

LITTLE FALLS HERALD

VOL. 27 NO. 6

LITTLE FALLS, MORRISON COUNTY, MINNESOTA

FRIDAY, APRIL 16, 1915

SAWMILL WILL START MONDAY

WILL RUN WITH DAY AND NIGHT SHIFTS—DRIVING ALSO TO START MONDAY

Next Monday the saw mill will begin operations for the season. The day and night shifts will be continued the same as last year. Heads of departments, sawyers, etc., will be the same as last season. A trial run will be made tomorrow afternoon so that everything will be in readiness to begin work Monday morning. The beginning of operations is several days later this year than last. In 1914 the mill started sawing on April 15.

During the past winter the usual necessary repairs have been made. A new log slip has also been constructed to replace the old one, which has been in service for a number of years.

Plenty of logs are now on hand, logs having been brought down by rail all winter. It is estimated that there are over 30,000,000 feet of logs in the river at the east landing.

Driving will also begin next Monday. J. S. Murphy will put on a crew of about 75 men who will start driving from this city and will work to Minneapolis.

CLUB MEETINGS

Attention is again called to the Farmers' Clubs meetings, which will be held as reported in this paper. Dates are April 19th to 24th.

Mr. Chapman will speak at the meetings. The address on poultry and better farming will be a good one. Mr. Chapman spoke to the Little Falls Commercial club and the farmers were very much pleased with his excellent address.

Darling Club

The Darling Farmers' club will also hold a meeting the 16th of April, Friday this week. Four of the members of the high school faculty will speak to the club as follows:

W. H. Gustafson, Agriculture, Soil Fertility.

O. C. Smith, Manual Training, Rope Splicing and Tying.

S. N. Swanson, Science, Pure Foods and Food Adulteration.

M. W. Zivov, Principal, The Farmer and Bookkeeping.

MUSICAL ART CLUB

The Musical Art club will hold a regular meeting at the high school auditorium this afternoon, beginning at 4:15 sharp. Election of officers for the ensuing year will take place. The following program will be carried out by student members:

On the Meadow.....	Liehn
Agnes Nelson.....	Schumann
Romance.....	Nina Venners
Barcarolle.....	Enna
Vina Holm.....	Ernest
Chapel Thoughts.....	Irene Flack, Elsie Flack
Butterfly.....	Nina Ashcraft
Reverie.....	MacDowell
Tarantelle.....	MacDowell
Helen Dunphy.....	

BOARD OF PUBLIC WORKS

A meeting of the board of public works was held Tuesday evening, but on account of the absence of the city clerk nothing was done and adjournment was taken to 7:30 this evening.

The members of the board, S. C. Vasaly, G. H. Enke and Jos. Masog went over the ground for the proposed sewer on Second street southeast yesterday afternoon to see what could be done in regard to shortening it and changing the course of the proposed outlet. The matter will likely be settled at the meeting this evening. Organization will also be perfected.

WILL BUILD ADDITION TO GARAGE

E. P. Farrow will erect a 30x70 foot addition to his garage on First street northeast, and expects to begin work on the same Monday morning. The addition will be built to the rear end of the garage. It is likely that a special session of the council will be held today to grant Mr. Farrow a building permit.

Joseph Eich has purchased the R. Sliter residence on Third street northeast.

The city council will hold a regular meeting at the city hall next Thursday evening to receive bills for the street sprinkling for the summer season.

R. L. Donovan of the extension division of the state university was here on business Tuesday. He visited the state demonstration farm, owned by Sam Hammerbeck.

Wm. Kumpf of Belle Prairie has been committed to the detention hospital by Judge of Probate E. F. Shaw. He was taken there yesterday by Deputy Sheriff A. A. Fueger.

The assessors will hold a meeting at the county auditor's office on Thursday, April 29, at which time they will be given their books and will receive instruction in assessing by the county auditor.

Miss Bessie Pierson of this city, who has been employed as stenographer for S. C. & L. W. Vasaly, attorneys, has gone to Pine River to take a similar position. Miss Ellen Janski has taken the position at the Vasaly office.

Miss Evelyn Blake, who has been employed as trimmer in a millinery store at Pine River, has returned to her home here, called by the illness of her sister, Gertrude, who is suffering with inflammatory rheumatism.

Chas. Williams of New York, a pocket billiard expert, gave an excellent exhibition at the Smith billiard parlors Tuesday evening. He made more than 40 fancy shots and showed very clever work with the cue.

RAILWAY MONEY SUBSCRIBED

STOCK SUBSCRIPTIONS NOW BEING COLLECTED—SURVEY IS COMPLETED

The committee on stock subscriptions for the Minneapolis & Central Minnesota railway company has completed work, having secured the required \$5,000. It is expected that the money will be collected soon. The surveying crew has completed work and is now ready to get the right of way for the railroad. The blue prints have not yet been made but they will be ready soon.

A meeting of the Commercial club was held last night to make arrangements for collecting the money and turning over the first payment of \$1,500 for the completion of the survey. Other matters pertaining to the railroad were also taken up but as the meeting was held after going to press no particulars can be given.

HANN'S JUBILEE SINGERS AT VICTOR APRIL 23

The Hann Jubilee Singers will give a concert at the Victor theatre on Wednesday evening, April 23, under the auspices of the Elks lodge of this city. There are seven people in the company and they are said to be very good. They give an excellent variety of songs, including everything from old plantation melodies to opera selections. A feature of the company is Mrs. Florence Cole Tobert, soprano and W. P. Tolbert, violinist. The proceeds of the entertainment will go into the Elks fund for erecting a new home.

MARRIED

Miss Agnes Nagorski, daughter of Mr. and Mrs. S. Nagorski of Swan River and Frank Schrieber, son of Mr. and Mrs. Lucas Schrieber of this city, were married Tuesday morning at 10 o'clock at the St. Stanislaus church at Swan River. Rev. Fr. Gosporoff officiated.

The bride was attended by her sister, Miss Marie Nagorski and by Genevieve Schrieber, sister of the groom. Joseph Schrieber, a brother of the groom, and Edward Wojciechowski, were best men.

The bride wore a dress of pale blue silk crepe de chine, and a wreath and veil, and carried cream roses and carnations. The bridesmaids wore dresses of white silk and carried carnations.

Following the wedding ceremony a bounteous wedding breakfast was served at the home of the bride's parents, of which a number of relatives and friends partook. The afternoon and evening were spent at dancing at the Wojciechowski hall at Flenburg. Mr. and Mrs. Schrieber will make their home on First avenue southwest, in this city.

Miss Rose Bastien, daughter of Mr. and Mrs. John Bastien of Belle Prairie, and Arthur LeBlanc, son of Mr. and Mrs. J. LeBlanc of Belle Prairie, were married Monday morning at 9 o'clock at the St. Francis Xavier church, Rev. Fr. Lamothe officiating.

The bride was dressed in white silk de chine and wore a wreath and bridal veil. She carried lilies of the valley and roses. Miss Lillian LaFond was bridesmaid. She wore a dress of pale blue silk and carried pink carnations. Arthur Bastien, a brother of the bride, was best man.

After the wedding ceremony the bridal party went to the home of the groom's parents in Belle Prairie, where a bounteous wedding breakfast was served. Only immediate relatives and friends were present. In the evening they were entertained at the home of the bride's parents.

Mr. and Mrs. LeBlanc will make their home on the old L. E. Richard place at Oak Ridge.

Edmund Houle of Belle Prairie and Miss Amanda Martin, daughter of Mr. and Mrs. Roger Martin of this city, were married Monday morning at 8 o'clock at the St. Francis Xavier church, Rev. Fr. Lamothe officiating.

The bride was gowned in a dress of white crepe de chine and carried pink and white roses. She was attended by her sister, Miss Alma Martin, who wore a dress of pink silk and carried white carnations. Jacob Houle, a brother of the groom, was best man.

Following the ceremony the bridal party partook of a wedding breakfast at the home of the bride's parents on First street northeast. Only immediate relatives and friends were present. Decorations in the home were in pink and white.

Mr. and Mrs. Houle left the same day for a short honeymoon trip to Minneapolis. They will make their home on a farm in Belle Prairie.

Mrs. Floy Farnsley of this city and Fred J. Nestlebusch of Muscatine, Ia., were married Thursday evening of last week at the French Catholic parsonage, Rev. Fr. Lamothe officiating. The bride is the daughter of Mr. and Mrs. F. P. Turner of this city and is well known here. The wedding was a very quiet affair, only relatives and immediate friends being present.

Mr. and Mrs. Nestlebusch will make their home at 512, Fourth street southwest. Mr. Nestlebusch will be connected with the Quality shop, in partnership with his brother-in-law, Roy Turner.

BANQUET COMMITTEE REPORTS

N. N. Bergheim, chairman of the committee which had charge of the get-together dinner Tuesday, made a report of the same to the Commercial club at a special meeting held last night. He reported that \$182.00 had been realized from the sale of tickets. The ladies who served the dinner received \$101.25 and other incidental expenses brought the disbursements up to \$148.05, leaving a balance of \$33.95 which was turned into the club treasury. The committee recommended to the club that similar meetings be held at least once a year.

200 AT GET-TOGETHER DINNER

MORE THAN 100 FARMERS WERE PRESENT—SEVERAL GOOD SPEECHES

A very successful get-together dinner was given at the Odd Fellows hall Tuesday afternoon to the officers of the towns, farmers' clubs and creamery associations of the county by the local Commercial club. More than two hundred men attended the dinner, of which number more than one half were farmers and the remainder local business men.

The dinner, which was served by local ladies who are raising funds for a woman's building at the fair grounds, was excellent. Bastien's four-piece orchestra rendered several selections during the dinner which were greatly appreciated by all. Cigars were distributed to all the men after the dinner was over and the program of speeches followed.

Frank Kiewel, president of the Commercial club, presided over the meeting. He extended the thanks of the club to the ladies for the excellent dinner and to the business men who made it possible and then extended a hearty welcome to the guests of the club.

J. J. Doerschuk, agricultural instructor at the Royalton high school, was the first speaker on the program. He spoke on the organization and purpose of farmers' clubs. He stated that about 15 farmers' clubs have been organized in Morrison county up to date and that they have brought about some good results already. They have raised the standard of the communities in which they were organized and have attracted settlers. Thus far the results in this county have been mostly in the improvement of social conditions and stock improvement. Mr. Doerschuk urged more cooperation between the county fair society and the farmers. Farmers' club exhibits should be arranged for at the fairs, thus attracting more farmers. More farmers should also be on the fair board, he said.

Geo. Kiewel of this city gave an interesting talk on "Good Roads." He said that good roads are first in health, wealth and prosperity to a community. From the health standpoint he pointed out that children, in going to school, must use the roads, especially in the rural district, and upon their condition depends largely the health of the children. Also the farmer or business man who must use the roads a great deal feels much better if the roads over which he travels are in good condition. From the wealth standpoint good roads mean better prices for land and from the prosperity standpoint good roads result in better marketing facilities, etc.

Mr. Kiewel gave some figures to show the road mileage in this county. There are 160 miles of state roads laid out, 1,600 miles of county roads laid out and 150 miles of improved roads in the county. Seventy per cent of the roads in the county are traveled and thus the tax levies for their maintenance must be of considerable size. In 1914 the town levied \$40,012, the county levied \$20,000 and the state aid for roads and bridges was \$16,000, making a grand total of over \$75,000 spent on roads and bridges last year. The reason so small a showing has been made in the improvement of the roads is that a large portion of the money was spent on bridges. Of \$37,000 spent by the county last year 70 per cent was for bridges. Also many roads serving but few people were built in order to give settlers access to the main traveled roads. For 1915 the levies have been raised several thousand dollars. The speaker urged a more uniform expenditure of road money throughout the county. The levies in the towns range from 2 mills to 10 mills, he said. Scandia Valley last year had the lowest levy, two mills, and Lakin had the highest, 10 mills. This year Scandia Valley has raised the levy to four mills. The per capita road tax in the county is now about 25 cents. Mr. Kiewel said it should be raised to \$1.00.

In closing Mr. Kiewel spoke on the resurfacing of sandy roads. He suggested putting on a thin layer of clay over the sand, then discing it, adding a second coat and rediscing. Then roll the road down and after a rain use a road drag on it and the result would be a first class road. By building the road in this manner chucks holes would be avoided and material saved, he said. He called the attention of the farmers to the prizes which will be offered by the local business men for the best dragged roads this fall. The first prize will be a purse of \$50 in gold for the best one-half mile or dragged road leading to the city, within a radius of seven miles, the second a prize of \$25, the third a prize of \$25 for the best one-half mile of dragged road on any rural route leading from the city and fourth a prize of \$15 for the second best half mile of dragged road on a rural route. He advised the farmers to get busy and try for these prizes.

W. H. Gustafson, agricultural instructor in the local high school, spoke on "The Soil of Morrison County." Although Mr. Gustafson has been in this county but a short time he has learned the condition of the soil quite thoroughly and gave the farmers some good advice on crop rotation, etc., and gave figures and illustrations to prove his statements. He pointed out that plant life needs balanced rations as well as people or animals. The elements are in the ground but may be deficient. Potash, phosphorus, humus and nitrogen are the four principal elements necessary in the soil. Potash is a property contained in manure and therefore the manure should be returned to the ground. The percentage of phosphorus in sandy soil as compared with clay is less. If grain or corn are grown on the land continually and the phosphorus is not returned it will gradually diminish. Humus,

SAYS VIOLATED GAME LAWS

FOUR MOTLEY MEN ARRESTED FOR FISHING AND USING ARTIFICIAL LIGHTS

C. Green, R. Lyon, E. McGuire and W. Sears, all of Motley, were brought before Justice Randall yesterday afternoon, charged with fishing and using artificial lights while fishing. The complaint was made by T. A. Denley, deputy state game warden and forest ranger, who made the arrests. The alleged game violations occurred Wednesday evening, near Motley.

The defendants pleaded not guilty to the charge and their trials set for next Thursday at 3 o'clock p. m., before Justice Randall.

DIED

Mrs. Barbara Briggs, wife of Newbury Briggs, of this city, passed away at her home yesterday morning at 4:30, at an age of 68 years. Death was due to lobar pneumonia, from which she had suffered for about ten days.

Barbara Faben was born in New York January 3, 1847. She came to Minnesota in 1865, locating in what is now Royalton. She was married to Newbury Briggs on June 26, 1868.

Besides her husband, she leaves one son, Nicholas B. Briggs of this city. She also leaves two brothers, Joseph Faben of New York and Nick Faben of Kansas and two sisters, Anna Kieffer of North Prairie and one in New York.

The funeral will be held from the Belle Prairie Catholic church tomorrow morning at 10 o'clock. Interment will be in the Belle Prairie cemetery, beside the remains of her daughter, who passed away several years ago.

Walter W. Lutke, who has been janitor of the Hawthorne school for the past three years, has resigned his position and will leave on May 1 for Lastrup, where he will operate a stock farm which he has rented. Mr. Lutke has disposed of his residence property on Second street southeast.

or vegetable matter is derived from clover, rye, etc., which is plowed under and this is necessary to good crops as it holds 333 per cent of its weight in water while sand or clay hold but a small amount in proportion. Nitrogen, which is contained in the air, is drawn into the ground and into the plants by small bacteria on the roots. However, if the ground contains acid it will kill the bacteria and the nitrogen, which is so essential to plant life, cannot be secured. The ground should be tested for acid and if it is found to contain a great percentage of this element, lime should be added to neutralize it. Mr. Gustafson urged crop rotation for improving the soil and suggested three or four year rotations.

Prof. N. E. Chapman of the extension division of the state university, gave a very interesting talk on "Cooperation between the business man and the farmer." He stated that there is some cooperation between the country and town in Minnesota but that it is hard to learn just how much of it really exists. Surveys have been made at Northfield, Brahm, Ada and other places but very little enlightenment was secured. Mr. Chapman stated that when he came to Minnesota, in 1885, the farmers did not amount to much; they were known as hayseeds, mossbacks, etc. The lumberjack who took up the entire sidewalk was the big man at that time. His innings are gone, however, and although the lumbering industry is now one of the largest in the state, a few years hence it will have disappeared. Mining, manufacturing, etc., are all good industries but today farming is the biggest business in the state of Minnesota. The farming industry will continue to grow but if conditions are to be bettered there must be a hearty cooperation between country and town. There are four big factors which are essential to the success of the farm. The first is education, the second the financial relation, the third the social relation and fourth is religion. There are great possibilities in the soil which we may never know, the speaker said, but the boys should be educated so that they may get the most out of it. The development of the farm means increased business on the farm and consequently business in the town. The success of the business man depends on the education of the farmer boys who shall take hold of the farm when the old folks retire. Better days are coming, when the boys get a better knowledge of the value of mother earth. Education is the greatest factor to success and everyone should gladly pay his school tax. It is the best way in which he can spend his money.

The country could get along with less lawyers and doctors, etc., but cannot get along without more farmers. There is room for 600,000 farmers in Minnesota at the present time. As each farm improves and succeeds so does the business in the town nearby succeed.

The social relation between the farmer and the business man is a big factor in the success of both. The farmers should belong to the town clubs and vice versa. Also the farmer boys and girls should enjoy more conveniences around the home as this would induce them to stay home instead of moving to town when they are grown up. Labor saving devices are also needed and shorter hours for the farmer are necessary.

Religious advantages are also necessary to the success of the farmer and without the church a place would die out. Churches also help raise the price of land.

In his closing remarks Prof. Chapman urged the business men to get acquainted with their patrons, to visit them and to try and make things convenient for them when they come to their places to buy.

CITY DADS HELD MEETING

PASSED STREET SPRINKLING ORDINANCE AND GRANTED A BUILDING PERMIT

The city council held a short regular adjourned meeting at the city hall Monday evening, with the following members present: Hall, Moeglein, Murphy, Johnson, Peterson, Blake and Bell.

R. L. Palmer appeared before the council and asked that Second street northwest, between the L. F. & D. tracks and the N. P. main line be fixed up. He stated that the road is in very bad condition, and that after a rain the water remains in the road for a long time on account of its being graded too low. The matter was left to the street committee with power to act.

The German American National bank and John Vertin were granted permits to erect a two-story brick building on the lots adjoining the German American National bank on the west side.

T. C. Gordon of the Water Power company informed the council that the company is ready to begin work of laying the water mains on Second avenue southeast, as ordered, but asked the council to investigate as to the advisability of the improvement before the work was started. Mr. Gordon said that there is no property on the proposed course of the main which needs protection and it would only mean a needless expense of money. The street committee will look into the matter and report at the next meeting.

Street sprinkling was taken up next. City Attorney Cameron informed the council that there was a question as to the regularity of the proceedings of the sprinkling assessments under the old system and that it might prove hard to collect the assessments. He presented an ordinance which, he said, would make the assessments regular. This ordinance fully designated the territory to be sprinkled, giving the boundaries, etc., and provided for a superintendent of inspection. Under this ordinance the work would be paid for on the area basis, instead of the frontage. He stated that the ordinance would mean a great deal more work for the city clerk and favored retaining the old ordinance as long as no one makes any objections to the assessments. The old sprinkling ordinance was therefore passed and a resolution passed fixing April 23 as the day for receiving bids for the contract to sprinkle the streets, and authorizing the city clerk to advertise for bids.

BASEBALL SOLICITORS AT WORK

The committee on soliciting funds for a salaried baseball team for Little Falls for this season began work yesterday and expect to have work completed so as to be able to call a meeting of contributors within a week or so. Chas. Sylvester is chairman of the committee. Only a little over \$1,300 has to be raised this year as nearly \$200 has been cleared on baseball games which have been given during the past winter.

Although little can be learned from St. Cloud or Brainerd as to what kind of teams they will put out, it appears that they will have home teams and will play only Sunday baseball. Little Falls fans do not seem to care for this class of baseball and were in the hopes that these two cities would put fast salaried teams in the field, thereby insuring good baseball at a minimum cost and more than one game per week. In years gone by a home team was very satisfactory in Little Falls and the growth of the city has brought about a demand for better baseball. This should also be true of St. Cloud and Brainerd and other progressive cities of this section of the state.

The fortnightly dancing club will dance at the Elks hall this evening. Bastien's orchestra will furnish the music.

The Franciscan Sisters of this city are soliciting funds for the erection of a new hospital building. The new building will be located just north of the old building, ground for which has already been purchased.

Mr. and Mrs. Wm. Ragan have moved from Brainerd to Staples, according to an item in the Brainerd Dispatch of recent date. Mr. and Mrs. Ragan formerly resided in this city. Mr. Ragan, who has been ill, is much improved.

The remains of Cyril Blair, a former resident of this city, were brought here Monday from Duluth. The funeral was held from the St. Francis Xavier church Tuesday morning and interment was in the Calvary cemetery.

Mr. and Mrs. Robert Muske returned Tuesday night, well pleased with their six weeks' trip in the west and southwest, they visiting points in Texas, California and Oregon. A visit was also paid to the San Francisco and San Diego fairs.

Marriage licenses have been issued during the past week to F. J. Nestlebusch of Muscatine, Iowa, and Mrs. Floy Farnsley of this city, John Marcienciewicz and Victoria Knoll, Mr. Bartkowitz and Martha Blaski and to Adam Trafas and Anna Grabowsky.

BORN

COTA—To Mr. and Mrs. Wm. Cota, Thursday, April 8, a daughter.

RICHARD—To Mr. and Mrs. Dominick Richard, Friday, April 9, a daughter.

HOLMES—To Mr. and Mrs. J. Holmes, of Dawson, Friday, April 9, a daughter. Mrs. Holmes was before her marriage Miss Ruth Johnson of this city.

"BULBUL" WAS HUGE SUCCESS

OVER 1,200 PEOPLE WITNESSED HOME TALENT PRODUCTION AT VICTOR THEATRE

"Bul-bul," the comic operetta, which was staged at the Victor theatre Friday and Saturday evenings and Saturday afternoon, by local talent, under the auspices of the Musical Art club, was one of the best and most successful of home talent plays that has been put on in this city. All members of the cast had their parts thoroughly learned and the play went through very smoothly. The attendance for the two evening performances exceeded 850 people and more than 400 adults and children attended the Saturday afternoon matinee, all of whom were highly pleased with the performance.

When the Musical Art club first decided to put on the play, they feared that they would be unable to secure enough members for the cast, but this turned out to be the least of their troubles, although they did have to select some who were untrained. And in these they say they discovered some real actors, actresses, yea, even singers with a promising future.

Ernest Carlson as King Iamit, Miss Laura Brannen as Princess Bul-bul, his daughter, Inger Johnson as Prince Caspian, to whom the princess was betrothed, Mrs. Chas. Jensen as Lady Ida, the Court Chaperon, Chester Tanser as Alain, a friend to Prince Caspian, Miss Elaine Ruth as Lilla, Lady of the Court, Joseph Moeglein as Dossay, the Keeper of the Royal Spectacles and Louis Wright as the Keeper of the Royal Cashbox, all enacted their parts splendidly and brought forth rounds of applause.

The other members of the cast, representing the maids of honor, the attendants, the ladies of the court, the gentlemen of the court and the householders, who appeared in the chorus numbers and specialties, also did very well. Probably the prettiest scenes in the entire play were the dancing of the old time minuet and the grand march. The costumes were the source of much praise and the stage settings were beautiful.

To Miss Maude Girault Smalley, musical director, and Mrs. R. D. Musser, who supervised the stage work, is due much credit for the success of the production. Few of the members of the cast had ever had previous experience and the directors are to be complimented for their excellent work in putting on the play. The work of Miss Noella Ducloux as piano accompanist was also very good, she acquitting herself in a most creditable manner.

Bastien's orchestra of nine pieces played the overture for the play and also several excellent selections during the evening.

The Musical Art club is highly pleased with the success of the play, both from the manner in which the production was staged and financially. The club netted more than \$300 after all expenses were paid.

RUN OVER BY AUTOMOBILE

Chas. Beauchaine of this city sustained several cuts and bruises Monday evening as the result of being run over by an automobile driven by J. C. Patience. The accident occurred at the intersection of Broadway and Second street east.

Mr. Beauchaine was crossing the street intersection diagonally and stopped to allow a car driven by Max Corbin to pass, when the car driven by Mr. Patience struck him. Both cars were traveling very slowly at the time and Mr. Beauchaine escaped with a few minor injuries.

Mrs. Ella Simons of Swan River is recovering from a very severe illness.

Members of the Elks lodge and ladies enjoyed a dance at the hall on Wednesday evening. Bastien's orchestra furnished the music.

Pierz people are planning a big time for next Tuesday evening. A benefit dance will be given by the Pierz band and before the dance the organization will give an open air concert. A number of Little Falls people plan on attending the dance.

Bastien's band gave two fine concerts at the Victor theatre Tuesday evening, to fair sized audiences. The proceeds of the concerts will go toward paying some debts which have been contracted through the purchase of instruments, etc. The band uniforms have been paid for.

MUNICIPAL COURT

Thomas Prodzinski of Pike Creek was fined \$10 and costs and placed under \$100 bonds to keep the peace Saturday morning by Judge Lyon for threatening his wife, to which charge he pleaded guilty. Mrs. Prodzinski complained that he had threatened to do her bodily harm and that when she came to the home of her daughter in this city he burned her clothes.

Theo. Hesch of Morrill was arraigned in Municipal court yesterday morning on a charge of selling liquor on Sunday. Mr. Hesch has a saloon in Morrill town and has a county license. The complaint was made by A. Pohl of Morrill. The case was continued and will come up for trial in municipal court next Wednesday.

Walter Wienieski of this city was haled before Judge Lyon of the Municipal court to answer to a charge of stealing coal from the Northern Pacific railway company. He pleaded guilty to the charge and was fined \$5 and costs, amounting to \$3.70. The complaint was made by Special Agent Hubert Friesinger.

Eugene Allard was fined \$2 and costs, amounting in all to \$7.10, by Judge F. W. Lyon Saturday morning, for using obscene and abusive language.
