

INJURED IN AN EXPLOSION

ARTHUR MIELKE OF SWANVILLE BADLY HURT WHEN GAS EXPLODED

Arthur Mielke of Swanville was seriously injured Saturday morning at about 11:30 in an explosion in his father's garage at that place.

Mielke was soldering a gasoline tank which was to be used in the power plant, which is located in the garage. The gasoline had been emptied out but the soldering torch ignited the fumes in the tank and an explosion followed. The force of the explosion threw Mielke against the ceiling and he fell against the rear door of the garage and was seriously injured. His right leg was lacerated and both bones in it were broken and it was at first feared that it would have to be amputated but the attending physician now hopes to save the leg.

HIGH WON DISTRICT TITLE

DEFEATED WADENA HIGH BY 21 TO 0 SCORE LAST SATURDAY

Little Falls high school football team captured the district title Saturday when they defeated the Wadena high school eleven by a score of 21 to 0. The local team is very proud of its record as such a splendid showing has not been made by the local high school for many years. Coaches Liljedahl and Diedrich are also deserving of much credit for the success of the team. They are without doubt the best coaches the local high school has ever had.

Although Wadena was somewhat lighter than the local boys, they were very fast and although they did not score a single goal or touchdown they fought valiantly. The local boys said that they had to break the Wadena plays at the very start, knowing that if they advanced them very far their chances to score would have been very good.

No points were scored until in the second quarter, when a touchdown was scored on a forward pass to Brannen. The forward pass was used very effectively by the locals and was a feature of the game. In the third quarter another touchdown was made by Elvig and in the last quarter Levin made the final touchdown. Longley kicked goal each time.

The only change in the lineup of the locals was at right guard, which was filled by Arthur Johnson. He played a good game and broke up a number of plays which might have meant touchdowns. Levin was the ground-gainer for the locals in Saturday's game and Elvig and Brannen worked the passes in fine style. All the other members of the local team worked hard and each contributed in no small part to the success of the team.

THE GOOD JUDGE IS COMMENDED BY THE CAPTAIN.

YOU bet the cops are wise to the little chew that satisfies—with a nibble of the Real Tobacco Chew tucked into their cheeks they are happy on their beats. No bunches to disfigure the face. The little chews mean the pouch lasts a long time and saves coin.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

ASK YOUR DEALER FOR W-B CUT CHEWING TOBACCO. IT IS THE NEW REAL TOBACCO CHEW—CUT LONG SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end.

The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much. One small chew takes the place of two big chews of the old kind.

(Notice how the salt brings out the rich tobacco taste.)
