FARMERS HELD MEETING

The Rice Lake Farmer's club held an enthusiastic meeting at the school house Thursday evening of last week. The weather was rather unfavorable for a good turnout but nevertheless the attendance was very good. An excellent program of recitations, readings and music was carried out, after which the farmers held a discussion on corn judging. This was followed by a corn contest and the awarding of prizes, offered by the club. After the prizes had been awarded the farmers enjoyed a lunch, prepared by the refreshment committee and this was followed by a social time.

HAD NORRAW ESCAPE

Dr. E. P. Hall of this city had a narrow escape from being hit and possibly killed by a passenger train Thursday evening of last week when he drove over the railroad crossing on Broadway west. The Winnipeg Flyer swung around the curve near the West hotel just as he drove onto the main tracks. He did not have a whip and yelled at the horse, which jumped ahead and pulled the rig over the tracks just as the train passed.

LOCAL TRAIN TIME CHANGED

Several changes were made in the local train time last week, the change taking effect at midnight last Saturday night.
No. 2, west bound, now arrives at 5:10 a. m. instead of at 4:55 a. m. This train does not stop here except to discharge passengers.
No. 9, west bound, leaves at 12:42 p. m. instead of 12:45 p. m.
No. 11, the Brainerd local, arrives at 10:55 p. m. instead of at 11:05, and leaves at the same time as before.
No. 14, the Winnipeg Flyer, arrives at 7:34 p. m. instead of 7:55.
No. 31, the noon local to Brainerd, leaves at 12:47 p. m. instead of 12:50.
No. 32, the afternoon local from Brainerd, arrives at 2:07 instead of 2:05 p. m.
All other trains continue on the old schedules.

SPRANDEL IS ERECTING NEW BUILDING

The old building on First street southeast which formerly housed the California Wine House, has been razed this week, and a new two-story brick building will be erected in its place this winter by C. A. Sprandel.
Work on the new building will be pushed as fast as possible and if the present mild weather continues for a time the building may be ready for occupancy by next spring. The first floor will be made into a store room and the second floor will be devoted to flats or office rooms.

STATE CENSUS IN 1915

According to the custom of the past of counting the population of Minnesota on the fifth year following every national census, the state will make the count next year, 1915. Population, sex, color, age, nativity, parentage and occupation statistics must be gathered, and this requires at least four months' time to complete. The census cannot be taken, however, unless authorized by an act by the next legislature. The total cost of the 1905 census was \$65,000.

LIVE IN LITTLE FALLS

Grey Eagle Gazette (19): Mr. and Mrs. R. H. Sliter and younger children will make their home for the winter at Little Falls, expecting to move there in the course of a few days. Miss Beatrice Sliter, who is engaged as a teacher in the Little Falls public schools, will make her home with her people there.

MUNICIPAL QUIRIES ANSWERED QUICKLY

The General Extension Division of the University of Minnesota has a bureau—known as the Municipal Reference Bureau—which was created to answer questions as to municipal affairs. It is in charge of G. A. Gesell, and some interesting questions come to it for solution. Only recently a city official wrote to Mr. Gesell asking for information as to whether curfew ordinances are good or not. It is not an uncommon thing for a city official to write asking the bureau to draw up for him a model ordinance of some kind or other. But the range of questions answered by the bureau is almost unlimited. One community wants to know how to handle a certain utility; another is seeking to discover the best sort of paving for a certain soil; still another is wrestling with the problem of garbage disposal, and yet another through some official has an accounting system to install. Instead of growing tired of unraveling such riddles, however, the bureau is glad to have them come. In fact, the General Extension Division of the University is hoping the bureau will be called upon by more and more communities. It was created for just that purpose, and the more questions received the more certain will the creators of the bureau be that they have met a genuine need.

Allison, known by a number of Little Falls people, has been selected as left end on the all-star football eleven selected from the college conference. Allison is a student at Carleton college and showed great ability as a football player in games with that team.

BOYD SAVES MEN IMPAIRED ON CASHIER'S CAGE

Ray Boyd, formerly clerk at the Buckman hotel here and well known to local people, but who is now employed as clerk at the Vendome hotel in Minneapolis, saved two painters who were at work in the hotel from a very painful position in which they might have been held a whole night, had he not answered a burglar alarm which was accidentally set into operation. The men were painting in the hotel cafe and were on a scaffold over the cashier's cage. The scaffolding gave way and they were precipitated down a distance of 10 feet and were impaled on the pickets at the top of the cage. The force of the impact set off the burglar alarm and Boyd went to the cafe to locate the trouble, and found the men hanging on the top of the cage. Several hotel guests were called and the men were rescued from their perilous position. One of the men had been pierced in the left side by a picket and the other was stabbed through the leg. Had the men landed on the pickets in a different position it might have meant death. As it was their injuries were minor.

CELEBRATED SILVER WEDDING

Mr. and Mrs. Andrew Tholen celebrated their silver wedding last Sunday. A large number of relatives were present. Out-of-town guests were Mr. and Mrs. John Olson and daughter Mildred of New Richmond, Wis., Mrs. Olof Tholen and daughter Alpha of St. Paul and Elmer Olin of New Richmond, Wis.
Mr. and Mrs. Tholen received many beautiful pieces of silverware as a remembrance of the occasion.

PARTY GOT EIGHT DEER

Eight local men on Friday returned from Tamarac with eight deer to show for ten days spent at hunting the big game near that place. The following composed the hunting party: F. D. LeBlanc, Jos. LeBlanc, Matt Blake, Ed. Ludewig, Dr. G. M. A. Fortier, Leo Moran, Geo. Coons and Wm. Beveridge.

John Eckerson, the 4-year-old son of E. Eckerson of Green Prairie, was operated upon Thursday of last week at the Hall hospital for complications following a bad attack of pneumonia.

NAME YOUR HOME
Isn't it embarrassing to be advertising some other fellow's home every time you tell where you live? Don't say, "I live about two miles from, well say, Claremont or Spring Grove." Say "I live at Forest Lawn or Maple Nook." After you have decided on the name come to the Herald office and get some neat stationery printed. Our Job Department is ready to turn out some of the nicest letterheads you ever saw for our farmer friends.

REMEMBER THIS ON WASHDAY

The following practical suggestion for wash day is taken from an article on the subject in the current issue of Farm and Fireside:
"For fruit stains on table linen or other white goods, boiling water is the best and safest remedy. Stretch the stained portion, before it is wet, over a pan or pail, and pour boiling water through it until the stain disappears. It will not take long, but the water must be actually boiling when it is taken from the fire."

C. A. Sprandel has disposed of his interests in the New Pierz State bank to S. P. Brick, who now holds a controlling interest in that institution.

John Pearson returned Friday from the northern part of the state, where he spent several days hunting deer. He brought back a good sized trophy.

Services will be held in the Mission church at Darling next Sunday, November 29, at 10:30 a. m. Rev. J. Albert Peterson will deliver the sermon.

John Swanson of Illinois, a brother of Gust Swanson of Darling town, has purchased the Andrew Carlson farm, of 120 acres in Green Prairie. He takes possession in the near future.

MERCHANTS COME AGAIN IN FEBRUARY

The merchants short course, given last February, under the direction of the General Extension Division of the University of Minnesota, will be repeated in February, 1915. The course last winter lasted one week and the classes were in session, morning, afternoon and evening. It was a crowded week and more than one hundred and fifty merchants from all over the state were present. Talks and addresses were given by experts in accounting, store management, advertising, window dressing, and other details of retail store management. Those who attended were so enthusiastic that it was decided to make this course an annual event. It is expected that the attendance next February will be double that of last February. An interesting and profitable program will be prepared, and it will be to the interest of every retail merchant to come himself and send some of his clerks. This is an effort to give professional training to what has been a rather unorganized branch of business.

Dr. Schwartz, the Minneapolis eye sight expert, will be in Pierz, Minn., Pierz hotel, Tuesday, Dec. 8. He relieves most headaches and all other eye strain afflictions, by glasses. See him. Adv-30

Safety First!

There's a sage Farmer not many miles from this town, who once told us this sure formula to tell a mushroom from a toadstool.

"If you live, it's a mushroom."

There's a similar element of risk in the buying of cheap clothes. It is all a question of whether you want to risk \$12 or \$15 on a chance, or invest \$18, \$20 or \$25 on a certainty.

At the Live Store we can sell you a \$15 suit as good---and probably better---than you can get anywhere else in this county.

But for \$5 or \$10 more we can give you a Kuppenheimer suit---and a Kuppenheimer suit is what might best be described as a "dead sure thing."

You need never worry about discovering---too late, alas---that your mushroom was a toadstool.

And to make assurance doubly sure, both this store and the makers stand behind Kuppenheimer Clothes with a double guarantee that insures your lasting satisfaction or your money back without a quibble or a frown.

"Safety First" in your clothes buying!
