On all taxes remaining unpaid on November 1 a penalty of ten per cent will accrue.

ALEXANDRIA IS SLAUGHTERED

LITTLE FALLS HIGH WINS OVER HEAVIER TEAM BY A SCORE OF 75 TO 0

Little Falls ran away with the heavier Alexandria high school eleven Saturday afternoon at the fair grounds to the tune of 75 to 0. Alexandria presented a heavy bunch of athletes and it looked as though Little Falls was to face the battle of the season. But the rosters were sadly disappointed, for the visitors at once showed they had very poor coaching. For as many heavy and fast men as the visitors had, with good coaching they could be whipped into a wonderful machine. When Little Falls had the ball Alexandria presented no secondary defense, which made it very easy to use the aerial style of attack.

The 75 for Little Falls was the result of an attack that took on power every single minute of the game. One touchdown came in the opening quarter and three in the second till the final one and then four and nearly five were thrown in for good measure. From an apparently impotent machine in the early minutes of play those Navy and Orange striped jerseys became a marching wedge that Alexandria couldn't hold on a single play.

"Shorty" Longley directed the attack and threw into his general good judgment some brilliant dashes at the ends and off tackle. "Bob" Brannen, who played one of the best games of his career at end, marking his play with the capture of three forward passes over the goal line that gave Little Falls a total of 18. Give to Captain Belanger great attributes of defensive skill and line plunging and to Walter Bastien the midget half-back, who went into action the second quarter, a healthy pat of praise for a tackle, as if it had been missed would give Alexandria a touchdown. Oscar Levin was in fine form and made two sprints for touchdowns while Suttiff used a stiff arm to advantage and tore off a twelve yard run for a touchdown. Wells Graham hit the line lower than in the Brainerd game and picked his openings to good advantage. Norman Elvig at end scintillated the crowd with some tackles that brought the heavy Alexandria backs down with a thud. In the center of the line Simms at center, "Zip" Grimes and "Tubby" Gordon at the guards showed improvement in charging and breaking punts, on two occasions blocking punts.

To the Alexandria eleven give credit for a scrap that was in vain and to Captain Campbell at quarter and Cassel at half, who carried the bulk of the attack. These two lads with their weight and speed with proper coaching could be developed into stars of the first magnitude.

Alexandria was early on the field in warming up. A big fellow at left tackle sent some beautiful spirals 50 and 60 yards down the field, but a strong wind was at his back. Captain Campbell, the Alexandria quarter, outtucked Captain Belanger on the toss and chose the south goal and the receipt of the first kickoff. Alexandria took a bite at the Little Falls defense on two plays and then punted. Longley returned to his own forty-five yard line. A line smash, an end run and a forward pass netted the local 45 yards and first down with the ball on Alexandria's ten yard line. Graham hit the line twice and placed the pigskin on the three yard line. Suttiff lost three on an end run and Longley lost one on the same play and it was Alexandria's ball on their seven yard line. Alexandria punted out of danger to the forty-five yard line. Longley returned fifteen to Alexandria's thirty yard line. Suttiff circled around the visitors' right for seven and Graham hit center for four and first down. Levin slid off tackle for seven and planted the ball on the twelve yard line. Suttiff added one more on a lineback. Longley circled Alexandria's left for eleven yards and a touchdown. Graham missed goal. Score, Little Falls 6, Alexandria 0.

Little Falls kicked to Cassel who returned to his twenty yard line. Two linebacks and an end run by Campbell put the ball on their twenty-eight yard line and the first quarter ended.

Second Quarter

Bastien goes in for Suttiff and Johnson for Felix. On the fourth down with two to go Alexandria fumbled and Grimes recovered the ball on Alexandria's thirty yard line. A few pecks at the line which yielded little and "Shorty" Longley gave up those tactics and called a forward. It was complete, Longley to Brannen for a touchdown. Longley kicked goal. Score, Little Falls 13, Alexandria 0.

Little Falls kicked to Alexandria who returned to the eighteen yard line. Three tries at the line gave Alexandria only six yards and they were forced to punt, which was blocked. Simms recovering it on the twenty yard line. Graham hit center for four yard and Levin for three more. Longley skirted around right for a touchdown. Graham punted out to the center of the field. Longley missed goal. Score, Little Falls 19, Alexandria 0.

Little Falls kicked to Alexandria. Cassel returned to the fifteen yard line, Elvig downing him with a seven yard return. Campbell slid off tackle for five yards and Cassel added six more and first down. A forward pass was intercepted by Levin on the visitors' thirty yard line. Bastien circled left for six. Behind good interference Longley skirted right for twenty-four yards and a touchdown. Longley missed goal. The first half ended. Score, Little Falls 25, Alexandria 0.

Third Quarter

"Heinie" Suttiff was back at right half in place of Walter Bastien. Alexandria kicked to Levin who returned to the thirty yard line. Suttiff broke loose for twenty-five to Alexandria's forty-five yard line. Graham hit center for eight. A pass was incomplete. Another pass for twenty-three yards to Elvig put the ball

MAKE RECORD CATCH OF FISH

F. R. ZISKE AND ED. RABER GET 100 POUNDS OF FISH IN TWO HOURS

F. R. Ziske, proprietor of the Model Bakery of this city, and Ed. Raber who is employed by Mr. Ziske, can vouch for the statement that the Mississippi affords just as good fishing as any river or lake in the country.

On Monday afternoon they journeyed up the river about eight miles and spent about two hours with the hook and line, returning home with twenty-four well-eyed pike, representing nearly one hundred pounds of fish.

Out of the catch three of the pike weighed 12 pounds each, two weighed 8 pounds each and one weighed 4 pounds. Mr. Ziske said that it required the greatest care on the part of his companion and himself to land the three largest ones. Although Mr. Ziske is a fisherman of experience and skill, and his great success was largely due to that fact, nevertheless the results of his fishing trip disprove the old theory that fish are not plentiful in the Mississippi.

Fire drills are held at the high school once every two weeks now. A fire department has been organized, twelve boys being assigned to the hose stations, of which there are six in the building and they are taught how to run out the hose, fold it and hang it up, etc.

Schroeder goes in for Felix. Graham hit center for eight, putting the ball on the visitors' ten yard line. Suttiff plunged through left tackle for a touchdown. Graham missed goal. Longley dodged through the line for a touchdown. Graham punted out to Longley, who missed an easy goal. Score, Little Falls 50, Alexandria 0.

FORCED ON ROOF BY FLAMES

MRS. MARGARET ADAMS TRAPPED IN HOME BY FIRE—RESCUED BY NEIGHBORS

Mrs. Margaret Adams of this city was forced to take refuge on the roof of her home at the corner of Broadway and Seventh street northeast early Sunday morning when flames which destroyed her home prevented her from running down stairs. She screamed for help and was heard by neighbors, who came to her rescue.

The fire started at about 3:20 Sunday morning, presumably from a stove. Mrs. Adams was sleeping upstairs and did not awaken until the flames had gained considerable headway and it was impossible for her to descend the stairway and escape in that manner. She therefore opened a window and climbed out on the roof of the summer kitchen and screamed for help.

The alarm was turned in by neighbors and the fire truck answered the call and the flames were extinguished in a comparatively short time. The interior of the house was badly damaged but the walls remained intact. The furniture and other contents were a total loss.

Mrs. Adams lost nearly all of her clothing in the flames, as well as those of her son, who happened to be staying at another place that night. Through the Civic league the woman, who was made destitute by the fire, was provided with clothing, etc.

SUFFRAGE WORKER GIVES TALK

MRS. GERTRUDE S. HUNTER OF MINNEAPOLIS ADDRESSES LOCAL CLUB ON SUFFRAGE

At the meeting of the literary section of the Musical Art club at the library parlors Tuesday evening Mrs. Gertrude S. Hunter of Minneapolis, national organizer for the Congressional Union of Washington and state secretary for that organization, gave a very interesting talk on "Woman and Civic Life." The meeting was well attended.

Mrs. Hunter gave as her definition of government the association of men and women together in communities for the regulation of human life. She said that the suffrage movement is not a movement of women against men but a movement of men and women who see and understand what equal suffrage is, against men and women who do not. She said that she did not believe that women could accomplish great things alone but that the only way in which the great problems of the day can be solved is by men and women together.

Equal suffrage or full franchise for women has dawned upon the world and already many nations have given women the ballot, among them being the Scandinavian countries, Australia, New Zealand, Isle of Man, Tasmania, and in twelve states in this country. "Over four million women now have the right to vote in this country," she said, "and hereafter the president who does not stand for this principle will not be returned to the chair a second time."

As instances of what woman has done and can do in a civic way Mrs. Hunter pointed out that the present excellent school system has been brought about by them; night schools for foreigners; vacation schools; kindergartens; the establishing of a new water supply at New Orleans through the efforts of Miss Kate Gordon, a prominent woman of that city.

Mrs. Hunter's talk was interesting from start to finish and indicated that she was greatly interested in her work and had made a deep study of it. She is a very fluent speaker.

At the close of the meeting a number of those present joined the Congressional Union, to help have the Bristow-Mondell resolution passed in the next congress.

Mrs. Hunter also gave short talks at each of the two picture shows at the Victor theatre Wednesday evening, on the same subject. She returned to Minneapolis yesterday. While here she was the guest of Mrs. C. B. Buckman.
