor Nye of Minneapolis and Chas. E. Vasily of this city will be the principal speakers at the celebration of the 40th anniversary of priesthood of Rev. Father Cleary of Minneapolis. The exercises are to be held in the auditorium on the evening of March 25.

HIGH SCHOOL WILL FACE WEST

At a recent meeting of the board of education titles on the lots purchased by the board as a site for the new high school building were perfected. The matter of changing the fronting of the building was voted on and it was decided not to change the position of the building. Excavation has begun.

HOSPITAL NOTES

Leora Balsinger of this city was operated upon for appendicitis yesterday.

Mrs. Sturgeon, who was operated upon for appendicitis several weeks ago, was discharged Tuesday.

Jos. Schmidtbauer of Pierz has been operated upon for appendicitis.

J. Schniederbauer of Randall is receiving surgical treatment.

Flora Magnan of St. Mathias was discharged Saturday. She was operated upon for appendicitis several weeks ago.

Harold Odor of Lincoln is receiving treatment for heart trouble.

F. W. Lyon, who is confined in the local hospital with blood poisoning, is practically out of danger. The infection is supposed to have been caused by a silver.

The Weyerhaeusers intend to build two large mills at Everett, according to a dispatch from that place, at a cost of \$700,000.

Dr. Newman has recently been making many tests on animals belonging to persons who are leaving the country for the west.

The county auditing board consisting of the chairman of the county commissioners, the clerk of court and the county auditor checked over the books in the treasurer's office Wednesday and Thursday.

RAILROAD ACTIVITIES

NORTHERN PACIFIC COMPANY WILL LAY DOUBLE TRACK FROM SARTELL TO STAPLES

It is stated on good authority that this summer will find extensive work under way between Sartell and Staples on the Northern Pacific line.

A crew of eighty men are at present employed between here and Staples laying steel. A large crew has been employed in this same work all through the winter, a very unusual occurrence for this part of the country at this time of the year. The informant explains the past winter's activities as an indication that an extraordinary amount of work is to be done on the main line of the Northern Pacific road from Sartell to Staples. He gives it as his opinion that the advent of fall will see the work of double tracking well underway between Sartell and Staples.

A great deal of inconvenience has been experienced in late months by delays in passenger trains which were caused by the necessity of one train waiting at a station for another one to pass. With the talked of double track built and used, these necessary delays would be eliminated as all east bound trains would likely be assigned to one track and west bound to the other, and local service would be more efficient than hitherto.

DR. NEWMAN TAKES A PARTNER

Arrangements have been completed and April 1, Dr. Geo. A. Edmiston of Chicago will locate in this city as a partner to Dr. J. H. Newman, veterinary surgeon. Mr. Edmiston comes to this city highly recommended. Inability to properly handle all of the business, which has been growing rapidly during the past few years, made it imperative that Mr. Newman take a partner.

THIRD LECTURE OF SERIES

Rev. L. L. Harris gave the third of his lecture series entitled, "Arabia's Great Reformer," at the Methodist church Tuesday evening. The lecture was postponed to Tuesday from Thursday of last week. He traced the form of worship in Arabia prior to the Mohammedan period and took the great reformer's life, dealing with all significant points.

Chas. Gravel was re-elected president of the village council of Onamia and Henry Goulet was re-elected clerk. Both were formerly business men in this city and are numbered among the pioneers of that village.

DIED

Daniel Nelson, age 57, of Freedhem died at his home there Wednesday from inflammation of the kidneys and rheumatism. He was born in Sweden. The funeral will be held Saturday afternoon from the Freedhem church and the remains will be interred in the Freedhem cemetery.

Geo. Calhoun of Randall transacted business in this city Thursday.

Swan Beckman of Freedhem, who for the past several months has been ill at the hospital, died Monday. Mr. Beckman was 52 years old and death was due to chronic cholangitis. The funeral was held Thursday from the home and interment was made in the Freedhem cemetery.

C. P. Jones of Cottage Grove, Ore., died at Portland, Mar. 8, from Bright's disease and was buried in the Mount Scott cemetery. Mrs. Jones was at one time a teacher in the local high school and is remembered here as Miss Alice Walker.

GAS FRANCHISE IS UP

WENT OVER LAST EVENING—FINAL ACTION LIKELY MARCH 28

A meeting of the council was held Thursday evening, the citizens having been invited to attend the reading of the proposed gas franchise, and suggestions for its betterment were in order. It is not likely that the ordinance received passage last night but it will come up for final passage March 28. Following is the proposed franchise:

An ordinance granting to E. E. Collins, his associates, successors and assigns, the right to construct, operate, and maintain a gas plant and works for the manufacture and supplying of gas for all purposes in the city of Little Falls, Minnesota, and fixing the rate to be charged for supplying gas for household, domestic and other purposes.

THE COMMON COUNCIL OF THE CITY OF LITTLE FALLS DO ORDAIN:

Section 1. That the word city, as hereinafter employed in this ordinance, shall designate and be held to mean the incorporated city of Little Falls, Minnesota, and the word grantee, shall designate and be held to mean, E. E. Collins, his associates, successors and assigns.

Section 2. Subject to the conditions, terms, limitations and reservations hereinafter contained, permission and authority is hereby granted to E. E. Collins, his associates, successors and assigns, to construct, operate and maintain, a gas plant and gas works in the city of Little Falls, Minnesota, for cooking, heating, lighting and for power; to enter upon all streets, avenues, bridges and alleys of said city, to take up pavements and sidewalks, and to make such excavations as may be necessary to lay, keep and maintain pipes, and conduits therein.

Provided, no gas house, producer, works or holders, shall erect or locate in any part of said city without permission first granted by resolution of the common council of said city designating the site where the same may be erected and maintained.

Section 3. No mains, pipes, conduits or appliances shall be laid, nor any change or extension of such pipes, mains, conduits or appliances laid, nor any excavation be made in any street, avenue, alley, or public place or portion thereof, until a map or plat, showing the location of all such pipes, mains, conduits and appliances, shall have been submitted to and approved by the city engineer and the common council of said city.

Provided, that no such map or plat, or approval of the same shall be required for service pipes leading from mains to the property line.

Provided further, that the grantee shall have the right to operate and maintain, on the terms and conditions in this ordinance stated, any existing gas mains or pipes, now located in the streets, avenues, alleys or public places of said city, to which grantee shall obtain legal title, without such map or plat, or approval of the same.

Section 4. In laying and constructing such mains, pipes, conduits, or appliances in the streets, avenues, alleys or public places of said city, the grantee shall so prosecute said work as not to impede or obstruct the free, safe and convenient use of the same by the public. Any and all excavations or trenches in any such street, avenue, alleys or public place shall be made or dug under the supervision of the city engineer of said city, and all such work shall be prosecuted diligently.

Any and all pavements, sidewalks, streets, avenues, alleys or public places, in which such mains, pipes, conduits or appliances shall be laid, shall immediately after such laying and construction, be replaced and restored to their former condition, as nearly as may be possible, by said grantee herein, at his own cost and expense to the entire satisfaction of the city engineer and the common council of said city. If the said grantee fails to restore and replace any such pavement, sidewalk, street, avenue, alley or public place, as herein provided for, the mayor or common council of said city, shall cause the same to be replaced and restored, at the expense of said grantee, the cost thereof and any and all damages sustained by such failure and neglect to be charged to said grantee, and to become a lien upon the said gas plant and works to be installed hereunder, to be collected by ordinary proceedings or process of law, or to be deducted from any moneys due grantee for any public service or lighting.

Any and all such work shall be done, and said mains, pipes, conduits or appliances, shall be laid, so as not to interfere with or remove any existing sewers, waterpipes, conduits or other structures, or do any damage thereto.

Section 5. Whenever the common council of said city shall deem that the public, interest, necessity or safety require such action, the said grantee shall, at his own cost and expense, move or change the location of any of its mains, pipes, conduits or appliances, and shall comply with any order of said common council in that behalf within a reasonable time as may be fixed by said common council therefore.

Section 6. Whenever said city shall change its grades or the grade on any street, avenue, alley or public place, the said grantee shall, at his own cost and expense, and within a reasonable time after notice to that effect, relay any mains, pipes, conduits or appliances therein to conform with any such change of grade.

Section 7. Said common council of said city shall have the right to condemn any pipes, mains, conduits or appliances placed or maintained in any street, avenue, alley or public place hereunder by said grantee, whenever the same are in the opinion of said common council, unfit for use or dangerous to life or property, and in such event, (Continued on page 3)

SOLD LIQUOR TO MINOR

JOS MEDVED, OF LITTLE FALLS HOUSE, CHARGED WITH SELLING TO ONE UNDER AGE

Jos. Medved, proprietor of the Little Falls house, was arraigned before Justice Gaudet yesterday, charged with selling liquor to a minor. The defendant asked for a week in which to consult council and the date of hearing was set for March 27.

It is alleged that Medved sold liquor to a lad fourteen or fifteen years old Wednesday evening. Rev. Frank Atkinson, who is the complaining witness, says that he met the lad coming out of the bar room. The boy he says, took the can of beer over into the Watkins Remedy wagon which is in the same block. Upon investigation Mr. Atkinson found that the refreshments were not for a grown person as he had believed but were being imbibed by three "manly" youths. The boy, whom Mr. Atkinson saw with the can, said that the beer was given to him by Mr. Medved.

It is understood that some men are in the habit of sending boys into saloons for beer and Mr. Medved possibly thought that this was one of these cases.

PLAY BY YOUNG LADIES

OF SACRED HEART AND ST FRANCIS XAVIER CHURCH MARCH 26

"Pontia," the daughter of Pilate, will be presented by the young ladies of the Sacred Heart and St. Francis Xavier church at the parochial school hall Wednesday, March 26 at 8 p. m. THE COMMERCIAL CLUB

MET MONDAY—ACTS ON MATTER OF ENTERTAINING G. A. R. DELEGATES

A regular meeting of the Commercial club was held Monday evening and the matter of entertaining the Park Region G. A. R. encampment, which is to be held here in July, was brought before the club.

Dura Corbin gave the club some valuable information as to what would be needed in the way of entertainment, and with his suggestions the cost of entertaining the encampment will not be very large.

The Park Region division of the G. A. R. extends over practically the upper half of the state. There were about 300 members but some have died and some are too old and feeble to attend. It is expected that only about 100 or 150 old veterans will attend. The encampment will also be visited by the Sons of Veterans and others of the district.

As the dates of this encampment are July 2, 3 and 4, it will be held in conjunction with the Fourth of July celebration, and the program for the last day will be taken care of with that of the national holiday.

Arrangements will be made to secure 15 or 20 tents for this event and two features of the encampment will be the Morgan Post Drum Corps and the Bryant Post Quartette, both of Minneapolis.

Members present expressed their desire of having another meeting later when Commander Underwood of Staples could address them, and this meeting will undoubtedly be held in the near future.

Dura Corbin, who addressed the club on the entertainment of the encampment, is adjutant of the Park Region district and his assistance will be of considerable value to the Commercial club.

There will undoubtedly be more than one band for the occasion and prominent men of the state will be secured for speakers. A tent accommodating 400 or 500 people is to be procured for the encampment and this tent will be used throughout for program purposes.

A committee of three will be appointed by the president of the commercial club to act in conjunction with the citizens' committee and a committee from the local G. A. R. post, to work out the program for this event in detail. These same committees may also serve as one Fourth of July program committee and will see the business men of the city concerning the proper decoration of their places for the occasion.

A Koslosky, who acted as chairman of the meeting, yesterday announced that Frank Renick, Leigh Tanner and T. H. Dewey had been appointed on the Commercial club committee.

Miss Doris Mathieson, who attends the university, arrived Wednesday evening from Minneapolis and will spend her Easter vacation at her home in this city.

Mike Draska, charged with getting money under false pretenses, was arraigned before Justice Gaudet Wednesday and the hearing was set for March 22. The defendant is charged with receiving money by mortgaging property which did not belong to him.

Born-To Mr. and Mrs. Frank Tonskemper of Stillwater Thursday, March 13, a son. Mr. Tonskemper is well known in the city as he has been representing the Wright, Barrett & Stillwell company and has made this city as part of his territory.

A small consignment of 1913 nickels was received by the First National bank Tuesday and was given out one at a time when called for. The design on these coins consists of a buffalo, with the inscription, "The United States of America," and "E Pluribus Unum" above and five cents below on one side and an Indian's head, the word "liberty" and the date 1913 on the other side.

G. MAGNUS SCHUTZ RECITAL

Basso Well Known In Eastern Musical Circles to Appear Here May 9

Another special program is to be given in this city under the auspices of the Musical Art club, May 9, when G. Magnus Schutz, baritone of national fame, appears in recital here. The concert will be given at the Victor theater.

Mr. Schutz but during recent years has come into prominence in New York musical circles and in other cities. His voice is very pleasing and ranges from the deep bass tones to the mellow baritone register. It possesses quality and power and is used by Mr. Schutz merely as a means of interpretation.

The following is one of the many favorable press notices which demonstrates the success which Mr. Schutz has attained and is taken from the Dramatic Review, San Francisco:

"Monday afternoon the Sorosis Club held the first open meeting of the season, the pretty club rooms being thronged with an audience that enjoyed a series of beautiful vocal solos by G. Magnus Schutz, the new singer, who recently arrived from the east. He has one of the most pleasing voices one could desire to hear and renders his music with true feeling and correct interpretation. He is particularly magnetic and as he sings his eyes and lips smile, his listeners catching in the sunshine of his own spirit. Faith in Spring, of Schubert was a gem and most feelingly given. Other numbers given being 'Myself When Young' from Omar Khayyam Rubaiyat' (Lehman), 'My Little Love' of Hawley, and Schumann's 'I Murmur Not', each number being gracefully and easily rendered. The closing song of the group was 'The Two Grenadiers' that was sung with delightful life and buoyancy with a ring that went to the heart."

FARGO DEALER PULLED

CHARGED WITH BUYING STOLEN GOODS FROM THE HARDWARE STORE BURGLAR

Floren Townshend, alias Chester Henry, who was caught Tuesday night of last week while burglarizing the Jetka hardware store on the West side, pleaded guilty before Judge Nye Thursday and was sentenced to the state reformatory at St. Cloud indeterminate. The young man gave his age as 18 years. He was taken to the St. Cloud institution by Deputy Sheriff Paul Felix Saturday afternoon.

Before going to St. Cloud he confessed to the local authorities that he had committed a robbery at Staples—the first he had ever taken part in—and said that he was willing to testify against the Fargo pawnbroker whose cards he had in his possession and who he alleges persuaded him to commit the Staples robbery and who promised to buy all articles stolen if brought or shipped to his place of business.

Acting on information secured by local authorities the Staples authorities had the Fargo dealer arrested and his place searched. The articles missing from the Staples store were found there and he was to be prosecuted for operating a "fence." Townshend said that he would testify against the Fargo dealer.

On the return of the goods to the Staples dealer, he has refused to prosecute, and the case against the Fargo man, it is understood, has been dropped.

Roger Martin, brother of the late T. Martin, formerly of this city and well known here, has decided to again locate in this city and take up the work recently laid down by his late brother. He will do all kinds of painting, decorating and paper hanging and also carriage painting in which work he is an expert.

The case in which Mike Hlad and John Aszler were charged with assault and battery by Jos. Salitros, all of Culdrum, was dismissed by Justice Randall because of the failure of the complaining witness to appear. Tony Bachowski of Culdrum, one of the witnesses for the defense, left on the afternoon train for LaCrosse, Wis., where he is to be married. There was a misunderstanding and Bachowski understood that the case was continued until some later date.

JUDGE TAYLOR IS NAMED

SUPREME COURT COMMISSIONER —JOHN A. ROESER OF ST. CLOUD SUGGESTS HIM AS JUDGE

Judge Homer B. Dibell, Duluth, and Judge Myron D. Taylor, St. Cloud, were appointed Thursday of last week by the state supreme court, which was called together shortly after it was learned that Governor A. O. Eberhart had signed the bill providing for such appointment. When informed that the court had selected two district judges and thereby created vacancies Governor Eberhart late that night announced that he had named Bert Fesler, a prominent Duluth attorney, and an active democrat, to succeed Judge Dibell and John A. Roeser, St. Cloud, to succeed Judge Taylor.

The court commissioners will have all the duties, responsibilities and emoluments of the supreme court justices except the title and will serve until the people amend the constitution so as to create two additional justiceships. Their appointment is made necessary by reason of the large amount of work which has accumulated before the court.

Both Judge Dibell and Judge Taylor are highly regarded as jurists by the members of the bar. The former is a native of Minnesota, is 44 years of age and has been on the district bench seven years. He studied law at the Northwestern university.

Judge Taylor is a graduate of the University of Minnesota and taught school for two years after graduation, but began the practice of law in St. Cloud in 1881. He was city attorney twelve years, register of the land office eight years and has been on the bench since 1906.

"THE ROSARY"

"The Rosary," the play which was the talk of the country at season, is repeating this season. This successful play of Edward E. Rose's which is founded upon an emblem of purity, is a tale of everyday life in which the good is exalted over the evil, showing the principal character of a Catholic priest as the modern day finds him. It is through the priest that a misunderstanding in the Wilton family is correctly adjusted and the misery and with the valuable moral effects of atonement cleared up. Intermingled the show is a beautiful love story, and also an abundance of comedy that the average theatergoer doesn't expect to witness owing to the title of the play. Undivided strength is attached to the cast.

"The Rosary" with the entire cast, including Rowland and Clifford, have so handsomely given the play will be seen at the Mill, Thursday evening, April 3.

Miss Nan Ogilvie of the Evanston, Ill., high school teaching corps, is spending her vacation at the home of her sister, Mrs. H. H. Tanner. Miss Ogilvie was formerly an instructor in the local high school.

Maurice Richard, for several months reporter and collector at the Herald, has resigned his position and leaves Sunday for Crookston where he will be reporter on the Times.

An error occurred in the Andrew Bednarek death notice in last week's issue. It should have read buried in Polish cemetery instead of in Oak cemetery.
