A big treat is promised the citizens of this city tonight in the program which is to be given at the auditorium of the new high school for the dedication of the building. The program has been announced for 8 o'clock sharp.

The principal addresses will be made by Dr. Geo. E. Vincent and Geo. B. Aiton, two men who stand high in the educational circles of this state. The former, who is president of the state university at Minneapolis, has appeared here before, and well impressed those who heard him. His last address here was at the 1912 commencement exercises. The latter speaker, Geo. B. Aiton, state inspector of high schools, has also given talks here on school affairs.

Other numbers on the program will be an address by T. C. Gordon, chairman of the board of education, on the subject "The History of the New High School Building" an address by S. C. Vasily on "The History of the Little Falls Public Schools." The Meys' Glee club, the High School Glee club and possibly the Ladies' quartette will give musical numbers.

No admission will be charged the public for this program and all should take advantage of the opportunity to attend.

The new building will be open for inspection of the public between the hours of 3 and 5 o'clock this afternoon, between 7:30 and 8:00 o'clock tonight, just preceding the dedicatory program, and after the exercises. Guides will show the visitors about the building.

ST. PAUL PAPER SAYS HE WOULD ACCEPT NOMINATION FOR GOVERNOR

St. Paul, Minn., Jan. 7.—The Dispatch this afternoon says: Word has been received by St. Paul Progressives indicating that Congressman Charles A. Lindbergh of the Sixth Minnesota congressional district, will be the progressive candidate for governor, if his candidacy meets with the approval of the Progressives' conference to be held in St. Paul Feb. 12. Many progressives are urging Congressman Lindbergh to enter the gubernatorial race, and it is said he will consent if the Progressives as a body desire him to become a candidate.

MAY GET A FEDERAL RESERVE BANK HERE

At the annual meeting of the stockholders of the Merchants' State bank of this city Tuesday it was decided to make application to the secretary of treasury, Washington, D. C., for the designation of the bank as a federal reserve bank. This is possible under a new law which provides that a bank in each district in every state be made a federal reserve bank. In the election of officers for the bank for the ensuing year G. F. Kirscher was re-elected president, J. Moeglein cashier and C. A. Sprandel, Jac Kiewit, Robert Muske, Jos. Moeglein and G. F. Kirscher, directors.

PIERZ POSTOFFICE IN PRESIDENTIAL CLASS

It is said that the Pierz postoffice has passed from a fourth-class to a third-class office, due to the increase in the receipts. This also takes the office from under the civil service provisions, and makes it presidential. Under these circumstances there will likely be an appointment of one of the Pierz democrats as postmaster in the near future.

CITY RESTAURANT LEASED

The restaurant, which has been operated for some time by Mrs. A. Larson, has been leased to W. A. Cross, who now runs the Gem Cafe on the West side. Mr. Cross will dispose of his case on the West side and take possession of the City restaurant Jan. 15.

The city band will give a dance at the Elks hall this evening to raise money for the purchase of music and instruments.

COUNCIL ALSO ALLOWED BILLS AMOUNTING TO OVER \$2,300 MONDAY NIGHT

The city council met in regular monthly session at the city hall Monday evening. Aldermen Hall, Carlson, Parshall, Peterson, LaFond and Kaliber were present.

City Attorney A. H. Vernon announced that the demurrer which had been filed with the judge of the district court in the case of Mrs. Catharine Marshall, had been overruled, but that it could be brought before the supreme court. He suggested that the city fight the case and that the city engineer be instructed to draw a sketch of the walk and surroundings where the accident happened. The contention of the defendant's attorneys is that the depression in the walk where Mrs. Marshall was injured was about an inch and a half. Others who know of the walk and the defect state that the depression was less than half an inch. The city has 15 days in which to make an answer to the offer of compromise for \$850 damages. The question of liability is so great that it was advised by the city attorney to fight the case to a finish.

Alderman Parshall was the father of three ordinances. One was an ordinance prohibiting persons whom the keepers of saloons or other public places, are required to exclude, from entering such places, and making such violation a misdemeanor. Another ordinance was one regulating the sale of liquor to minors, drunkards, and posted men and making it a misdemeanor for them to buy liquor. A third ordinance related to the sale of tobacco, cigars, cigarettes, cigarette papers, tobacco, etc., to minors, making it a misdemeanor for them to purchase these goods or to engage in any game of chance. All the ordinances, if adopted, would serve to protect the proprietors of saloons and other public places of this nature, whereas at the present time the proprietor alone is responsible. Each member of the council has been given a copy of the ordinances and it is expected that they will be taken up at the next meeting.

A resolution was passed ordering the construction of a six-inch water main on the West side, beginning at the intersection of Second street and Second avenue southwest and running west to seventh street and Second avenue and south on Seventh street to the intersection of Seventh street and Third avenue southwest. The resolution also provides for the installation of a hydrant at each corner beginning with the intersection of Third street and Second avenue.

The city band was granted the use of the city hall one night each week for which evening the hall would be heated by the city hall janitor. They will have the use of the hall until 11 o'clock on that evening.

Alderman Kaliber suggested that the ordinance relating to the removal of poles, standards, etc., from the streets on which the white way has been installed, be given its first reading and a vote taken on it. Alderman Hall asked that the company be given more time in which to consider the matter. This was not at first satisfactory to Alderman Kaliber, as he was afraid that the ordinance would be continually laid on the table, until his term of office as alderman expired and that it would then die out. The remainder of the aldermen present were in favor of laying the matter over for another month and nothing more was done with it.
