

LOCAL SCHOOLS IN GOOD SHAPE

DEPUTY STATE FIRE MARSHAL MAKES FAVORABLE REPORT ON INSPECTION

All of the Little Falls public schools were found in good shape and only a few cleanup orders about the city were recommended by Deputy State Fire Marshal Marcus O. Jordan, who inspected this city Friday and Saturday. He stated that the school buildings were kept in fine shape.

Only in one building, the Central, did the inspector find anything that was not as desired. This was the electric wiring and he has recommended that it be condemned.

At each building he watched the fire drills and he was well pleased with them. At the Lincoln school with eight rooms and 250 pupils it took 45 seconds to empty the building. At the high school with 32 rooms and 300 pupils it took 60 seconds. Here he saw for the first time a fire drill by way of the fire escapes. At the Hawthorne, with six rooms and 270 pupils, all got out in good order in 30 seconds, at the Columbia with 6 rooms and 150 pupils it took 30 seconds and at the Central with 325 pupils it took 50 seconds.

ANOTHER APPROPRIATION FOR POSTOFFICE

A civil sundries bill reported to the house of representatives at Washington Friday contained an appropriation of \$26,000 for the Little Falls postoffice.

As yet Postmaster Brick has not heard whether the contract for the construction of the federal building has been let but he does not believe that it has. Bids were opened at the supervising architect's office at Washington on May 15 but it may be some time before the contract is let.

PENALTY ON TAXES JUNE 1

Tax-payers have only five more days in which to pay the first half of their real estate taxes, without paying the added penalty of ten per cent, May 31 being the last day. After that day the penalty accrues and the taxpayer must then pay his whole tax at once, whereas if he pays one-half of it before June 1 he has until October 1 to pay the other half.

LOCAL GIRL ASSISTS IN RECITAL AT WINONA

Miss Frances Simonet of this city, who is a student at college of St. Teresa, Winona, assisted Miss Lillian Dahl of that city in a piano recital at the Conservatory of St. Cecilia on Wednesday afternoon, May 10. Miss Simonet gave two groups of songs.

CHANGE TO BOOST THE STATE

Coming Meeting of All Minnesota Development Assn. is Opportunity

"The utmost significance should be attached to the first annual meeting of the All Minnesota Development association, which will be held at the state capitol, St. Paul, June 14 and 15," says Dean A. F. Woods, of the department of Agriculture, University of Minnesota. The association was created at the suggestion of the late Governor W. S. Hammond, in order to focus the attention of every organization for the betterment of Minnesota upon the big problems that concern the people of the entire state. It is great with possibilities, and everyone should help the state to realize on its possibilities. It means greater prosperity for all.

"Every interest and every district in the state should be represented at the coming meeting by one or more capable men.

"Among the vital problems that will be discussed are drainage, the control of flood waters, rural credits, land classification, immigration, and possible changes in the school system by which high schools may give one or two years of college work.

"The speakers who have been asked to discuss these and other questions are thorough students. It is probable that David F. Houston, secretary of agriculture, will present the subject of rural credits from the standpoint of the farmer.

"In such an organization is the people's opportunity to get the things for which there is crying need."

PAUL GAMROTH DROWNED AT FOLEY

Paul Gamroth of North Prairie, a former student at the local business college and known to many local people, was drowned in St. Francis river, near Foley, Sunday, while fishing. The young man was employed as book-keeper and stenographer for the Foley Lumber company. The remains were taken to North Prairie, where his mother lives, for burial.

Men's heavy quality, blue denim overalls and jumpers, 89c. J. C. Penney Co.—Adv. 12-1.

Members of the Knights of Columbus lodge and ladies were entertained at cards and dancing at the Elks hall Tuesday evening. Refreshments were served.

Work has been commenced on the construction of the sewer on Broadway east to connect with the government property where the new postoffice will be located. The Grand Forks Concrete company has the contract.

Bemidji Pioneer (19): B. W. Lakin and A. L. Molander drove up from Minneapolis yesterday in the former's new 7-passenger Paige automobile. At Little Falls they were joined by Mrs. B. W. Lakin and Mr. Lakin's mother, Mrs. F. H. Lakin, of Royalton, who will remain for a several days' visit in Bemidji.

MAY USE CONCRETE FOR PAVING FIRST STREET

It is probable that concrete will be used for paving First street northeast from Broadway to First avenue, as the result of investigation made by business men along the route of the proposed paving and city officials. It is believed that the cost of the concrete will be the least of any paving material and that it will be satisfactory as far as durability is concerned. The petition calls for concrete.

Bitulithic, some seem to think, is the best kind of paving but the cost would be too large, owing to the amount of machinery required to put in this kind of paving, and especially in this case, where the territory is only one block in length.

With the cressote block paving the trouble would be in the delay in getting the blocks. It is also thought that it would not be as durable.

J. K. Martin and Chas. Sylvester were in St. Cloud the first of the week to consult with the city officials and engineers there in regard to investigations made there. St. Cloud will do quite a bit of paving this summer and some of it will be with bitulithic.

Mr. West, former city engineer at St. Cloud, may come up here to examine the street to be paved and to give his views as to the best kind of paving.

Frank Minar's five-piece orchestra will give a dance at the Moose hall tonight.

The band will give a benefit dance at the Moose hall Tuesday evening, May 30.

Miss Marie Swanson has taken a position as assistant at the office of Dr. S. R. Fortier, the dentist.

Those desiring can secure the service of my three-quarter blood Jersey bull. G. Larson, 13th street southwest.—Adv. 12-2.

Frank E. Hall is to have a modern six-room bungalow erected on the lot just north of the Warren cottage, on Second street southeast. Alfred Molde will have charge of the work.

The Victor and Sunrise baseball teams gave a benefit dance at the Moose hall Thursday evening of last week. A fair sum was realized which will be spent to repair the grand stand at the West side ball park.

J. Sherman Levis and Dr. C. H. Longley spent the week-end with friends at Northfield and Janesville. They made the trip by automobile and were accompanied as far as the twin cities by Albert Enke, Clifton Roberts and Lawrence Longley.

Bemidji Sentinel: H. N. Harding, cashier of the First National bank of Cass Lake, was in Bemidji Wednesday, coming here to take possession of an 8-cylinder, 5-passenger Oldsmobile which he recently purchased of the C. W. Jewett company. Mr. Harding is the father of Miss Ruth Harding, an instructor in the Bemidji schools, and of G. S. Harding, manager of the Grand theatre.

ENTERTAIN FOR CHURCH CHOIR

About seventy-five people were the guests of R. D. Musser and the young men's class of the Congregational church Sunday school, at the Elks hall Saturday evening. The affair was given in honor of the choir of that church. The evening's entertainment consisted of music by a mixed quartet and a male quartet, and games. This was followed by a fine lunch at the Central Dining room. Several toasts were given, including one to the choir, to which Miss Laura Brannen responded for that organization.

INCREASE WAGES AT MILLS

The Pine Tree Manufacturing company has posted notices informing its employes of a uniform increase in wages of 15 cents per day, the raise being effective May 15. The increase is a bonus and is payable at the end of the sawmill season and was un solicited on the part of the employes and is intended to encourage them to remain until the sawing season is over, at least.

GERMAN EV. LUTHERAN CHURCH

Lutheran Zion's Congregation. Rev. F. J. Oehler, pastor, 409 Third avenue northeast. Sunday services: Services at Randall at 10 o'clock a. m. Services in the city at 2:30 p. m.

URIC ACID SOLVENT

50 Cent Bottle (32 Doses) FREE

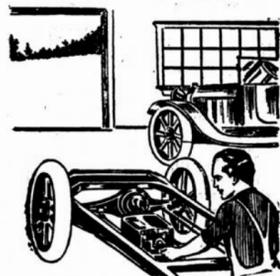

Just because you start the day worried and tired, stiff legs and arms and muscles, an aching head, burning and bearing down pains in the back—worn out before the day begins—do not think you have to stay in that condition.

Be strong, well and vigorous, with no more pains from stiff joints, sore muscles, rheumatic suffering, aching back or kidney disease.

For any form of bladder trouble or weakness, its action is really wonderful. The sufferers who are in and out of bed half a dozen times a night will appreciate the rest, comfort and strength this treatment gives.

To prove The Williams Treatment conquers kidney and bladder diseases, rheumatism and all uric acid troubles, no matter how chronic or stubborn, if you have never tried The Williams Treatment, we will give you one 50c bottle (32 doses) free if you will cut out this notice and send it with your name and address, with 10c to help pay distribution expenses, to The Dr. D. A. Williams Company, Dept. 2882D, New P. O. Block, East Hampton, Conn. A regular 50c bottle, without charge and without incurring any obligations.
