## To the People of Morrison County

If you were to make a contract with a man for his services for a term of years, and could contract with one who was in your employ, was familiar with your business, was competent in every way, had given you satisfaction, you would make the contract with him in preference to one you had not tried and was not familiar with your business, wouldn't you?

Why not apply this principle in selecting your county officers to do your work?

I am a candidate for clerk of the district court, and respectfully solicit your support and vote.

Yours very truly,

**E. A. Kling**
