

SHORT COURSE AT HIGH SCHOOL

COURSE WILL OPEN NOVEMBER 30—WILL LAST THREE MONTHS

The regular, yearly short course of the Little Falls high school opens the last day of November. It was thought best to open it at this time for several reasons. The farmer girl or boy is busy at all times but less so during the winter months. By this time the plowing will be done, most of the corn and other field work finished. As the course lasts three months there will be ample time to prepare for spring work.

The purpose of this course is to give such girls and boys who cannot attend the regular high school course, an opportunity for further education. The course is intended for girls and boys from the farm who intend to make farming a life work. Every effort will be made to make the course helpful along these lines of work.

The books are furnished and students will not be charged for tuition. The following subject will be taught: English, penmanship, spelling, manual training and domestic science. Further announcements will be made about the different subjects given in later issue of the local papers.

HELD UP TWICE BY SAME BANDIT IS CAUGHT

Two men, who were beating their way from the harvest fields, arrived in this city yesterday morning and complained to a conductor that they had been held up by a bandit. They said that they had been held up and robbed at Carrington, N. D., and again at Detroit, both times by the same man. They were relieved of a total of \$67.

The victims caught a morning freight from here and learned that the bandit was on board the same train. He got off at Sartell, as did the holdup victims, and started out to Sauk Rapids on foot. The St. Cloud authorities were notified to watch for him and to stop the train in event he got back onto it, but he was arrested at Sauk Rapids later, having walked from Sartell to that place. The two men who were robbed identified him.

CLINT AND BESSIE ROBINS AT VICTOR

The Clint and Bessie Robins company opened a four night engagement at the Victor theatre last night. There are fourteen people in the company, Clint and Bessie Robins being the leading man and lady. A different repertoire is staged each night. The company has its own cabaret orchestra.

ALL STARS MAY PLAY HIGH TEAM

PLAYERS MAY BE BOUNDED UP FOR GAME WITH HIGH ON THANKSGIVING DAY

Little Falls All Stars and Little Falls High School, these are the names of two local teams which will likely clash for honors on the afternoon of Thanksgiving Day, at the fair grounds, according to plans now under way.

Several of the former players on the high school team who are now attending college will be home for Thanksgiving, among them being Joseph Diehrich, Chester Longlev and Ervin Dunphy. Victor Brannen, also a former high school football player, who has been employed at Hibbing for some time is now home, and has signified his willingness to play with the All Stars in event the game is scheduled. Others who are slated for positions on the team are Howard Clark, Herman Tanner and Leo Dominick.

If plans materialize the football enthusiasts of this city will have an opportunity to witness a great game on that day, as the high school has a very fast team this season, having lost but two games out of six played. Their lineup would no doubt be the same as in past games.

DIEDRICH QUARTERBACK FOR GOPHERS

Joe Diedrich of this city is scheduled to hold down the quarterback position for the Gopher football eleven in a game with Wisconsin tomorrow. The twin city papers, in speaking of Diedrich, praise him very highly, and even say that he "has it on Erdahl," the regular quarterback. Diedrich has been substituted for Erdahl, on account of the latter sustaining injuries in the game with Illinois.

OFFICIAL RETURNS NEXT WEEK

On account of the official canvass of the election returns not yet having been completed at the time of going to press we are unable at this time to give the official returns. Complete returns of the vote cast for governor and all candidates on the county ticket, except those who had no opposition will be given next week. The official canvass thus far shows practically no changes in the figures as given out last week.

CIVIL SERVICE EXAMINATIONS

The United States Civil Service commission announces an open competitive examination on December 12, 1914, in this city, to fill the vacancy of rural carrier at Swanville. The compensation for rural carriers is based upon the length of the route and ranges from \$484 to \$1,200 per year. Application forms and full instructions can be secured from the secretary of the local examining board.

It is now nearly two weeks since the time for the Little Falls-Darling Gas company to purchase a site for their plant expired, but as yet no site has been purchased, and nothing has been heard from the company since they were asked for an extension of time and a release from the bond.

HIGH TO ANOKA TOMORROW

PLAY THERE IN MORNING AND THEN GO TO MINNEAPOLIS FOR BIG GAME

Early tomorrow morning the local high school football team will take the train for Anoka, where they will tackle the Anoka high school eleven. The game will be played in the morning. The local team will be lined up practically the same as in the past games, except that Levine and Kaye may be unable to be in the game, both having sustained broken noses in recent games.

A number of fans expect to accompany the team to Anoka for the game, and in the afternoon all will go to Minneapolis to see the big game between the Gophers and the Badgers. They are anxious to see this game, as it is the last one on the home grounds, and as Joseph Diehrich of this city will hold down the quarterback position for Minnesota.

On Saturday, November 21, the Navy and Orange eleven will journey to St. Cloud for a return game with that team. They were defeated by the down-river boys two weeks ago but are hopeful of winning this contest. The St. Cloud game may be the last of the season for the local team.

DITCHED CAR TO HAVE DOG

As the result of trying to keep from running over a dog with his automobile, William Peterson of the West side, landed his machine in the ditch on the north side of Broadway and Fourth streets west, Sunday afternoon. Peterson, with a brother and another passenger, were going west on Broadway, and the dog was running in front of the car, very near one of the wheels. The driver turned to the side to prevent running over the dog, and the right back wheel of the car struck a piece of wood, causing the back of the car to jump off the pavement into the ditch. The wheel was knocked off but otherwise the car was undamaged. The passengers escaped with a severe jolt.

COUNCIL MEETS TUESDAY NIGHT

The city council will meet in regular adjourned session at the city hall Tuesday evening of next week. The committee appointed to confer with the library board in regard to bills presented to the council, may report at this time.

City Attorney Vernon will also advise the council to settle the claim of Mrs. Catherine Marshall of Iowa Falls, Iowa, for damages sustained in a fall on a sidewalk on the west side. The case was carried into the district court last spring and Mrs. Marshall was awarded damages amounting to about \$1,950. She has agreed to settle for \$1,700, however, and the city attorney will advise the council to make a settlement.

Messrs. and Mesdames M. V. Wetzel, John Wetzel and A. Simonet will entertain a number of friends at a dancing party at the Elks hall next Tuesday evening. Bastien's orchestra will furnish the music. Cards will furnish the entertainment for those who do not dance.

Miss Burdette Carlson, daughter of C. E. Carlson of this city, who is employed as stenographer at St. Paul, is dangerously ill at the hospital in that city. STATE ROAD NO. 2 CONTRACT

The secretary of the local commercial club is in receipt of a letter from the state highway commission, in answer to a letter to that body, in which the club asked that the commission investigate the letting of bids for the construction of one mile of roadway on state road No. 2, just north of Little Falls. The contract was awarded to Brown & Batters, they being considered the lowest bidders. Mr. Kipley, who also bid for the work, complained to the county commissioners saying that under his bid the work could have been done for less money.

The state highway commission, in its letter, stated that nothing could be done in the matter, and enclosed an explanation from District Engineer A. J. Penn, which was much the same as that published by him in last week's issue of the Herald. The commissioners at the Tuesday meeting approved the contract.

TALKED ON WOMAN SUFFRAGE

MISS JOSEPHINE SCHAIN MADE FINE PLEA FOR CAUSE AT CLUB MEETING

A very interesting meeting was held by the literary section of the Musical Art club Tuesday evening at the library parlors, at which Miss Josephine Schain, lawyer, and writer for the Minneapolis Tribune, gave a talk. The attendance was very good.

Miss Schain spoke in favor of woman suffrage and her address was highly interesting and instructive. She told of the beginning of the equal suffrage movement in the middle of the nineteenth century, and its gradual but steady growth to its present large proportions. Many reform measures which have gone into effect in the past were brought about directly through the demand for them by women. She stated that the arguments of opponents of equal suffrage against giving women the ballot are of less weight than formerly, as the woman is not only in the home, but has entered into many lines of endeavor—in factory, office and business lines and educationally her advancement has been great.

The idea some have that granting the women the ballot would cause the homes to become disrupted and discordant, is erroneous, she said. It will tend to improve the home, as matters which effect the well being of the home are now considered political in their nature and matters with which women are naturally conversant. Inasmuch as the men and women are equally affected by problems of a social or economic character, they should work together for their solution.

Mrs. Chas. Jensen sang a group of songs and Miss Noella Duolos rendered two selections on the piano. Both were very well received.
