

## COMMENCEMENT WEEK IS NEAR

**DATES MAY 28 TO JUNE 2—ADDRESS BY HON. A. O. EBERHART**

Commencement Week at the high school will be held during the week of May 28, June 2, this year and Superintendent Dobbys is now busy preparing the programs for the week. On Sunday afternoon, May 28, Rev. Geo. Archbold Ray of the Church of Our Saviour will deliver the baccalaureate sermon at the high school auditorium. Hon. Adolph O. Eberhart has been secured to deliver the commencement address on the evening of May 31, at the auditorium. His subject will be "Education as Preparedness for Life." Fifty-three seniors will then receive their sheepskins. The Class Day exercises will be held on the last day of Commencement Week, June 2 and a fine program will be given on that evening.

## GAVE LECTURE ON LINCOLN

Doctor T. D. Bancroft gave a talk before the high school students at the high school auditorium yesterday afternoon on the assassination of Abraham Lincoln. Mr. Bancroft was at the theatre in which the tragedy occurred and he described the scene as he saw it and told about how he helped carry Mr. Lincoln from the theatre, the funeral, etc. He also told about the pursuit and capture of the assassin, and of other incidents during the martyred president's life. Dr. Bancroft was a member of a volunteer body of 110 men who served as a bodyguard to Mr. Lincoln before any troops arrived in Washington, at the time of the outbreak of the Civil war. This subject has been lectured upon by Dr. Bancroft for over twenty years, in high schools and colleges of this country. It proved very interesting.

## "BATTLE CRY OF PEACE" AT MILO NEXT WEEK

The Battle Cry of Peace, a Vitagraph Blue Ribbon feature in nine reels, will be shown at the Milo theatre Tuesday and Wednesday of next week, matinee and night. This picture is taken from a story written by J. Stuart Blackton, purporting to show the defenselessness of the United States. A large orchestra will furnish music throughout each performance, special music being prepared for this particular picture.

Next Sunday afternoon the Sunrise baseball team will journey to Green Prairie to clash with that team, on the Fish Lake diamond.

## HORSE RACES ON JULY 4TH

**PURSES TO BE PUT UP FOR THREE EVENTS—AUTO PARADE AND BALL GAME**

One hundred dollars in prizes will be offered for horse races to be pulled off as a part of the program of sports on the Fourth of July. This decision was reached by the committee on arrangements at a meeting last Friday night. A purse will also be put up for the team which wins the baseball game that day, and \$30 will be offered as prizes for the best decorated floats in an automobile parade.

The celebration will be advertised on a much bigger scale than usual and more money was allowed for this purpose this year. P. J. Vasaly and Ed. M. LaFond were appointed as the advertising committee.

F. R. Ziske, W. H. Clute and Geo. Emdor were appointed the committee on automobile parade. W. H. Venners and R. L. Nichols were made a committee to secure fireworks and T. C. Gordon, Chas. Sylvester and L. W. Vasaly were made a committee on a speaker and were given \$25 for this purpose.

Another meeting of the various committees will be held again tonight to hear the report of the soliciting committee. They hope to have \$1,000 subscribed by tonight.

## VICTORS TO SWANVILLE

The Victors will journey to Swanville Sunday for a return game with that team. They were defeated by Swanville two weeks ago by a score of 3 to 1, in a close contest. The Victor lineup will be changed somewhat for Sunday's game.

## CONGREGATIONAL CHURCH

Next Sunday will be Father's Day at the First Congregational church. There will be music by a male quartette and by a male choir, and the pastor will preach on "The Father of the Prodigal Son."

Miles, the little son of Edwin Ware, sustained a bad cut on his forehead Tuesday as the result of falling and striking his head on a walk, while playing at school.

Adolph Peterson of Elmdale and Otto Krousey of Swanville were in the city Wednesday, enroute home from South St. Paul, where they disposed of two loads of mixed stock for the Elm Dale and Swanville Shipping associations.

L. A. Snelling has been transferred to the position of construction superintendent for the Northwestern Telephone Exchange company and he went to Brainerd Wednesday to begin work. He will make his headquarters here. His place as wire chief here has been taken by Herroert Tyson of St. Cloud.

H. W. Venners has installed an automatic Victrola in his confectionery store. It is played by the slot device with electric motor attachment. By dropping in a nickel, one can put the pointer to any one of 24 numbers and the proper disc is automatically put in position and played. The records are changed every week.

## FT. RIPLEY HERE SUNDAY

**LOCALS WILL TRY TO EVEN THINGS—AL DOMINICK WILL PITCH**

Sunday afternoon at the fair grounds the Little Falls baseball team will clash with the Ft. Ripley nine in an effort to even up things for the defeat of two weeks ago at Ft. Ripley. The game will be called at 3 p. m. Al Dominick, the favorite of Little Falls baseball fans, has been warming up the past few days and will be in the box for the locals Sunday. He will not be with the team regularly but was secured for Sunday on account of the absence of Harris Gourd, who is in Montana on business and will not be back in time for the game. A good crowd should turn out and help the boys to victory.

## DIED

William Pedley, a pioneer settler of Morrison county, passed away at his home east of this city Tuesday afternoon at 5 o'clock from old age. He was 81 years old.

Deceased was born in Huntington, England, in January, 1835. He came to this country at the age of 16 and located at Cleveland, O. On May 31, 1855, nearly 61 years ago, he was married at Cleveland to Miss Elizabeth Ragan. They moved west the same year, coming to Little Falls. When they came here there was but a single store and three or four horses here. They spent three years in the village and then moved onto a farm just east of this city, where they have lived ever since.

In the early days Mr. Pedley made a living for himself and family by supplying the garrison of soldiers stationed at Ft. Ripley, with farm produce. At that time there were no railroads in this vicinity and all supplies had to be brought up from St. Paul by wagon.

Surviving the deceased are six children, three sons and three daughters, and 14 grand children. The sons are William C. Pedley, John Franklin Pedley and James Irving Pedley, all of Little Falls town, and the daughters are Mrs. Elizabeth Steele of this city, Mrs. J. J. Tucker of Ft. Ripley and Mrs. Claude Tucker of Belle Prairie. He also leaves an aged sister, Miss Phoebe Pedley, who lives in England. His wife passed away in September, 1914.

The funeral was held yesterday afternoon from the home, Rev. Philip E. Gregory of the Congregational church of this city officiating. Interment was in Oakland cemetery, beside the remains of his wife.

Mrs. John E. Johnson of Belle Prairie passed away at St. Gabriel's hospital yesterday morning at 10 o'clock from a tumor of the brain. She had been confined to the hospital for five weeks. She was 30 years of age.

Deceased was born in Vermland, Sweden in 1886. She came to this country sixteen years ago and in 1904 was married to John E. Johnson at Chicago. They moved to Morrison county seven years ago, locating on a farm at Belle Prairie, where they have resided ever since.

A husband and three children, Dora, Erick and Ernest, survive her. She is and may contract the disease if it is not removed. The matter was referred to the poor committee with power to act on the suggestion of sending him to the Walker sanatorium. A doctor had stated that he did not believe that he would live long.

H. W. Venners and Chas. Sylvester appeared before the council and asked for an appropriation for the Fourth of July celebration, or that the city hire a band. It was decided to appropriate \$100.

Three bills were allowed, one to Mrs. S. Zimmerman in the sum of \$5.04, for washing towels, one to the Little Falls Milling company, \$12.60, for feed for the park animals and one to Wm. Hang, chief of police, for \$4, for fares for poor.

Chief Fire Warden Geo. Emdor asked for an increase in the firemen's pay. He gave figures to show that the expense of the fire department has been greatly reduced since the truck was installed. From June, 1913, to June, 1914, the city paid out \$535 for time the following year it paid out \$382.25 for 14 fires, whereas from June, 1915, to June, 1916, since the truck has been in service, the total expenditures thus far have been only \$185.75, for the same number of fires as last year, or less than one-half of what they were the previous year. The old salary schedule of the firemen was 50 cents per hour for the first hour and 25 cents per hour for each following hour. Mr. Emdor asked that the pay be increased to 50 cents for the first three hours and 25 cents per hour for each hour thereafter. The council passed a resolution to this effect unanimously.

Mr. Emdor also called the council's attention to the poor condition of the floor in the city hall, where the truck is kept. He pointed out that the old chemical engine had been sold for \$225 and the hose cart for \$30 and asked the council to use this money in putting in a new concrete floor. The council favored this and the city clerk was instructed to re-advertise bids for the work. Bids were received some time ago but were considered too high and were rejected.

The report of Engineer Cooper, who was here Thursday of last week to make an examination of the new Franciscan hospital in regard to the installation of a motor to operate the elevator, was read. The report is published in another column. It was ordered filed with the city clerk.

B. F. Case of St. Paul, well known here, had his shoulder injured Thursday evening of last week near Bemidji when the car in which he and several other men were riding, turned turtle. The other men escaped injury.

Z. N. Barnes went to Cass Lake on business yesterday.

## CITY COUNCIL HELD MEETING

**OUT NUMBER OF SALOONS TO 17—PASS ORDINANCE OVER MAYOR'S HEAD**

A regular adjourned meeting of the city council was held at the city hall Monday evening, all members being present except Murphy.

Frank J. Kopacz, Mrs. M. Kerich, Gust Larson and Jacob Poch were granted permits to construct cement walks in front of their property. The city engineer was instructed to give them the proper grade for the walks.

Notices of the election of officers of Hose Company No. 1, 2 and 3 and Chemical Company No. 2, were read and the elections confirmed. Geo. Emdor was recommended by the fire department for appointment as chief fire warden and engineer, and he was duly appointed by the council. He announced that he had appointed P. J. Vasaly as first assistant chief, E. A. Loucks as second assistant and T. O. Berg as third assistant. These appointments were confirmed.

A petition for sprinkling Broadway West from First to Second street, was referred to the street committee for investigation and to report at the next meeting. Mr. Kaye stated that he could not handle this work unless a standpipe would be put up on the West side. Owing to the cost of a stand pipe, \$50 to \$75, and the failure of the petitioners to come before the original contract was let, because of the fact that the territory to be sprinkled is now all that can be handled with the present equipment, and because of the proposition made by the petitioners of paying \$1 per month each for the sprinkling service, which would necessitate the city collecting it each month, the council felt that the petition could not be granted. They expressed the opinion that if Mr. Kaye could handle the additional territory without interfering with his work on the regular district, and without necessitating the installation of a stand pipe and if he would arrange to collect for the sprinkling, the service could probably be furnished. No action was taken, however, except to refer the matter to the street committee.

The board of public works gave a report recommending that the sidewalk on Fourth street southwest be constructed. A resolution was passed authorizing the construction of the walk and referring the matter back to the board.

An ordinance was passed cutting down the number of saloons in this city from eighteen to seventeen. It went through without a dissenting vote.

The ordinance recently passed by the council to permit the chautauqua to exhibit here without paying a license, was brought up, and the mayor's veto of same was read. It was then submitted for a vote and was unanimously passed over the mayor's veto.

N. N. Berghelm on behalf of the Civic league called the council's attention to the serious condition of Andrew Kuffel. He stated that the man was in the last stages of tuberculosis and that something must be done with him. Several small children live in the same rooms where he is and may contract the disease if it is not removed. The matter was referred to the poor committee with power to act on the suggestion of sending him to the Walker sanatorium. A doctor had stated that he did not believe that he would live long.

H. W. Venners and Chas. Sylvester appeared before the council and asked for an appropriation for the Fourth of July celebration, or that the city hire a band. It was decided to appropriate \$100.

## BOARD, AT RECENT MEETING,

**DISCUSSES VARIOUS NEEDED IMPROVEMENTS**

Matters relative to the needs of the local public library were the subject of discussion at a meeting of the board, held Monday evening, at the library parlors. Those present were S. C. Vasaly, president, Miss Sadie Fuller, secretary, Mrs. C. A. Weyerhaeuser, Mrs. J. B. Holst, E. J. Richie and Mrs. Jenny Lind-Blanchard, librarian.

Several bills were allowed, including a bill for coal and one for the new furnace at the library, amounting to \$224.50.

That the library building and the grounds should be a model to pattern after the same as the public schools and grounds and the administrative buildings, has always been the belief of the board members, and to this end they have always sought to keep the appearance of the building and grounds at their very best and their latest step in this direction is to try to get new awnings for the building and to have the old fence removed and to use the appropriation for a new fence to construct a boulevard along the outside of the walk instead and thereby greatly add to the beauty of the premises. In the past the board has tried to keep the grounds and boulevards in shape but their efforts have been almost fruitless owing to the practice by some people of using them as thoroughfares.

In line with the aim to improve the library building, and also to save money, the board has concluded that a different way of handling the coal should be arranged. As things now are only about one-half of the amount of fuel required for the winter can be purchased at a time, owing to the inadequate size of the coal bin. It has been suggested that an outside underground coal bin large enough to handle at least a carload of coal, be constructed, of concrete or some such material. In this way the board could save money in purchasing the coal and the dust situation in the library would be relieved.

## MARRIED

The Sacred Heart church of this city was the scene of a pretty wedding Wednesday morning when Miss Isabelle M. Medved, daughter of Mr. and Mrs. Joseph Medved of this city became the bride of Philip J. Kobilka of Pierz. The ceremony took place at 9 o'clock, Rev. J. P. Altendorf officiating. Rev. Fr. A. Beyne of Belle Prairie assisted.

Miss Frances Kobilka, a sister of the groom, was maid of honor, and Edward Kobilka, a brother of the groom, was best man.

The bride wore a beautiful gown of cream pussywillow taffeta and georgette crepe. She wore a veil caught with lilies of the valley and carried a shower bouquet of roses and lilies of the valley. The maid of honor was gowned in bright blue taffeta and georgette crepe and a hat to match. She carried carnations.

After the ceremony a wedding breakfast was served at the home of the bride's parents on Broadway east. Mesdames Geo. Kiewel and W. Girtz served, Misses Martha Klatt and Tillie Girtz assisting. The dining room was prettily decorated with white streamers and with flowers and smiles.

Out-of-town guests at the wedding were Mr. and Mrs. Frank Jacobs, Mr. and Mrs. M. Danz and John Danz of St. Cloud, Mr. and Mrs. Theo. Kobilka, Philbrook, Mr. and Mrs. John Kobilka, Pierz, Mr. and Mrs. W. Girtz, Pierz; Miss Martha Klatt, Stillwater; Miss Tillie Girtz, St. Paul, and John Kobilka and daughters Rose and Alvena of Pierz.

Mr. and Mrs. Kobilka have gone to Minot, N. D., on their honeymoon. They will make their home on the groom's farm near Pierz.

At the Sacred Heart church Tuesday morning at 7 o'clock occurred the wedding of Miss Caroline Schmidt of Madison, Wis., to John Billestein of this city. Rev. J. P. Altendorf officiated. Only immediate relatives were present.

Mr. and Mrs. Billestein will reside here, Mr. Billestein being in charge of the Monarch grain elevator of this city. The bride is known to a number of local people, having visited here on various occasions as the guest of her sister, Mrs. G. F. Moeglein, Sr.

A. H. Venners was in Brainerd on business yesterday.

A crew of men are busy flushing the water mains in the city today.

The members of the choir of the Church of Our Saviour were entertained at a 6 o'clock dinner by Mrs. C. B. Buckman Tuesday. Covers were laid for twelve. After the dinner they enjoyed an automobile ride.

A man whom Hubert Friesinger, N. P. special agent, found at Gregory Tuesday afternoon, and whom he believed had disappeared from some institution in the southern part of the state, proved to be an inmate of the old folks' home of the Franciscan Sisters here. He had wandered away from the home Monday and had been out all night. He entered the home last winter, coming here from Albany.

Henry Gassert, commissioner from the third district, has filed for reelection. With the completion of the present term Mr. Gassert will have served the court from his district six years, in 1910 he being elected to finish the term of the late Peter Virnig, and was re-elected in 1912 without opposition. The district comprises the towns of Agram, Buh, Granite, Hillman, Little Falls, Leigh, Pierz and the First ward of the city of Little Falls.

## TEARING DOWN THE OLD JAIL

**LOG STRUCTURE TORN DOWN TO MAKE ROOM FOR RESIDENCE**

The old county jail, a log structure and an old landmark, is being razed to make room for a modern cottage to be constructed by C. B. Buckman. The old jail was built nearly a half century ago and for twenty years served as the county bastille, the present jail being erected 26 years ago. It was then moved from a site at the center of the court house square, frontage on Third street, to the lot just across the street on the east, where it has stood ever since. A number of years ago it was converted into a barn and an addition built to it.

When the men started to tear the old building down they found the timbers in it just as solid as ever and the old iron bars were still fastened to the windows. The jail building contained two cells, and two small rooms for the jailer.

It is said of the old jail that during the twenty years it served as a lockup not a single prisoner escaped from it.

## WM. J. BRYAN TO SPEAK HERE

**THE WELL-KNOWN NEBRASKA STATESMAN ON PROGRAM OF CHAUTAUQUA**

Among the speakers who will appear on this season's chautauqua program is one whom you all know and whom you will all want to hear. He is William Jennings Bryan. The Redpath-Vawter people have been fortunate in securing him for their program this year, in fact they were not certain until just a few days ago that they could get him, but the complete program has been received here and his name appears on the program for Wednesday, June 28, at 2 o'clock in the afternoon. It is not stated just what he will speak on but the program says that he is scheduled for a "Characteristic Bryan Address," which is not set.

The other numbers on the program are also good ones and the entire chautauqua promises to be very good. This is the Redpath-Vawter company's tenth anniversary and they have aimed to make the program the best ever. The complete program will be published later.

## FIND DEAD BABY IN SUIT CASE

**Lost Baggage Department of Railway Makes Ghastly Find**

Brainerd Dispatch (16): The lost baggage department of the Minnesota & International railway made a ghastly discovery Tuesday morning when a suit case was opened and found to contain a dead baby wrapped in a few clothes, wearing on its breast a cross. Wrapped about the blankets were newspapers believed to be Polish. The body is badly decomposed and foul play is suspected, for the head appears crushed in.

The unopened suit case, brand new, was found May 4 by car cleaners on smoking car No. 904 on Train 33 and left at International Falls. May 12 it was sent to Brainerd. Coroner Dr. C. A. Nelson, on examination, said the girl baby was a few days old and the cause of its death uncertain.

George Hailey was arrested last Wednesday afternoon on a charge of petty larceny, for stealing an umbrella from the Golden Rule. He was brought before Judge Lyon yesterday morning and was sentenced to jail for ten days.

Hailey first caused some trouble at the passenger station and was ejected from it. He then went to the East side and took a pair of shoes from a stand in front of the Hub store. He was seen by one of the employes and was caught, whereupon he returned the shoes and proceeded on his way. When he reached the Golden Rule, he grabbed an umbrella and proceeded to the West side, where he sold it. The authorities were notified of the theft and they immediately suspected Hailey. He was found and the party to whom he had sold the umbrella was also located and the stolen article was returned to the owner.
