

PIERZ

Pierz Journal (30): Theodore Ortmann, John L. Gross, Henry Stoering and F. X. Bueseler, representing the Lastrup farmers, went to St. Cloud Wednesday and closed a deal with representatives of the N. W. Telephone for all the lines north of the village. This includes the old Lastrup line, originally built by P. W. Blake and the old Boser line running directly north to Otto Boser's. According to Mr. Ortmann there will be no less than five or six rural telephone lines organized to the north, which will make connections where they meet and where the connections will best serve the patrons. Into this compact will enter the two lines already mentioned, the Lastrup Rural Telephone Co., the Skunk Creek Telephone Co. and companies about to be organized in Granite, the Henry Krushek district and Platte. The farmers of the Henry Krushek corner met today to discuss the project.

Joe Seluh of Carp, Beltrami county, made a few days' stay in our midst last week. He left again Friday evening for his home. P. J. Poster left with him to look at the country of which Joe speaks highly.

Miss Anna Gassert returned home, after a two weeks' visit with her sister, Mrs. John O. Viraig.

The Farmers' Shipping association had a meeting in Genola Tuesday afternoon. The report of the first shipment was read and was satisfactory to the shippers. Another car will be shipped in the near future. Theo. Thielen was elected as assistant manager to cover the territory north of Pierz.

The Lastrup farmers' delegation returned from St. Cloud by the way of Little Falls. It took them from midnight until 6 a. m. to make the trip from Little Falls to Pierz. Ortmann says he measured the depth of the water all the way and F. X. Bueseler measured the distance all the way by using his length as a two-yard stick.

What Eich & Seifert of Little Falls

have to say about cream separators this week

It will be worth your while to find out what some of your neighbors who use De Laval Cream Separators think of their machines before you buy any separator.

About the best thing we can say for the De Laval is that all the farmers around here who use it are boosters.

It does good work for them and pleases them, and we know it will please you.

Make it a point to ask your neighbor about his De Laval.

There are nearly two million satisfied De Laval users throughout the world. More De Laval Separators are in use than all other makes combined. It isn't the cheapest, but the majority of separator users have found out by experience that it is the best and by far the most economical separator to own.

We want to tell you about an arrangement we have whereby you can make partial payment at time of purchase and pay the balance on such liberal terms that the De Laval will save its cost while you are paying for it.

Come in and see us the first time you have a chance and talk it over.

Sooner or later you will buy a DE LAVAL
