Not Important.

An officious neighbor, observing a bride of two weeks chopping kindling, took occasion to remonstrate with her and to offer some advice on the subjugation of husbands.

The bride did not welcome the suggestions. "Jimmie," she said proudly and haughtily, defending her husband, "has things on his mind of more importance than kindling."

"Well, haven't you?" snapped the would be agitator.

"Why, no," the bride answered modestly, blushing a little. "All I have on my mind is Jimmie."—New York Journal.

Good Reason.

"What makes you carry that horrible shriek machine for an automobile signal?"

"For humane reasons," replied Mr. Chuggins. "If I can paralyze a person with fear he will keep still and I can run to one side of him."—Washington Star.

BILL NOW UP TO THE GOVERNOR

California Legislature Passes Anti-Alien Land Measure.

BRYAN'S MISSION IS FUTILE

Opposition of Federal Government Apparently Had No Effect on the Lawmakers.

Sacramento, Cal., May 3.—The Webb anti-alien land law which prohibits Japanese and Chinese from owning land in the state of California, was passed in the assembly late tonight by an overwhelming vote. As the bill passed the senate early today it now only requires the signature of Governor Johnson to make it a part of the law of the state.

Sacramento, Cal., May 3.—The anti-alien land holding bill drawn by Attorney General Webb passed the state senate by the vote of 36 to 2, after nearly ten hours of debate. The only negative votes were cast by Senators Cartwright, Democrat, and Wright, Republican.

The futility of Secretary Bryan's mission was shown in the vote of his own party. Nine of the ten Democrats voted contrary to the advice which he brought from President Wilson, while not a single Progressive yielded to his expressed wishes.

The principal provisions of the bill are as follows:

First—Aliens eligible to citizenship may acquire and hold land to some extent as citizens.

Second—All other aliens are limited to the specific rights conferred upon them by the existing treaties between the United States and the nations of which such aliens are citizens or subjects.

Japs Cannot Own Farms.

In the case of the Japanese the bill prohibits ownership of farming or agricultural lands, while permitting them to own residences and factories, manufactories and shops.

Third—Leases of agricultural lands by such aliens are permitted for a period of not to exceed three years. There is a question as to whether renewals would be lawful.

Fourth—Aliens ineligible to citizenship cannot inherit land. Upon the death of an alien landholder his property shall be sold by the probate court and the proceeds distributed to his heirs.

Fifth—The state specifically reserves its sovereign right to enact any and all laws in future with respect to the acquisition of real property by aliens.

Sixth—Present holdings of ineligible aliens are not affected except that they cannot be bequeathed or sold to other aliens classified among those not eligible to citizenship.

JAPANESE FEEL OFFENDED

Webb Bill Not Satisfactory to Mikado's Government.

Washington, May 4.—It was learned here that the Webb bill in its present form is not satisfactory to the Japanese government. Although there is possibility of amendment in the lower branch of the California legislature or in conference the conviction obtains that nothing remains to be done, from the Japanese point of view, at present, but to await the return to Washington of Secretary Bryan. Then it will be in order to take the matter up diplomatically, probably the first step being to ascertain whether the administration can be counted on to begin a legal test of the constitutionality of the new act.

If the question between the United States and Japan should not be settled within the next three months it was intimated here that Japan might make a formal request for the submission of the issue to arbitration at The Hague tribunal.

RAILROAD SHEDS DESTROYED

English Suffragettes Blamed for Half Million Fire.

Bradford, Eng., May 4.—Extensive sheds belonging to the Midland railroad, containing much freight, burned here, causing a loss of \$500,000. Nineteen loaded freight cars and quantities of dry goods and carpets were consumed.

Mysterious fires have broken out in these sheds on three successive Friday nights. The militant suffragettes are suspected of arson. The latest fire evidently was incendiary, for the firemen discovered it had been started simultaneously in several parts of the building.

Pope Continues to Improve.

Rome, May 4.—Pope Pius X. continues to progress in the recovery of his health. Every day he descends to his library and devotes several hours to his work.

ROADS WILL IGNORE LAW

Minnesota Legislature Passed a Two-Cent Fare Bill.

Railroad men of the Twin Cities generally say the roads will ignore the 2-cent passenger rate bill, which was signed by Governor Eberhart, until a decision has been handed down in the Minnesota rate case, now pending in the federal supreme court.

The bill provides that 2 cents a mile shall be the legal rate for passengers on all railroads for a distance in excess of five miles.

The fact that the new law does not become effective until Jan. 1, 1914, is sufficient to show why the roads will take no cognizance of the measure. It is almost certain the supreme court will hand down its decision before that time.

If the court upholds Judge Sanborn's decision the 2-cent rate bill will be invalid. If the reverse is true, the bill will become effective.

KILLING OF FLAX INDUSTRY

Minnesota Congressman Accuses Democrats of Murder.

Clad in solemn black and speaking in lugubrious tones of mourning Representative Anderson of Minnesota, in the lower branch of congress, preached the funeral of the death of the infant flax industry in his district and state, which he declared "had not died a natural death but had been murdered at the hands of the Democratic majority." Mr. Anderson referred to the change in the linen schedule in the Underwood tariff bill whereby this product was placed in competition with the Irish and French product upon unequal terms.

The house completed the agricultural, wines and spirits, cotton, flax, hemp and jute schedules. The Democratic majority rolled steadily on, nonchalantly voting down every one of dozens of amendments presented by the Republicans and Progressives.

CRITICISE UNDERWOOD BILL

Three Minnesotans Take Part in Tariff Debate.

Three members of the Minnesota delegation took part in the tariff debate in the lower house of congress and each criticised provisions of the Underwood bill. Representatives Stevens and Miller were provoked to speak by statements made by Representative Stanley of Kentucky, who took occasion to say that iron ore producers are no longer in need of protection inasmuch as nearly all the deposits in Minnesota and elsewhere throughout the country are under the control of the United States Steel corporation.

Representative Anderson, a new member of the ways and means committee, repeatedly charged that in many schedules of the bill the trend is upward instead of downward, as proclaimed by the Democrats.

BUHL MINER SHOTS TWO

One May Die as Result of Feud of Long Standing.

In a shooting affray at Buhl Peter Serratore, forty years of age, a shift boss at the Whiteside mine, was perhaps mortally shot and Dominick Pabatolo was wounded by Dominick Gilberti, employed as a stripper.

In jail Gilberti, who was caught after a chase, expressed regret for the shooting of Serratore, but indicated that he was not sorry for wounding Pabatolo, with whom he has had a feud of some years' standing.

SHOTS HIS STEPFATHER

Boy Says Parent Pursued Him After Family Quarrel.

Adolph Laine, thirteen years old, has been lodged in jail at Fergus Falls on the charge of attempting to murder his stepfather. John Carl, in the town of Paddock, Otter Tail county.

The boy says that, armed with a shotgun, he started for the home of a neighbor after a family quarrel. The stepfather started to pursue him, whereupon the boy turned and fired at the man, wounding him in the head and face.

Woman Burned to Death.

Mrs. Wilhelmina Mercer, aged fifty-one, burned in a fire that destroyed her home at Newport, a suburb of St. Paul, died a few hours later. Her two grandchildren narrowly escaped a similar fate, being rescued by neighbors.

POPE GRANTS AN AUDIENCE

Cardinal Ferrata First to Be So Honored Since Pontiff's Illness.

Rome, May 6.—Pope Pius, for the first time since his illness, gave an audience.

The honor fell to Cardinal Dominic Ferrata, who recently returned from Malta, where he had presided over the Eucharistic congress as papal legate.

The pope expressed deep interest in the congress, inquiring minutely about details of this great religious gathering.

MURDER JURY FAILS TO AGREE

Ohioan Accused of Poisoning Wife Will Be Tried Again.

Springfield, O., May 6.—The jury in the case of Dr. Arthur B. Smith, charged with the murder of his wife by poisoning, reported that they had been unable to reach a verdict.

Judge Hagan declared a mistrial and discharged the jury.
