

TWO FROM JAMESTOWN

LOCAL BALL TEAM LOSES SERIES, BUT TAKES BEST TWO GAMES

The Blues, on their North Dakota trip, had a real interesting session at Jamestown, losing the first three games played to the North Dakota boys, but came back and took the best two games, that of Sunday and Monday. In the first three games our pitchers were not working well, Dominick in the first game, being touched up for eight hits and seven runs in one inning, but Al came back Sunday and gave Jimtown not much, the Blues winning 5 to 2 in eleven innings. In Monday evening's game Butler showed fine form, allowing but five hits, the Blues winning 10 to 3 in seven innings.

Early in the series our boys garnered but few hits, but in the latter games hit the pill in fine style.

The scores of the games follow:
Thursday—Blues 2, Jamestown 9. Local battery—Dominick, Reque and Ericson.

Friday—Blues 0, Jamestown 6. Local battery—Buttler and Ericson.

Saturday—Blues 2, Jamestown 6. Local battery—Sullivan, Ahles and Ericson.

Sunday—Blues 5, Jamestown 2. 11 innings. Local battery—Dominick and Ericson.

Monday—Blues 10, Jamestown 3. Local battery—Buttler and Ericson.

The boys say that they received fine treatment at Jamestown and that the umpiring was good.

Jamestown fans state that the Sunday game was one of the best on their grounds for years, and also admit that all the breaks in the first three games were with the home team.

The Jamestown team had lost but two games before this series this season, so it can be seen that our boys, playing away from home, did fine.

The attendance was good, 1,000 taking in the Sunday game.

The box score of Sunday's and Monday's games follows:

MULHALL CHARGE DENIED BY LODGE

Massachusetts Senator Denies He Ever Knew Lobbyist.

DEMOCRATS ARE MENTIONED

Manufacturers' Agent Expected Democrats to Be "Easy"—Labor's Activities Are Mentioned.

Washington, July 29.—Martin M. Mulhall sat on the witness stand before the senate lobby committee and listened to another senator deny his statements.

Senator Lodge, mentioned as one of many with whom the former "lobbyist" for the National Association of Manufacturers had held political conferences, declared he did not know the witness and never had heard of him until the present investigation began.

Mulhall correspondence read brought him into the year 1911 when the house became Democratic. Majority Leader Underwood, James T. Lloyd of the First Missouri district, chairman of the Democratic congressional committee, and other prominent men.

He wrote in the strain he used all through his letters to J. P. Bird, general manager of the association and other officials, that he expected to have even greater success with the Democratic house than he had boasted he had in the days of Republican rule, but questioned by the committee, said he had been too optimistic in his prophecy.

McDermott and McMichael.

Mulhall took up his relations with Representative J. T. McDermott of Illinois, and I. H. McMichael, one time chief page of the house and confidential secretary to the representative.

He identified what he said was a receipt for \$500 given him by McMichael for services in September and October, 1911, and reiterated that McDermott borrowed money from him which he never paid back.

Senator Reed became deeply interested in talk about a "secret room" which Mulhall said McDermott secured for his use on the lower floor of the west front of the capitol on the house side.

He described that as quite a mysterious place and the committee will inspect it later.

All through the letters Mulhall appeared in opposition to legislation favoring labor. He swore that there was a labor lobby in Washington in which Samuel Gompers, Frank Morrison and other officials of the American Federation of Labor were conspicuous figures.

Former Representative James E. Watson of Indiana, frequently appearing in the Mulhall correspondence, will be the first witness heard after the lobbyist is allowed to go, the committee decided.

Minutes Mean Dollars IN TREATING ANIMALS

Doubtless you know the danger of delayed treatment of colic and other diseases. You also realize that wrongly applied remedies are often worse than no treatment at all. In other words, not to diagnose a disease accurately may prove fatal. Every owner should be able to recognize an ailment and give correct treatment at the first symptoms. Prompt action is the great secret of treating horses.

Minutes mean dollars. Of course proper treatment is always necessary. That is just how Humphrey's 500 page Veterinary Manual will prove so valuable to you. It is by F. Humphrey, M.D., V.S., and teaches how to diagnose and give proper treatment.

This book will save you hundreds of dollars and costs you nothing. It will be sent absolutely free on request to any farmer in order to introduce it.

Humphrey's Veterinary Remedies. Remember, it is absolutely free. You do not have to order any remedies to secure the book. Address, Humphrey's Remedies, 150 William Street, New York City. This is a splendid opportunity to obtain a veterinary treatise that you should have in your library. As a reference work you will find it invaluable. To have it in the time of need will be worth many dollars, whereas it will cost you but a post card by writing for it now.
