

Stops Backache

Sloan's Liniment is a splendid remedy for backache, stiff joints, rheumatism, neuralgia and sciatica. You don't need to rub it in—just laid on lightly it gives comfort and ease at once.

Best for Pain and Stiffness

MR. GEO. BUCHANAN, of Welch, Okla., writes:—"I have used your Liniment for the past ten years for pain in back and stiffness and find it the best Liniment I ever tried. I recommend it to anyone for pains of any kind."

SLOAN'S LINIMENT

good for sprains, strains, bruises, cramp or soreness of the muscles, and all affections of the throat and chest.

Get Entire Relief

R. D. BURGYN, of Maysville, Ky., R.R. 1, Box 5, writes:—"I had severe pains between my shoulders; I got a bottle of your Liniment and had entire relief at the fifth application."

Relieved Severe Pain in Shoulders

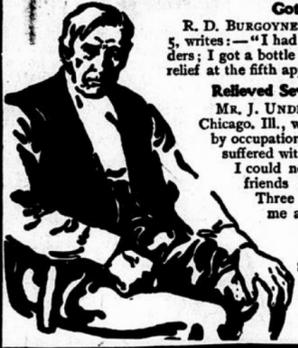

MR. J. UNDERWOOD, of 2000 Warren Ave., Chicago, Ill., writes:—"I am a piano polisher by occupation, and since last September have suffered with severe pain in both shoulders. I could not rest night or day. One of my friends told me about your Liniment. Three applications completely cured me and I will never be without it."

PRIMARY ELECTIONS BILL

Minnesota House Passes Senate Measure After Amendment.

The senate primary elections bill which has been the subject of extended controversy in the legislature, was passed in the house after that body had reinsisted the provisions for nonpartisan nomination of legislative and county candidates and had changed the date of the primary from June to October. Members of the senate elections committee declared that the senate would never concur in the amendment changing the primary to October and that a conference committee would be inevitable.

The bill, which is a redraft of a number of sections of the primary election law passed at the special session, in its present form provides:

Recognition of the Progressive party on the same basis as other parties.

A general primary the first Tuesday in October.

Nonpartisan nominations of candidates for the legislature, county offices, supreme and district courts.

Election of the county surveyor without any primary nominations.

Where there is no contest names of candidates go on general election ballot without being voted on at the primary.

Clause against filing by petition for nonpartisan offices.

Abolition of classification feature of 1912 law as related to nonpartisan offices.

MAY TEST MILK ORDINANCE

Minneapolis Case Going to Federal Supreme Court.

Attacks on the "stringent pure milk" regulations of several large cities are to be made before the supreme court of the United States.

An attempt will be made, shortly after the court reconvenes on April 7, to show that the Minneapolis ordinance requiring the "tuberculin test" of cows supplying the milk brought into the city is unconstitutional. On the same day the court is expected to announce whether it will review a case in the local courts, wherein it was held that milk containing more than a certain number of bacteria was forbidden the channels of interstate commerce by the federal pure food law.

The Minneapolis ordinance was upheld in the supreme court of Minnesota. There an attack was made upon the validity of the test for tuberculosis in cows as being arbitrary and not supported by medical science.

ROASTED TO DEATH.

St. Paul, April 1.—Leaving a young widow and a six-week-old baby George Murphy died at St. Joseph's hospital from burns sustained while he was pinned in the cab of his engine fast against the hot boiler plate. He was virtually roasted to death before he was released. The locomotive had collided with a freight car.

MAY ABOLISH COMMISSION

Committee Favors Change in Minnesota State Printing.

Wiping out of the state printing commission is recommended in a report presented to the lower house of the legislature by the committee on public accounts and expenditures which has been investigating the method of handling state printing. It finds that the commission, which consists of the state auditor, state treasurer and secretary of state, is not able to give the work careful attention. The committee recommends that the printing matter be handled by the state board of control and that the state expert printer be made an employe of that board. A bill embodying this plan was introduced by the committee.

The house after a spirited debate voted to pass the labor committee's bill prohibiting employment agencies from receiving fees from common laborers for obtaining positions for such workmen. Under the measure employers would have to pay the fees.

DISCUSSES PANAMA CANAL

Norwegian Minister Thinks It Boon to Shippers.

St. Paul, March 29.—The Panama canal will be of inestimable commercial value to the Pacific coast of the United States, in the opinion of H. H. Bryan, minister to the United States from Norway, who is making a trip of inspection through this country.

Mr. Bryn is visiting E. H. Hobe, Norwegian consul in St. Paul. He was the guest at a luncheon at the Minnesota club, which was attended by Mr. Hobe, Governor Eberhart and twenty other St. Paul and Minneapolis business and professional men.

Mr. Bryn said he thought the canal would be a boon to the shippers of Europe in shortening the route by water to the Pacific coast, from where so many products are transported. He thought Norway would be one of the greatest beneficiaries of the shortened route.

CARRANZA VERY AMBITIOUS

Proclaims Himself Provisional President of Mexico.

Washington, April 1.—Governor Carranza, at the head of the revolution against the Mexican government in the north, has declared himself provisional president, according to official advices received here.

Studebaker

"I would rather sell you a Studebaker"

When your dealer tells you that you know he's honest. He may have cheaper wagons in stock, but he knows the Studebaker is the best. And so do you. He wants to give such good wagon value that you will come back and demand a buggy made by the same people. Studebakers have been building wagons for sixty years and they have won the confidence of dealer and farmer by building—not the cheapest—but the best wagons. Whether you live in city, town or country, there's a Studebaker to fit your needs. Farm wagons, trucks, business and delivery wagons, surreys, buggies and runabouts, with harness for each of the same high quality as Studebaker vehicles.
