**PIERZ**  
Pierz Journal (2): Tuesday morning about 10 o'clock an alarm of fire was turned in from The Morrison County Lumber yard, and the fire laddies immediately responded to the call. The fire, which started in the engine room, had gained considerable headway and was burning in the sawdust between the walls, and in places had reached the ceiling. Some difficulty was experienced by the firemen in getting control of the flames, as they were hard to reach. But after an hour and a half of hard work they succeeded in overcoming the fire. The fire was caused by a pot of tar, which had been placed upon the stove, and in some way it caught fire during the absence for a few moments of the workmen. The extent of the damage reaches about \$50.  
A. W. Cook of West Sullivan is reported quite ill.
