EAST DARLING

August 5.—The Sunday school of the Swedish Lutheran church will hold a picnic at John Fredrickson's place near Darling station next Sunday, beginning at 1 o'clock p. m. All should bring something to eat. A collection will be taken up for the benefit of the school. In case of rain the picnic will be held at the church. All are invited to attend.

Mrs. August Lindahl was the victim of a pleasant surprise Friday afternoon, the occasion being her birthday anniversary. A number of people came out for the party in the evening, making the trip by auto. She received many presents. Refreshments were served.

A large number attended the dance at Green Grove Farm Saturday evening. A number of people from Little Falls came out for the dance.

Miss Anna Wing returned to her home in Watertown, S. D., Saturday, after a visit with relatives in this vicinity.

A dance was given at the Prospect Grove Farm Tuesday night. All had a good time.

Mr. and Mrs. Frank Anderson, who returned to Darling last spring, state that there is no place like Darling, Minnesota is too hot a place in the summertime, they say.

Services were held at the Mission church Sunday.

John Fredrickson has had new potatoes since the Fourth of July. They are big ones too.

MEN are learning the truth about chewing tobacco. "Right-Cut" is the Real Tobacco Chew. A clean, small chew satisfies you. Leaves a clean after-taste in the mouth—not the thick, foggy taste that the ordinary chew forces on a man. That's one of the reasons why men are so eager to tell their friends about "Right-Cut." Made of rich, sappy tobacco—seasoned and sweetened just enough.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco tastes comes, how it satisfies without grinding, how much less you have to spit, how few cherries you take to be tobacco satisfied. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

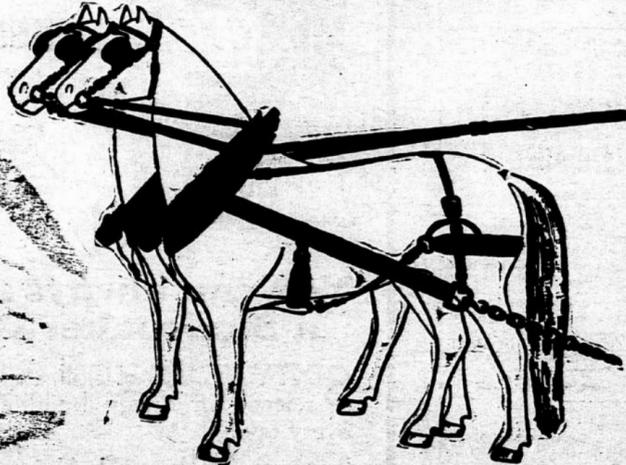

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

If your dealer does not sell it, send us 10c. in stamps for a pouch of "Right-Cut" Chewing Tobacco.
