

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

BRITISH NOW HOLD ALL MAMETZ WOOD; DRIVE OUT ENEMY

RETAKEN GROUND LOST TUESDAY NIGHT TO GERMANS—REPULSE TWO ATTACKS AGAINST CANTALMAISON.

RUSSIANS AND TEUTONS CLASH ALL ALONG LINE

Von Linsingen Makes Stand at Stokhod River to Cover Approach to Kovel—Slavs Ask Armistice in Order to Bury Dead at Baranovichi.

London, July 13.—The British have retaken the ground lost Tuesday night to the Germans, according to the latest official statement, and now hold all of Mametz wood. Two German attacks against Cantalmaison were repulsed. The text reads: "The day was marked by sharp local fighting in certain areas of Mametz wood. We recaptured all the ground lost last night and now hold the whole wood. "We also made some progress in Troes wood. The very large number of German dead in this vicinity shows the costliness of their attack last night. "Two heavy German attacks against Cantalmaison completely broke down under our fire."

Teutons Fight for Kovel.
Berlin, July 13.—The Austro-German retirement from the Czartorysk salient, just south of the Pinsk swamps, having been completed, the opposing armies have come to grips all along the line of the Stokhod river, where Von Linsingen has elected to stand and cover the approach to Kovel. Heavy fighting is already in progress along the Stokhod, but apparently it is merely a sample of what later may be expected.

Retire for Strategic Purposes.
The retirement, according to advices from Austrian headquarters, was for strategic purposes, and the achievement is considered one of high degree. The Russians had worked well around the flanks of the old position, and if material and units were to be saved, the retirement over an almost roadless country had to be effected at a good pace. Comparative quiet prevails along the rest of the Eastern front. The Russian request for a short armistice in order to bury the dead at Baranovichi was granted, and heavy fighting has not yet been resumed.

AMERICAN AVIATORS WIN IN FIGHT WITH GERMANS

Men Fighting for France Rout Two Enemy Machines—Bullet Tears Coat of Victor.

Paris, July 13.—Another thrilling battle has been fought between American and German aviators and the Americans have won. For the first time in several days the American aviation escadrille in the service of France made a volunteer sortie over German lines and ran into a bunch of Teutons. Corporal Dudley Hill of Peekskill, N. Y., and Sergeant Kiffin Rockwell of Atlanta attacked an observation machine at once. Sergeant Norman Prince of Boston joined them, while a powerful aeroplane rushed up to aid the German side. All of the American machines were hit several times. Sergeant Rockwell got a bullet through his machine which also took a piece out of his coat over his heart, but he was untouched.

STATE CAPITOL IS STIRRED BY ALLEGED TIMBER FRAUD

Wholesale Prosecutions May Be Outcome of Investigation—Discrepancies Estimated at \$8,000.
St. Paul, July 13.—Wholesale prosecutions in the near future for alleged state timber frauds and irregularities are hinted at the state capitol. The reports gained circulation following an executive meeting of the state timber board at which disclosures were made of alleged discrepancies estimated to aggregate \$8,000 in reports returned by the state deputy sealer and later investigated. A rumor was circulated that the grand jury in one northern Minnesota county had returned three indictments in felony charges and that more are expected, but state officials declined either to confirm or deny the report.

To Take Milk to German Babes.
Amsterdam, July 13.—The next German commerce submarine to go to America will bring back foodstuffs, particularly condensed milk, according to reports received here from Bremen. Condensed milk also will form the bulk of the return cargo of other submarines to cross the Atlantic. In an interview, Bremen agents of the submarine's owners declare the new submarine enterprise was prompted mainly by humanitarian feelings, as German babies are dying because of the shortage of milk.

MAJ. CHARLES HINE

Maj. Charles Hine of Virginia, a graduate of West Point, who has filled every position on a railroad from brakeman to vice president, offered his services to the war department. He was formerly vice president and general manager of the Southern Pacific railroad of Mexico and is familiar with the lines and railroad yards throughout the republic. During the Spanish-American war he commanded a Battalion of volunteers.

SHARK KILLS TWO OFF JERSEY

MONSTERS CLAIM FOUR VICTIMS IN TWO WEEKS.
Attack Man and Boys in Arm of Raritan Bay, Near Matawan, N. J.

Matawan, N. J., July 13.—Lester Stillwell, 12 years old, bathing in a man-eating shark while bathing in an arm of Raritan bay near here. Stanley Fisher, 24 years old, who went to his aid, was so badly injured in a struggle with the sea monster that he died while being taken to a Long Branch hospital. Shark Snaps Off Leg. Joseph Dunn, 12 years old, bathing some distance away in the same inlet, was attacked by a shark and one of his legs was so lacerated that amputation probably will be necessary. A dozen or more boys, who also were bathing in the inlet, heard Stillwell's screams for help. Fisher, who was standing on the bank, went to the rescue. He had only gone a few feet when the shark attacked him, tearing a piece out of his thigh. In spite of his wound Fisher caught the boy up in his arms and had started for the shore when the shark renewed the attack. Battered as he was Fisher was helpless and the shark snapped off his leg. Fisher released his hold on Stillwell and himself sank beneath the surface unconscious. Fourth Victim in Two Weeks. Headless of the danger another boy sprang into the inlet and dragged Fisher out. No trace of young Stillwell was found and it is believed he was devoured by the shark. This is the fourth time within two weeks that sharks have claimed the lives of bathers along the New Jersey coast.

M. W. SAVAGE, MANUFACTURER AND HORSE LOVER, IS DEAD

Well Known Stock Breeder Passed Away Thirty-two Hours After Dan Patch Dies.

Minneapolis, July 13.—M. W. Savage, stock breeder, manufacturer and Dan Patch owner, died at Hill Crest hospital of heart failure just 32 hours after the peerless Dan Patch, the horse he loved, died at the Savage stock farm. Both Mr. Savage and his famous horse were taken sick July 4. Mr. Savage was removed to the hospital that day to have a minor operation performed. He was considered to be recovering from it until 5 p. m. Wednesday, when he suffered a sudden decline and did not rally. British Take Guns of "1874." London, July 13.—The Reuter correspondent at the British front reports that two German field guns bearing the date "1874" have been captured by the British. The correspondent asks whether, without attacking and interfering to the incident, if these guns do not indicate the date to which the Germans are beginning to be prepared in order to meet sufficient armament.
