"STATE FORESTS DAY" PROCLAIMED

Whereas the last legislature passed a measure known as "No. 9, the State Forests Amendment," providing that such state lands as are better fitted for growing forests than for farming be set aside and be managed by the state as State Forests; and,

Whereas Amendment No. 9 is to be submitted to popular vote November 3, it is worthy of careful consideration by everyone interested in the public welfare; and,

Whereas this measure will affect particularly the public school fund, it is deemed fitting and proper that the subject of "State Forests" receive particular consideration in our public schools.

Therefore, Wednesday, October 28, 1914, is designated as "State Forests Day," to be observed in every public school with appropriate exercises and discussions upon the subject of State Forests in their relation to the public well-being.
