Poor Blood is Responsible

for much sickness and suffering because its quality determines our resistive power. With poor blood we are languid, susceptible to colds, lack natural energy and ambition, and the gradual decline of strength makes prompt and careful treatment necessary. Drugs or alcohol cannot make blood and must be avoided.

SCOTT'S EMULSION is nature's grandest blood-maker because of its wholesome medical nourishment, carefully predigesting that assimilates without taxing digestion and quickly increases the red corpuscles of the blood, strengthens the organs and tissues and rebuilds the whole system.

Absolutely nothing compares with SCOTT'S EMULSION to purify and enrich the blood to overcome or avoid anaemia. It is totally free from alcohol or opiates and your health depends on the purity of SCOTT'S.
