

LITTLE FALLS HERALD

VOL. 28 NO. 26 LITTLE FALLS, MORRISON COUNTY, MINNESOTA FRIDAY, SEPTEMBER 1, 1916

ROUTE WILL NOT BE CHANGED

C. M. BABCOCK OF HIGHWAY COMMISSION SAYS MATTER IS DEFINITELY SETTLED

No more worry need be felt as to the route of the Jefferson Highway through Minnesota, as C. M. Babcock of the state highway commission, in an interview with Dr. E. W. Kallher of this city while here for a short time yesterday noon, stated that the route has been selected by the Jefferson Highway commission and the state highway commission will have nothing more to do with it.

Mr. Babcock came up here over the Jefferson Highway in company with another gentleman from St. Paul. In the course of his conversation with Mr. Kallher, who has known Mr. Babcock since boyhood, he said that the roads between the twin cities and this city were in fine shape and he expressed himself as well satisfied that the central route was selected, and that he believed C. I. McNair of Cloquet, another member of the highway commission, was also satisfied with the outcome.

Upon being approached in regard to the action of the commission in refusing to recognize the Jefferson Highway, Mr. Babcock said that they had refused to recognize it and that they do not intend to. The commission has not recognized any other trail that has come through this state, he said, as the commission felt that the matter was purely one for the organization behind it. Hereafter the commission will have nothing to do with the designation of routes for any similar highways in this state.

In speaking of the value of the central route as compared with the loop route, Mr. Babcock agreed that this route covers the most territory in the shortest distance, that it is the most economical route, from the standpoint of material and all-around-the-year service and upkeep, and that this route had the greatest mileage of good roadway already constructed.

From here Mr. Babcock and his companion left over the Jefferson Highway for Staples. They intended to go to Brainerd.

POTATOES SELLING AT RECORD PRICE

Potatoes are the highest now that they have been at this time of the year in many years, owing to the scarcity, the potato crop being a failure, according to local grocers. The retail price yesterday was \$1.10 per bushel and potato buyers, while not buying potatoes now because of the fact that not many are being brought to town, say that if they could get enough for a carload they could well pay \$1.00 per bushel for them. In years when the potato crop has been good the price has been as low as 20 cents per bushel at this time of the year.

FAIR ONLY A DOZEN DAYS OFF

LASTS FOUR DAYS BEGINNING SEPT. 13—BIG LIST OF PRIZES FOR EXHIBITS

Only twelve more days until the county fair. Everything is in readiness for the fair, which promises to be the biggest and best that has ever been attempted here. It will last four days, Sept. 13, 14, 15 and 16, the first day being for the entry of exhibits only.

Eighteen hundred dollars in cash will be awarded in premiums for the best exhibits in a number of departments comprising horses, cattle, hogs, sheep, poultry, agriculture, horticulture, horticulture, cooking, sewing, school work, etc.

In the line of entertainment the society has arranged for some first class vaudeville specialties, including acts by the Five MacLarens, the Five Marriotts, and the Stewart-Mercer Trio. J. H. Stair of the Peters Cartridge company will give daily exhibitions of fancy shooting. Mr. Stair is considered one of the best trap shooters in the country. On Saturday there will be a big tug-of-war between the various farmers' clubs of the county.

Make it a point to attend this fair. It will be both instructive and entertaining and will be well worth seeing. If you have anything that you have grown on your place or that you have made, bring it to the fair. In this way you are helping to boost Morrison county.

P. W. DONOVAN TO LEAVE BRAINERD

P. W. Donovan, who for the past seven years has made his home at Brainerd, where he has been superintendent for the E. J. Longyear Mining company, has been promoted to the position of superintendent of the contract drilling for this company and will move to Minneapolis to make his home. Mr. Donovan was a member of the water and light board for some time. Mr. Donovan was a number of years ago a resident of Little Falls, being the son of Rev. Donovan, a former Congregational minister here.

COURT HOUSE CLOCK IS HERE—WILL BE PUT IN NEXT WEEK

Max Corbin, local agent for the company awarded the contract for the installation of a clock in the court house tower, states that all the parts for the clock are here now and he has notified the company to send a manager to install it. Work will no doubt be begun Monday or Tuesday. This is the clock for which the late Josiah Page bequeathed \$2,000.

Miss Gladys Warren leaves tomorrow for Franklin, where she will be an instructor in the eighth grade and assistant in the high school the coming year. Miss Warren graduated from the St. Cloud normal last spring.

IS YOUR PANTRY FILLED?

GROCERIES ENOUGH IN TOWN FOR 3 TO 5 WEEKS—GASOLINE SUPPLY IS GOOD

What will we do in Little Falls if the threatened railroad strike goes into effect Monday? is a very common query heard on the streets and everywhere now. The heads of the railroads have intimated that they will be able to handle the situation without seriously crippling the service, but the people nevertheless are very anxious to know how the supply of food, gasoline, etc., is going to hold out.

An effort was made yesterday by a Herald representative to get a line on this, and this is what he learned: That the local grocers are in a position to supply the local trade with groceries from three to five weeks, providing the demand is normal. However, they anticipate a big rush on the principal foodstuffs and in such event the supply would be crippled in a week to ten days. Perishable goods would last only a day or two. From now on the grocers will not accept big orders. No more sugar is being sold by the sack.

The gasoline supply is pretty good here. Two local agents have in all about 25,000 gallons and the garages and hardware stores have from 200 to 1,000 gallons. This, it is estimated, will last fifteen to twenty days. After that not a wheel would be moving, it is thought.

In other lines the strike will not make much difference. The meat markets will be able to supply their patrons with meat except in the canned goods, etc., which they do not prepare themselves.

The telegraph and telephone will do a big business in event of the strike, as the mail service will be crippled and a great deal of business correspondence will have to be done in this way.

Geo. T. Slade, first vice-president of the Northern Pacific, has sent out an announcement stating that after Sept. 4 the company will not be responsible for delays to travelers; that non-perishable goods will be accepted for shipment subject to delay; that the company will try to provide transportation necessary for the health and subsistence of the communities served; that the company will move at least one train each way daily over its main lines for the transportation of passengers, mail and express; that these activities will be gradually extended so far as practicable.

MARRIED

St. Francis Xavier church was the scene of a pretty wedding Monday, when Miss Emma Boudreau, daughter of Mr. and Mrs. Napoleon LaFond of 400 Ninth street northeast, became the bride of Frank E. LaGrave of Minneapolis. The wedding took place at 9 o'clock a. m., Rev. Fr. A. Lamotte officiating.

The bride marched to the altar, followed by the two bridesmaids, Miss Hilda Boudreau, a sister, and Miss Cecile LaGrave, sister of the groom. At the altar the bride was met by her brother, Clarence, and by Ronald McEachern.

During the ceremony Misses Celia and Marie Gannon sang "Ave Maria" and "O Salutaris" in a very pleasing manner.

The bride wore a beautiful dress of white pussywillow taffeta trimmed with duchess lace and georgette crepe. She carried a bouquet of white roses and lilies of the valley.

Miss Hilda Boudreau wore a dress of yellow crepe de chine and carried yellow roses and Miss LaGrave wore a dress of pink silk tulle and carried pink roses.

After the ceremony a bounteous wedding breakfast was served to about twenty guests, at the home of the bride, 400 Ninth street northeast. The dining room was beautifully decorated with pink and white streamers and flowers. Serving were Misses Cecelia Adams, Winifred Renick and Alice Berg.

The couple received many beautiful and useful wedding gifts. The bride is well known and popular here. She was raised and educated here and for the past three years has been employed as stenographer at the office of the county register of deeds.

Mr. LaGrave is a brakeman for the Northern Pacific and is known here, having made his headquarters here for some time. His home is in Minneapolis.

Out-of-town guests at the wedding were Mr. and Mrs. W. C. LaGrave of Minneapolis; parents of the groom, Miss Kathleen LaGrave, of Minneapolis, aunt of the groom, Mr. and Mrs. Barney Bentler of Randall, the latter a sister of the bride, Mr. and Mrs. Dennis Boudreau of Aitkin, the former a brother of the bride, Miss Cecile LaGrave and Clarence LaGrave, sister and brother of the groom and Ronald McEachern of Minneapolis.

Mr. and Mrs. LaGrave left Monday afternoon for a honeymoon trip to Minneapolis and to points on the Pacific coast. They expect to return in about a month and will probably make Minneapolis their home.

St. Cloud Times (27): A quiet wedding took place at Foley Tuesday when Miss Frances Christie of Royalton became the bride of George Mink of Little Falls. The bride was attended by her sister, Miss Elsie Christie, and the groom was attended by his brother, Fred Minkel. A wedding breakfast was served at the home of the groom's mother at Rice. The young couple will make their home in Little Falls where the groom is an employe of the Northern Pacific.

Mrs. Edna Pennington of Minneapolis has taken a position as dressmaker at the St. Paul store.

BASEBALL GAME SUNDAY

ELKS TEAM TO TRY CONCLUSIONS WITH SWANVILLE AT THE FAIR GROUNDS

Sunday afternoon the baseball lovers of this city will be given the opportunity of witnessing several old timers play baseball. Among them are Al. Dominick, former pitcher for the local all-salaried team, Charles Sylvester, who used to hold down the first sack Alfred Stoll, our old second baseman, Edw. Berg, the pinch hitter, and several others. It's going to be in the game between the Elks team of this city and the Swanville Regulars, at the fair grounds, beginning at 3:30 p. m.

Last Sunday the Elks trimmed Swanville 4 to 2 and they believe that it was their ability as baseball players and not sheer luck that did it and therefore they are confident of next Sunday's game. They will line up the same as last Sunday.

Swanville has an unusually fast nine this summer and they have been winning all season. Editor Rhines of the Swanville News has been managing the team, which accounts largely for the fast team they have there. A good game may be looked for Sunday.

The following Sunday the Elks may play a pickup team from among local players, to be mustered up by Peter Newman.

AN OLD MISSIONARY IS DEAD

Father Tomazin, Priest for 50 Years, Demised—Not Suicide, Says Fr. Trobec

St. Cloud Journal-Press (30): That Father Ignatius Tomazin, who died following a fall from the window of the Sherman Hotel in Chicago last Saturday, was the victim of an accident and was not a suicide as originally believed, is the advice brought to this city by Rev. John Trobec, who has just returned from Chicago. Father Trobec says that it is the opinion of Chicago people that Father Tomazin was at his prayers near the window and perhaps fell asleep and tumbled from the window.

Father Tomazin had not been at Chicago long before his end came. He was until recently stationed at the St. Anthony parish, in this diocese. For more than fifty years he has been a priest, in the early days of the settlement of this state, serving as a missionary in this vicinity and near Mine Laes and Leech lakes, where there were settlements of Whites and Indians.

SCHOOLS OPEN MONDAY

Next Monday, at 2 p. m. the public schools of this city will open for the fall term. The first day will be for enrollment at the grade buildings and for those students at the high who did not make out their enrollment cards last spring.

Some improvements have been made at the schools, including the installation of a new ventilating system at the Lincoln and new plumbing at the Central.

N. P. PUTS EMBARGO ON PERISHABLE GOODS

F. G. Ruth, local agent for the Northern Pacific, has received a notice from headquarters of an embargo on all perishable shipments, owing to the possibility of the threatened railroad strike beginning next Monday. The reason is that the company wishes to avoid being held for claims for losses by the shipments being held as a result of the strike. The embargo includes all livestock.

C. B. Kuhlmann of Minneapolis, former principal of the local high school, is in the city for a few days, to gather data for the State Historical society in regard to the settlement of Morrison county. Mr. Kuhlmann is now a member of the teaching corps of the state university.

A small pamphlet containing facts and figures about Morrison county has been compiled by Messrs. A. H. Larson of the local high school and Verne Steward of the Royalton high school. The pamphlets, which are from the Herald presses, will be distributed at the state fair and should result in much good for the county.

Gerald W. Massy, Jr., of Minneapolis, who for the past year has been manager for an insurance concern in that city, has accepted a fine position with an insurance company of Great Falls, Mont., in the actuary department. Mr. Massy and family will be here today for a visit with relatives, enroute to Great Falls.

A fire caused a slight damage to the roof of the Pine Tree Manufacturing company's repair shed located on Second street northeast, near the tracks, at about 1:10 Wednesday afternoon. The fire truck was called out but the fire was extinguished before they arrived, by the mill department. The blaze was caused by a spark from the chimney.

The delivery horse of the Firnstahl & Vadnais company was frightened in some manner while standing in front of the store yesterday and ran away. As the horse swung around the corner of Broadway and First street the contents of the wagon, including groceries, apples, etc., were spilled in the street. The horse was stopped after going a couple of blocks and no damage resulted except to the groceries.

BORN

JOHNSON—To Mr. and Mrs. David Johnson, Wednesday, August 30, a daughter.

SOPA—To Mr. and Mrs. Joseph Sopa, Friday, August 25, a daughter.

HOLSTLANDER—To Mr. and Mrs. Sam Holstlander of Little Elk, Saturday, August 26, a son.

SMALL GAME LICENSES ARRIVE

CHICKEN SEASON OPENS NEXT THURSDAY—SMALL GAME IS SCARCE

County Auditor McNairy has received a supply of small game licenses for distribution beginning next Monday. The season for chickens and ducks opens on Thursday, September 7. Hunters can make application for the licenses before Monday but they cannot get them before that time as the law provides that they shall not be issued until three days before the opening of the season.

The movement to the fields will not be as great this fall as usual, it is said, owing to the scarcity of chickens, because of the unusually wet spring which caused the destruction of large quantities of eggs.

Already the auditor has received a number of applications for licenses.

VICTOR THEATRE OPENS TONIGHT

After having been closed for a couple of weeks during the hot weather, the Victor theater will reopen again this evening with the regular program of photoplays. Two shows will be given, at 7:30 and 9 p. m. and the usual prices will prevail. For the opening night Mr. Muirgrigge, the new proprietor, has secured a splendid feature.

Ted Taldeski, a pianist who was employed by Mr. Muirgrigge at another place, has taken the position as pianist at the Victor.

WERE THE CHILDREN OF JASPER FRENCH

Mrs. J. R. Briggs of this city is in receipt of a paper from Osnabrook, N. D., confirming the report of the death of the twin sons of Mr. and Mrs. Jasper French of that place. They were burned to death in a fire which destroyed a shed in which they were playing. Mr. French and family formerly resided here, moving to North Dakota several years ago.

K. C. PICNIC POSTPONED INDEFINITELY

Owing to the fact that Bishop Busch of St. Cloud will confirm a large class at St. Francis Xavier church next Sunday, the Knights of Columbus picnic, which was to be held at the Bredfeld grove south of town Sunday, has been postponed indefinitely.

MRS. FISH OF SAUK CENTRE DEAD

News has reached here of the death of Mrs. Geo. Fish of Sauk Centre on Monday morning, after an illness of several years' duration. Mrs. Fish is the wife of the chief of police of Sauk Centre. She is known to a number of Little Falls people.

HIBBING AT BRAINERD SEPT. 3 AND 4

The Brainerd baseball team is scheduled to clash with the fast Hibbing semi-professional nine at Brainerd next Sunday and Monday. A big celebration is to be held there on Monday, which is Labor Day.

The board of county commissioners will hold a regular monthly meeting at the court house next Tuesday.

Spirit J. Vasily, the optician, returned Tuesday night from Chicago where he took a post-graduate course at an optical school.

Bert Boyes, night patrolman on the West side, is enjoying a two weeks' vacation and Day Patrolman Smith is taking his place.

George, little son of Dr. and Mrs. G. M. A. Fortier, had his right arm fractured above the elbow Monday evening while playing near his home.

Marriage licenses have been issued this week to Albert Stepan and Mary Dengel; Frank E. LaGrave and Emma E. Boudreau; and to Peter L. Miller and Gevenie M. Poster.

Monday evening the Brainerd Gas company had gas turned on there for the first time, it being used to illuminate their office and the displays in same. The plant was installed by the Whitney interests of St. Cloud.

The Ladies' Aid of the Swedish Lutheran church will be entertained at the home of Mrs. Nels J. Peterson, Second street northwest, Thursday of next week, at 3 p. m. Lunch will be served. All are welcome to attend.

A regular monthly meeting of the city council will be held next Tuesday evening. The meeting should be held on Monday evening but as that is Labor Day, a legal holiday, adjournment will no doubt be taken to the following evening.

Frank Knuth caught a pike weighing nearly ten pounds in the river here, just below the dam, Tuesday.

H. B. Smoots, proprietor of the Milo theater, has purchased a new picture machine called a motograph. The machine runs two reels of pictures without stopping.

Hereafter the seven annual holidays will be given to postal employes in full, that is, those who must work on these holidays will be allowed compensatory time later in the month. In the past the employes were allowed the holidays only as they could be spared and then only in rotation.

The electric light rate committee made a meeting on Tuesday evening and discussed rates. They decided that before making a report to the council and submitting a schedule of rates they would arrange for a meeting at which a party who makes a study of such matters, who is connected with the extension division of the state university, could be present. This will probably be after the county fair.

TAKE EXHIBITS TO STATE FAIR

MESSES. LARSON AND STEWART HAVE CHARGE OF MORRISON'S BOOTH

A. H. Larson, agricultural instructor at the high school, leaves today for Hamline to fix up the Morrison county exhibit at the state fair. Verne Steward, agricultural instructor at the Royalton schools, went down last night with the exhibits, which were taken down from Royalton in a separate car. The same booth has been allotted this county this year, the first one on the left in the west wing of the agricultural building.

The exhibits taken down include nearly everything that is raised in Morrison county, including grain, vegetables, both stock and table, fruits, corn, potatoes, preserved wild fruits, honey, grasses, fodder, curiosities and miscellaneous. Mr. Larson, in speaking of the exhibits, said yesterday that the grains are not so good and that the vegetables are small but of good quality. The corn is very good, he said, and potatoes are good and the fruits are excellent. He expects a very good exhibit of the last named three. On the whole, Morrison county should stand a very good chance of winning first place in this section.

Owing to the poor crops this year many counties have dropped out of the contest and from this section there will be only four contestants, Washington, Wadena, Todd and Morrison counties.

Both Mr. Larson and Mr. Steward will be at the booth during the fair and will show the visitors the exhibits and distribute literature advertising the county.

DIED

Mrs. Fred Bugh of Belle Prairie dropped dead from heart failure Friday at about 11 o'clock a. m., on her way to the field to pick corn, in company with her daughter and baby. She was 36 years of age.

Mrs. Bugh and the other two were driving toward the field when the horse took fright at some object and jumped to the side. Mrs. Bugh, who had the baby in her arms, became frightened and told her daughter to take the child as she felt weak. She immediately fell back in the seat, and her daughter, not realizing her fate, but thinking she had fainted, drove back to the house. Efforts to revive her were futile and a doctor was called, who pronounced death instantaneous from heart failure.

Deceased was born in Missouri in 1890. She was married there in 1897 and in 1902 they came to this state, locating at Belle Prairie, where they have lived ever since.

Surviving the deceased are her husband and four children. They are Melva, Vernon, Harry and Genevieve. She is also survived by her parents and a brother and sister.

The remains were taken to Burtrum Monday afternoon for burial.

Andrew Garreau, aged 75 years, who has been an inmate of the old folks' home of the Franciscan Sisters here for the past twenty-four years, passed away here Monday from old age. The funeral was held from St. Francis Xavier church Wednesday at 8 o'clock a. m. and interment was in Calvary cemetery.

Mrs. Selma Allen of Flensburg passed away at her home Sunday from pulmonary tuberculosis. She was 27 years of age. The funeral was held at Culdrum Wednesday and interment was in the Culdrum cemetery.

APPROPRIATION FOR MILLE LACS INDIANS

Sum of \$689,460 Included in the General Deficiency Bill

Washington, Aug. 29.—An appropriation of \$689,460.54 is made in the general deficiency bill reported to the house today to pay the Mille Lacs Indian claim, which has been pending in the courts for about ten years. The court of claims finally found that this amount was due the Indians for their lands located around Mille Laes lake, and taken from them by the Federal government without their consent.

The bill provides that \$457,873.94 shall be placed in the United States treasury to the credit of the Indians to draw 5 per cent in accordance with the terms of the Nelson act of 1859. It was explained at the Indian office that the remainder represents the interest due the Indians and the amount also will be retained in the Chippewa fund. Acting Commissioner Merritt said there would be no disbursement of any part of the fund to the Indians. A special act of congress will be needed for that and none has been recommended.

A meeting of the fair board will be held at the office of Secretary Bergheim next Tuesday at 3 p. m., when matters pertaining to the coming fair will be discussed.

Wm. T. Lambert and sister, Mrs. Libbie Holmes, former residents of Morrison county, returned to Seattle Wednesday, after a visit of some time with relatives in Little Falls, Royalton and other parts of the county. J. D. Barstow, of Barnum, known to a number of old settlers, accompanied them to Seattle for a visit.

Steven Simonet and George Kenkel made a automobile trip to Osakis and Alexandria and had to be pulled out once. Steve tells us that he did not have to hire a team for the purpose either, as they happened to get stuck in the road in front of the Mike Gibbons farm. (Mike is the noted prize fighter.) He, with his brother Tom who is also a top notcher in the pugilistic game, pushed the car out, Steve says.

NEW COMMISSIONER SELECTED

J. N. CARNES OF ROYALTON APPOINTED TO SUCCEED THE LATE F. H. LAKIN

J. N. Carnes of Royalton is the new county commissioner for the fourth district, comprising the townships of Lakin, Mount Morris, Morrill, Buckman, Two Rivers and Bellevue and the villages of Royalton, Bowlus and Buckman, to succeed the late Fred H. Lakin. He was appointed at a meeting of the chairmen of the board of supervisors from each of these places at a meeting at the court house yesterday afternoon. There were nine votes cast, of which number six were for Mr. Carnes and three for Aug. Sauer. An informal ballot was taken and this was made formal.

Mr. Carnes is one of the prominent business men of Royalton and is generally known throughout the county, having been active in different lines of business.

The appointive term runs to January. Mr. Carnes will be a candidate at the fall election for the unexpired term which from January will still have two years to run, the full commissioner term being for four years.

SAYS JEFFERSON HIGHWAY IS WELL MARKED

St. Cloud Journal-Press (29): That the system used by the Jefferson highway officials for marking the route is an ideal one for tourists is the opinion of Ray Brunning of the county auditor's office, who returned yesterday from a trip to Itasca state park.

The initialed monogram in blue and white shows up for a long distance," he said, "and there is no trouble at all about spotting turns. Wherever possible three posts on each side of the turn are marked."

Work on the Jefferson highway from Cushing to Staples is being pushed rapidly, according to Mr. Brunning, and the sandhills are being cut away as fast as possible. Except in one or two places the roads were reported in fine shape and the sand difficulty at first experienced is now being overcome by the three crews kept on the highway.

"It is going to be a road well worth traveling on," said Mr. Brunning.

TRANSMISSION LINE NEARING COMPLETION

The Water Power company expects to have the poles all set for the electric transmission line from this city to Long Prairie by the 10th of September, according to Superintendent Geo. M. Gordon. A crew has been working toward Swanville from Long Prairie and they are within a mile and a half of the village. Another crew is working from here toward Swanville. The company expects to be in readiness to supply Long Prairie with current by the first of October.

FORMER LOGAL MAN MISSING

CHAS. CASSIDY DISAPPEARS ON FISHING TRIP—HAD BEEN IN POOR HEALTH

Three weeks of fruitless searching, during which time the bottom of Lake Duluth has been dragged thoroughly, have failed to reveal the body of the whereabouts of Charles A. L. Cassidy, who disappeared from Buffalo, Minn., while on a fishing trip, says an article in the Minneapolis Sunday Tribune. Mr. Cassidy was a former Little Falls resident, being manager of the Giant Grip Horseshoe company here at one time. His wife was Miss Easton, at one time a teacher in the local schools.

According to the article, Mr. Cassidy, who had been employed as general sales manager for the Stack-Gibbs Lumber company of Coeur de Alene, Idaho, had been in poor health for some time, and he recently went to Minneapolis to rest up. From there he and a friend went to Buffalo on a fishing trip, Mr. Cassidy being greatly improved in health. When last seen he was rowing on the lake near Buffalo, late at night. His companion did not miss him until early the next morning when it was time to take the train for Minneapolis again. A search of the lake revealed a boat containing his hat but no trace of Mr. Cassidy has been found. The lake has been dragged and the surrounding country has been searched without avail. Mr. Cassidy is 33 years of age.

MUNICIPAL COURT

Frank Crystler of Royalton had a hearing before Judge Lyon yesterday on a charge of carnal knowledge of a girl under 18 years of age. He was bound over to the grand jury and his bonds were fixed at \$500. He has not yet furnished the bonds and is in the county jail.

Judge Lyon fined Fred Swanson of Rail Prairie \$2 and costs Wednesday morning for using abusive language.

Rose Zurovski of Berg's addition was found guilty of using abusive language, by Judge Lyon in municipal court, Saturday, and was sentenced to pay the costs of the case, amounting to \$9.54. She was arrested on complaint of J. A. Kullas. Miss Kullas paid the costs in the case on a similar charge on Tuesday of last week, Rose Zurovski being the complainant in that case.

Paul Herman of Vawter was brought before Judge Lyon Monday afternoon, charged with assault and battery on the person of Mrs. Herman, his divorced wife. The hearing was continued to next Wednesday.

Max Schinovitz was fined \$5 and costs by Judge Lyon Monday, on a charge of dealing in junk without a license. He was unable to pay and was let out on his promise to pay the fine. Acting Chief Smith made the arrest.
