

ROYAL BAKING POWDER

Is the Housewife's Greatest Help.

WHAT so tempting to the laggard appetite as a light, flaky, fruit short cake or a delicate hot biscuit?

Royal makes the perfect short cake, biscuit and muffin, and improves the flavor and healthfulness of all risen flour-foods.

It renders the biscuit, hot-bread and short cake more digestible and nutritious, at the same time making them more attractive and appetizing.

Royal Baking Powder is indispensable for the preparation all the year round of perfect foods.

minutes mean dollars in treating animals

Doublets you know the danger of delayed treatment of colic and other diseases. You also realize that wrongly applied remedies are often worse than no treatment at all. In other words, to not diagnose a disease accurately may prove fatal. Every owner should be able to recognize an ailment and give correct treatment at the first symptoms. Prompt action is the great secret of treating horses.

Minutes mean dollars. Of course proper treatment is always necessary. That is just how Humphrey's 500 page Veterinary Manual will prove so valuable to you. It is by F. Humphreys, M.D., V.S., and teaches how to diagnose and give proper treatment.

This book will save you hundreds of dollars and costs you nothing. It will be sent absolutely free on request to any farmer in order to introduce Humphrey's Veterinary Manual. It is absolutely free. You do not have to order any remedies to secure the book. Address, Humphrey's Homeopathic Medicine Company, 156 William Street, New York City. This is a splendid opportunity to obtain a veterinary treatise that you should have in your library. As a reference work you will find it invaluable. To have it in the time of need will be worth many dollars, whereas it will cost you but a post paid by writing for it now.

company in Minneapolis, which called itself the Western School of Acting, was brought to a close Monday by Thomas Gleason, a Minneapolis detective, according to an item in a Minneapolis paper of that date. The arrest followed a complaint made by a musician living in Minneapolis, who said that she had paid \$10 to get booked for a tour. She said that the men refused to return her money.

The company opened for business last week, after doing a great deal of advertising and getting furniture and musical instruments from the dealers on the installment plan. A number of people were lured to their place, only to be liberated of any money they might have and then be turned away.

According to the item in the Minneapolis paper people from Little Falls, as well as from many other Minnesota cities, were victims of the schemers.

TO THE VOTERS OF THE CITY OF LITTLE FALLS:

At the request of numerous friends, and after due consideration, I have decided to place my name before the voters of the City for the office of Mayor. As to law enforcement, the law is plain, and it is my firm purpose, if elected, that it shall be enforced.

Having been a citizen of Little Falls for 33 years and having served on the first city council, I believe now, as I did then, in a bigger and better City of Little Falls. My motto shall be, if elected "a square deal to all."

PITS PRISON PLANT VALUE AT \$5,898,718.

Pioneer Press: The state penitentiary at Stillwater is valued at \$5,898,718.67 in a report submitted to Governor Eberhart today by Andrew E. Fritz, public examiner. The examination was made by O. H. Mavill, assistant public examiner, and covered the fiscal year ending July 31, 1913.

The valuation includes lands and buildings worth \$3,347,882.63, material for manufacturing, supplies, tools and machinery, bills receivable amounting to \$1,336,122.15 and minor items.

The report shows that the twine sold brought \$1,582,612.36 during the year. Of this 15,208,990 lbs went to Minnesota farmers, North Dakota got 1,007,405 pounds, and 300,000 pounds were shipped to South America. Other states received smaller amounts.

The average number of inmates during the year was 895. During that period 517 were received, 158 paroled, and 106 discharged, transferred or died. The number on August 1 was 1,069, of which number 214 were Federal prisoners.

The inmates earned a total of \$180,103.49 for the state during the year, estimating the work of those in the shoe plant at 63 cents a day and in the twine plant at 75 cents. Of this amount \$49,305.14 goes directly to the prisoners for extra work.

The disbursements per inmate were \$217.20, and the net profit per inmate \$404.20.

The twine plant showed a net profit for the year of \$372,354.52, the farm machinery plant a profit of \$16,109.62. Mr. Mavill finds the books well kept.
