Mr. Gustafson has resigned as agricultural instructor at the local high, having accepted a similar position at Spring Valley. His place will be taken by A. 3D ST. SEWER CONTRACT LET

GRAND FORKS CONCRETE COMPANY AWARDED CONTRACT FOR \$1,395

The Grand Forks Concrete company has been awarded the contract to build the Third street sewer for \$1,395. The contract was awarded at a meeting of the board of public works held Monday night. This company was the only bidder. Under the provisions of the bid for this work an extra compensation of \$1 per lineal foot for rock is allowed and for quicksand the actual cost of removing the same plus 20 per cent must be paid. The bid was nearly \$100 less than the estimate of City Engineer Phil S. Randall. His estimate was \$1,474.13. The sewer, which will be 1,200 feet long, will cost on an average \$1.10 per lineal foot. C. C. Jackson, who put in the bid for the company, states that work will be completed on the south line of the Second street sewer within two weeks. Then remains only that part extending from Third avenue southeast to a point 80 feet south of First avenue southeast.

SAUK RAPIDS HERE SUNDAY

ALL STARS WILL TACKLE DOWN RIVER TEAM AT THE FAIR GROUNDS

Little Falls baseball fans will have the opportunity next Sunday to witness a class game of ball at the fair grounds, when the All Stars will try conclusions with the fast Sauk Rapids team.

Sauk Rapids has an independent team this season and it is made up of some very strong material, mostly home boys. Lamb, the old Sauk Rapids twirler, will likely be seen on the mound for that aggregation again Sunday.

The locals have been practicing hard lately and expect to carry off the honors Sunday. The lineup will be practically the same as in last Sunday's game. Lagerbauer will do the twirling and Tanner will likely be at the receiving end. The management has shown that it has confidence in the fans by scheduling home games and a record crowd should turn out for the game Sunday. The usual prices of admission will prevail.

DIEDRICH OUT OF THE GAME

SPRAINS ANKLE IN SLIDING TO BASE WHILE PLAYING IN CANADIAN CITY

Joe Diedrich, who tried out with the Detroit club of the American league and was farmed out by President Navin to Ottawa of the Canadian league, sprained his ankle in sliding to a base in a game between Ottawa and London, at the latter place Thursday of last week and returned home Wednesday morning.

It is unlikely that he will return to the Canadian league this year, as by the time the injured ankle is healed properly there will be very little left of the playing season. Joe's injury is regretted by the local fans as he was making an excellent showing at third base and hitting above the 300 mark, according to papers received here from the Canadian cities.

STRIKE IRON AT BARROWS

DEEP VEIN OF ORE FOUND ON TRACT IN WHICH LOCAL MEN ARE INTERESTED

Local men, who are interested in land in the iron ore district at Barrows, have struck a deposit of iron ore which they believe will be very rich, probably the best on the entire Cuyuna range. The men interested are G. B. Buckman, A. Simonet, John Wetzel, George Schroeder and G. F. Kirscher. Several men from other places also have an interest in the land.

The tract on which the ore has been found is very near the present Barrows mine and the north line of the tract, which covers an area of 80 acres, and is very near the power plant. Drilling has been going on for some time and two separate leads have been found. One of these is not so large while the other proved to be very deep, the drill passing through 172 feet of ore. Drills are now at work to determine the width of the big lead.

The ore find is believed to be a good one and the owners are confident it will be of merchantable grade and in a quantity large enough to make it worth while mining.

FARMER LOSES \$200 NEAR LITTLE FALLS

John J. Gwost of Swan River on Saturday morning lost \$200 while enroute to this city on business. He had the money, mostly silver, in a can and this was wrapped in a white handkerchief and he believes the can rolled off the seat of the buggy somewhere between the Peter Arendt place on Broadway West and the Morrison County Lumber company's office.

Mr. Gwost says that he had saved the money to meet some obligations which became due, and that he understands that the money was found by some people returning to the country.

Mr. Gwost says that there seems to be much unwarranted talk as to the loss of the money, one to the effect that he was intoxicated at the time. As to this statement we know it is untrue, as Mr. Gwost was in the Herald office but a short time after he discovered his loss.

Mr. Gwost will pay a liberal reward for the return of the money.

A little fellow by the name of Sammy Swartz struck the city Saturday evening from St. Paul for a visit with a relative, but did not have her right name. He was looking for Helen "Wetzel," but the address of no party issued from the local postoffice. The youngster did not seem to be at all perturbed, and was sure the party he was looking for was in this territory. Employees of the postoffice located Miss Helen Viechorek on route 5 as the right party, and Sammy is spending a joyful vacation in the country.

FORGER GETS \$40.00 HERE

LAFOND GROCERY AND LEVIS STORE THE VICTIMS—FORGER ALSO AT ST. CLOUD

A man who gave his name as W. J. Langdon, and who posed as a government agent, made his getaway from this city Saturday evening with about \$30 in cash and about \$12 in merchandise which he had secured at two local stores by passing worthless checks. The victims of the forger were H. J. LaFond, the grocer, and the Levis Store. Police in neighboring towns have been notified to look for the man but as yet he has not been found.

At the LaFond grocery store he purchased some groceries, including a number of packages of breakfast food. He stated that he had relatives at Ft. Ripley whom he was going to visit. He passed a check for \$20 here, getting about \$16.90 in change. The check was drawn on the First National bank of Staples.

He left this store, saying he would return for the groceries in a short time. From there he went to the Levis store where he purchased an \$11 kodak and some candy. He told the proprietor that his parents resided at Ft. Ripley and that he was going to visit them. He then passed the check for \$20, drawn on the First National bank of Washington, D. C. He got the kodak and candy and \$7.70 in change and then departed.

In the meantime, the clerk at the LaFond grocery became suspicious when he failed to return for the groceries and the sheriff was notified. It was learned that the man had no deposit in the Staples bank. He had secured the checks from a local concern.

The man posed as a government agent at the Buckman hotel and said that he had been looking for a man who was wanted for some unlawful act, but said that the man had been captured by two other officers and that they were coming through here on the evening train, due at 7:37. He was taken to the station in an automobile the bus already having gone over to the station.

Here he told N. P. Agent Friesinger and Night Patrolman Boyes the same story. He boarded the train when it pulled in and came out a moment later saying that the officers were taking the prisoner right through to St. Paul. He left on the train and nothing more was seen of him.

It is said that the man was seen to join two other men on the train who were accompanied by a third man who was handcuffed. No one of those who claim they saw this will verify it however. It is believed that the men on the train were confederates and that they had been working other towns in much the same manner.

St. Cloud authorities are also anxious to get hold of Mr. Langdon as he worked the game there also. It seems that while he was in the H. J. LaFond store here he secured one of the checks and stamped it with a rubber stamp bearing the firm name, etc. He signed the check M. E. Slittery and made it payable to J. E. LaFond and passed it at the St. Paul Bargain store at St. Cloud. The check was made out for \$30 issued on the First National bank of this city.

He told the person who cashed the check that he was a brother of H. J. LaFond of this city. The check was cashed there on Monday.

Yesterday another check came in to the First National bank, which had been passed at St. Cloud. This check was also drawn on H. J. LaFond for \$26, bore the stamp of the store, was signed by H. J. LaFond and made payable to Chas. J. LaFond. The check was cashed at Robert Harrison's store at St. Cloud.

DORMITORY AT REFORMATORY

BOARD OF CONTROL FAVORABLY IMPRESSED WITH SCHEME AT GUELPH, ONT.

St. Cloud Journal-Press (26): When dormitory "E" for which \$70,000 has been appropriated, is built at the state reformatory the dormitory system is to be tried out, according to the members of the board of control who reached St. Paul today after a trip to Guelph, Ont., where the plan is in operation.

The new dormitory will be three floors with four dormitories on each floor. Each dormitory will hold 25 men, making a total capacity of 300. Under the old cell house system only 160 could be housed.

"The board is very favorably impressed with the plan," said C. J. Swendsen, chairman of the board. "We will be able under the new system to classify the men according to age and can keep the first offenders away from the old criminals."

PATTERSON SHOWS COMING

Carnival Company Will Show Here the Week of August 9 to 14

Patterson's Carnival company will pitch its tents here on Monday, August 9 and will remain for six days, or until Saturday, August 14, inclusive. The tents will be located on the lots just east of Fifth street, between First and Third avenues.

The show comes here well recommended by papers in other towns where it has exhibited. The feature performance is an animal show, consisting of trained elephants, horses, lions, bears, etc.; a motordome, featuring a race between a motorcycle and an automobile; Jangleland, containing small animals from Africa; "The Garden of Allah," a Turkish show in which a Turkish wedding, Turkish sword fights and Turkish dances are shown; the annex, containing sideshow attractions and fun tents.

Thirty cars carry the employes and equipment of the carnival. The carnival company put on the vaudeville exhibit at the North Dakota State fair at Grand Forks this month.

"FIGHTING THE FLAMES"

MARSHAL HARGADINE, SAYS "SPECTACLE" WILL BE OF GREAT EDUCATIONAL VALUE

R. W. Hargadine, state fire marshal, yesterday expressed the wish that every man, woman and child in the state might be able to witness the "Fighting the Flames" spectacle to be put on at the State Fair grounds, Saturday afternoon, July 31.

"This spectacle," said Mr. Hargadine, "should be of inestimable value as an educational feature. It will give the general public more of an idea of what is possible in the way of fighting flames under modern conditions than any other method yet devised."

"The life-saving features to be demonstrated are those actually used by the well-equipped fire departments of Minneapolis and St. Paul. Most of the fire departments throughout the state have similar equipment according to the necessity created by local conditions."

"The biggest factor in preventing loss of life by fire is the cool-headedness of the person to be rescued. If a man on the top of a burning building realizes something of the various methods by which he may be reached and rescued, there is far less likelihood of his leaping to a sudden and unnecessary death."

"Such a show as is contemplated by the twin city fire departments, in their effort to bring next year's firemen's convention to this community, comes nearer than anything yet devised to demonstrating the wonderful adaptability of the fire fighter's weapons and the high degree of efficiency attained in the fire fighter's art."

Geo. Emdor, chief of the local fire department, will take in the fire fighting exhibition, and it is likely that others will also attend.

He is survived by a wife.

Mr. and Mrs. J. C. Erlander of Anoka are guests at the home of Mr. and Mrs. Wm. Caldwell. Mr. Erlander is assistant cashier of the Anoka State bank.

The man who stops his little ad is not so very wise, bebad; Because his advertisements tell The public what he has to sell, And if his ad is not on deck The people pass him up, by heck; And none of them will hesitate To trade with merchants up-to-date. To stop your ad, we would remark, Is just like winking in the dark; You may know what it means, but gee, Nobody else can ever see. So do not for a moment think That when you cut out printer's ink You're saving money on the side; 'Tis merely business suicide.—Anon.
