## HIGH SCHOOL SQUAD TO AITKIN

### JOURNEY THERE BY AUTO TOMORROW FOR GAME—OTHER GAMES SCHEDULED

Tomorrow the local high school football team will journey to Aitkin by automobile for a game with the high school team at that place. This will be the first game of the season which counts on the local team's average, the game with the alumni two weeks ago being only for practice.

M. W. Zipoy, principal, and Coach Liljedahl will accompany the team and R. R. Dennison, principal of the Brainerd high, will join them there and will officiate in the game. If arrangements can be made fifteen of the local boys will make the trip and thirteen will be picked for the team. Those who are scheduled to go up are William Malburn, Fritjof Elvig, Leo Blake, Lloyd Tanner, Walter Holmes, Stewart Sims, Carlyle Palmer, Carlyle Hennen, Harry Schroeder, Arthur Richard, Clifford Perry, Harry Dobbins, Norman Elvig, Leo Grimes and Elmer Byllenous. The lineup has not yet been decided upon.

Other games which have been scheduled by the local high are as follows: Brainerd here, Oct. 14. St. Cloud here, Oct. 21. Brainerd there, Oct. 28. Anoka here, Nov. 4.

## WHEAT AND FLOUR TAKE ANOTHER JUMP

Wheat took another jump this week and No. 1 northern is now quoted at \$1.61, the highest it has been in a long time, and 9 cents higher than it was a week ago. Flour consequently took another climb and best patent is now \$4.80, bakers' \$4.20 and rye \$4.00 per hundred. This is the highest flour has been in many years, it is said.

E. Rioux returned Wednesday from Horace, N. D., where he has been doing threshing for some time. He states that the crops in the vicinity of Horace were extremely poor this year.

The city council held a special meeting yesterday to issue a permit to J. F. Joswiak to install a new plate glass front in his building on Broadway east, where the Women's Exchange was until recently located.

Anthony Raymond, who lives on Second avenue southeast, between Eighth and Ninth streets, is critically ill and his recovery is doubtful. He is now nearly 89 years of age. He is a Civil War veteran.

## EXAMINER PRAISES COUNTY

### DEPUTY BOOSTROM SAYS HE CAN FIND NO OCCASION FOR CRITICISM HERE

Assistant public examiner Charles R. Boostrom of St. Paul is in the city on business and will be here until the first of next week. He has been making an examination of the books of the county officials here. In answer to a query by a Herald representative as to the handling of the affairs of Morrison county he said: "No county is better. The examination a year ago failed to bring any criticism whatever and there are no indications, from what examinations I have made thus far, that there will be any criticism this year."

Yesterday Mr. Boostrom and County Treasurer Frank Renick left for Leigh, where the former will examine the township books. This was recently petitioned for by ten residents of the town.

## ARRESTED FOR DESERTION

John P. Eisel of Pierz was arrested there recently by Adam Bentfield, deputy sheriff at that place, on a charge of desertion from the U. S. army. He was brought to this city and placed in the county jail and the sheriff will deliver him to the authorities at Ft. Snelling today.

Mrs. J. W. Anderson underwent a serious surgical operation yesterday at St. Gabriel's hospital.

The Professional Five Hundred club will hold the first meeting of the season at the home of Mr. and Mrs. R. L. Nichols on Tuesday evening, Oct. 17.

Morrison county is realizing a neat income from the city municipal court here, Judge Lyon each month turning over money collected for fines to the county as well as to the city. This week he deposited with the county treasurer \$55 collected in fines last month for the county.

Fred Mills, who moved from here to Minot, N. D., about a year ago, and who has been employed in a flour mill there, is now located at Glasgow, Mont., where he is head miller for a flour mill recently built there by the owners of the Minot mill. The new mill has a daily capacity of 250 barrels.

County Attorney C. Rosemeier was in Motley Wednesday to act as prosecuting attorney in the case of the state vs. George Stapher, charged with assault and battery. The complaint was made by Mr. Willits, the proprietor of a drug store at that place. He was found guilty and was sentenced to pay a fine of \$10 and costs or spend 20 days in jail. The case was before Justice Newcomb.

Mr. and Mrs. L. A. Whittemore of Grand Rapids visited with Dr. and Mrs. E. W. Kaliber of this city last Wednesday evening, enroute to Elk River and the twin cities for a visit. Mr. Whittemore is a cousin of Mrs. Kaliber. He was a resident of this city about fifteen years ago, being employed in Wulling's drug store. This was his first visit to this city in thirteen years and he noted many improvements and changes here.

## STATE AID FOR HIGH SCHOOL

### IND. SCHOOL DIST. GETS \$4,702 THIS YEAR—STATE PAYS TUITION

Little Falls Independent school district will receive \$4,702 in state aid this year for the high school, according to a letter received by L. E. Richard, secretary for the local district, from the state superintendent of schools. This is less than the district was originally entitled to, the last legislature failing to make a large enough appropriation for this purpose.

This district was to receive \$4,506, of which \$1,800 was for regular work, \$908 for the agricultural department, \$600 for the manual training department, \$600 for the home economics department and \$600 for the commercial training department, but from this 30 per cent is deducted, because of the shortage of funds, leaving \$3,154 for the above mentioned departments. The teachers' training department gets 1,200 and \$348 will be paid as tuition for pupils attending the high school who live outside of this district, making the total \$4,702.

## 291 HUNTING LICENSES ISSUED

Since the opening of small game hunting season the county auditor has issued two hundred and ninety-one licenses. The following have taken out licenses during the past week:

Little Falls—Frank Madison, M. E. Lonne, Frank Friend, Alex Sobolewski, L. O. Wessel, C. A. Mathieson, Earl M. Gordon, John Grest, F. H. Philbrick, Frank Gaboury, N. J. Peterson, Marion Roberts.

Royalton—P. M. McDougall, Walter McDougall.

Swanville—Wm. Joseph Randall—Sterling Vogt.

Proctor—George Coons.

Pierz—Andrew F. Faust.

## LIGHT RATE COMMITTEE TO MEET TONIGHT

The electric light rate committee will hold a meeting at the office of N. N. Bergheim at 7:30 this evening. The committee hopes to be able to complete work soon so as to be able to make a report to the city council in the near future.

Mrs. E. F. Brown entertained the Kensington Embroidery club at her home yesterday.

Attached to the noon local to Brainerd Wednesday were two special coaches carrying state senators who were enroute to Walker to be the guests of Senator P. H. McGarry on a short outing on Leech lake.

Wm. Pedley has sold his part of the old Pedley homestead to Dr. E. E. Hall of this city and his brother, Sherman Hall of Baring, Maine. The latter will move here soon and will occupy the farm. Mr. Pedley has moved to a residence on Seventh street northeast, this city, which he purchased recently.

It is said that motorists passing over the Jefferson highway south of this city are sometimes greatly delayed by herds of cattle which are pastured south of the city. The cattle are driven to pasture and back over this road and sometimes they progress very slowly and it is almost impossible for an automobile to pass.

## MARRIAGE LICENSES

Marriage licenses have been issued the past week to Ignatz Brisk and Mary Cimenski, Frank Pohlpkamp and Catherine Sues, John Olesak and Helen Matzko and to John A. Wiener and Caroline Batzer.

## TRANSACTIONS OF THE COUNCIL

### ORDER SEVERAL STREETS FIXED—WILL BUY MORE FIRE HOSE

The city council held a regular monthly meeting at the city hall Monday evening, all aldermen except Johnson and Farrow present.

L. V. Tanner, as agent for the Tanner estate, was granted a permit to replace the fireproof roofing on the St. Paul store building with new fireproof roofing.

Geo. Moeglein, Sr., was granted a permit to put a fire-proof roof on a small building on First avenue southeast, between Kidder and First streets.

Alderman Falk told the council that Mrs. A. Kobbé had requested that some arrangements be made for the payment of her sewer assessment in five annual payments. The city clerk stated that the assessments had been turned over to the county auditor some time ago and that therefore nothing could be done. City Attorney Rosenmeier said that the county officials were very reluctant about making any changes after the figures have once been entered, therefore nothing was done in the matter. The total amount of the assessment was \$20.

The report of Municipal Judge Lyon with a receipt for \$2 attached was accepted and ordered filed.

A petition by residents on Ninth and Tenth streets southeast asking that something be done to drain their property, was referred to the street committee. The property referred to lies near the Sam LaFond home and is a hollow. A pipe was put in several years ago to drain the land, but it is claimed that the pipe was not put down deep enough.

City Clerk Schallern was instructed to advertise for bids for 1,000 feet of fire hose. There is only about 2,300 feet of hose at the city hall and 2,000 of this must be kept on the fire truck in order to keep the city in the fourth class, leaving only a very small amount for exchange.

George Emdler told the council that the lanterns which the fire department has are ineffective in a dark place where the smoke is thick and he asked that a good searchlight be purchased and placed on the fire truck, for use at fires. The fire committee was authorized to get one.

Alderman Moeglein, chairman of the street committee, reported that the committee had inspected Fifth street southeast in regard to drainage and he said that the committee had come to the conclusion that if the residents along the street would put in sidewalks the trouble would not doubt be greatly relieved. As to First street northeast, he said that there is no use of doing anything with it unless some binder is first put on. A lively discussion as to what should be done on the various streets followed and each alderman had some street that he wanted fixed, until finally President Hall had to halt the discussion, as a number of propositions had been brought up and were being discussed at the same time. They then went back to the beginning of the street discussion, and upon motion by Alderman LaFond the street commissioner was instructed to grade all of Fifth street east and all of Sixth street northeast except the block between Broadway and First avenue. Alderman Brown then moved that First street northeast be fixed up with clay, gravel or brickpats for a distance of three blocks, one at a time, making the strip eighteen feet wide. This motion carried. The street commissioner was then instructed to put in three crushed rock crossings on First street northeast. Two of these are on the east side of the street, one on either side of the high school and the third crosses the street.

Christ Van Buskirk of Sixth street southwest asked that something be done to take care of the surplus water in that vicinity. He suggested that the ditch on that street be cleaned out and believed that this would relieve the trouble. The matter was referred to the street committee for investigation.

The annual tax levy was made. This will be found in another column.

The street sprinkling assessment was confirmed. City Clerk Schallern explained that for First avenue southeast, where the sprinkling was not started until later in the season, the assessments were made on a pro rata basis.

The sum of \$400 was appropriated for the repairing of the Pike Creek road. The council advertised for bids for this some time ago but received none and therefore had the right to make an appropriation in excess of \$200.

Bills allowed:

Water Power Co., hydrant rent	\$495.83
W. P. Co., street lights, etc.
