Unfulfilled promises are not soon to be forgotten, they say. This at least is the case with the members of the winning section of the Progressive Five Hundred club, who were promised a picnic some time during the summer, by the losing members at the close of the club season last spring. This picnic was never given. When the light snow fall came on Monday one of the winning members thought of how nice it would be to have a sleigh ride. Suddenly the thought occurred to him that the lower section of the card club could fulfill their promise of an entertainment by giving a sleighride. So he mentioned it to the others and it was agreed upon and in addition an oyster supper will be served at the home of Dr. and Mrs. E. W. Kaliber, 300 Third street southeast, after the sleighride. The date has not yet been set but as soon as there is sufficient snow to permit a sleigh ride it will take place.
