

THE GOOD JUDGE LISTENS TO MEN WHO KNOW SOMETHING.

I'VE CHEWED NEARLY EVERY KIND OF TOBACCO AND WAS NEVER TOBACCO SATISFIED UNTIL I GOT W-B CUT-THE REAL TOBACCO CHEW.

HERE is the common sense way a W-B CUT user put it up to one of his friends: "When it comes to tobacco satisfaction, that's got to be in the tobacco in the beginning. Molasses and licorice won't put it there. W-B CUT is rich tobacco and chock full of real tobacco satisfaction—excess sweetening has no charm for you once you know quality tobacco. And remember the other points—less grinding and spitting, and half-sized chews."

Made by WEYMAN-BRUTON COMPANY, 50 Union Square, New York City

TEACHERS PAY FOR NURSE IN SCHOOL

That each county in Minnesota might profitably follow the example of Ramsey county, is the opinion of Dr. I. J. Murphy, of the Minnesota Public Health association. Each of some sixty teachers, headed by an enthusiastic superintendent in that county will contribute \$2 a month the coming year toward the maintenance of a school nurse.

general sanitary survey of the locality and lecture at community meetings. Any community of three to four hundred inhabitants could keep a nurse busy for a week; communities of a thousand, for two weeks or a month. Whenever a school board fails to see the advantage of having a visiting nurse, a private organization should demonstrate the need.

SEED GRAIN POOR; EARLY TESTS NEEDED

On account of the excessively dry weather this summer and the injury to grain by rust, much of the seed wheat, barley and oats is of poor quality. Light seed necessarily means that there is a limited amount of food material in the seed. Farmers should be exceedingly careful, therefore, to have all seed tested for germination before planting. It will be well, also, to have seed tested early so that good seed may be obtained if the first tests show poor germination.

Much of the testing can be done by the farmers themselves, although the seed laboratory, University farm, St. Paul, Minn., will be very glad to make any test free of charge, for anyone sending in seed. A good-sized double handful is a sufficiently large sample to send in for testing.—W. L. Oswald, in charge of seed laboratory.

If you are afflicted in any way look up Jergens, your chiropractor. A few adjustments will convince you that chiropractic will correct the cause of "disease." Hours 3 to 5 and 7 to 8.—Adv.

HUMPHREYS'

Humphreys' Homeopathic Remedies are designed to meet the needs of families or invalids, something that mother, father, nurse or invalid can take or give to meet the need of the moment. Have been in use for over SIXTY YEARS.

BRIG. GEN. F. H. FRENCH

Brig. Gen. Francis H. French of the Twenty-first infantry, who has just been promoted from a colonel, has been appointed by Secretary Baker as chairman of a board of army and navy experts to investigate the merits of the machine gun controversy now raging in the war department. The board consists of nine members and will probe reports that the ordnance bureau has been hostile to the Lewis machine gun, as well as make a recommendation as to how the \$12,000,000 appropriated by the last congress for the purchase of machine guns for the army shall be distributed.

HUNT FOR SUBMARINES' BASE

AMERICAN DESTROYER FLOTILLA ON MYSTERIOUS MISSION.

Admiral Lets No Report of U-Boat Bases Pass By Without Investigation.

Newport, R. I., Oct. 12.—The American navy is taking every precaution against the use of the American coast as a base of supplies for foreign submarines. All day there was great activity among the destroyer flotilla at the naval base here and when the destroyers McCall, Porter and Cummings went out on a mysterious mission in the afternoon, the rear admiral in command of this district was asked if the boats were searching for a submarine base or looking up some foreign submarine tender.

All Reports Investigated. "I cannot answer that," the Admiral stated, "but we are letting no report of submarine bases or tenders pass by without investigation."

In an effort to clear up the mystery concerning the British steamer Kingstonian, which was reported as having been destroyed Sunday, Captain David P. Studley of the lightship, was asked to forward what information he had in the matter.

Reported Sinking May Be Error. A radio message from him said: "Report of sinking was received from Captain Wilson and crew of Strathdene when they boarded this vessel. Claimed they saw Kingstonian attacked and crew taking to boats. Crew of Christian Knudsen boarded lightship after pulling for hours after having been sunk 30 miles south of the lightship."

Naval men were inclined to think this indicated that the reported loss of the Kingstonian was an error.

RAILROAD IS CHARGED WITH "FRAUD" OF OVER \$5,300,000

Kansas Commission Finds No Legal Method to Prevent Practices Laid to St. L. & S. F.

Topeka, Oct. 12.—The Kansas Public Utilities commission has granted the application of the St. Louis and San Francisco railroad company for permission to issue \$264,000,000 worth of stock and bonds.

In an opinion handed down by the commission with its decision regarding the reorganization plans the commission charges "Looting" of claimants against the road by compelling them to take only a part of their due and in some cases, stock in the company. The amount of the alleged "fraud," according to the opinion, is over five and one-third million dollars. The opinion then states that the commission could find no legal method to prevent such practices.

Destroyer Paul Jones Wins Race. San Diego, Cal., Oct. 12.—The United States destroyer Paul Jones won the annual race of the Pacific flotilla in competition with five other vessels of her class, in a run from San Pedro, Cal., to this port, a distance of a little more than 100 miles. The Paul Jones averaged 23 knots an hour. For the first 40 miles the Whipple led, dashing down the coast at a 25-knot speed, when a broken feed pipe forced her into second position. The Hull, Preble, Hopkins and Stewart finished in the order named.

GEN. EBEN SWIFT

Col. Eben Swift, stationed at the army service school, at Fort Leavenworth, Kan., has been appointed a brigadier general, succeeding Gen. J. J. Pershing, who is now a major general.

BAVARIANS INVADE ROUMANIA

AUSTRO-GERMANS ANNIHILATE ARMIES IN TRANSYLVANIA.

Sweep King Ferdinand's Forces Back Upon Their Own Frontier, According to Berlin.

Berlin (By wireless to Sayville), Oct. 12.—Bavarian troops under General von Kraft, after capturing the Red Tower pass, have marched southward and invaded Rumania from the north for the first time since the beginning of the war, it is semi-officially announced.

Two Armies Annihilated. The first and second Rumanian armies that invaded Transylvania have been annihilated by the Austro-Germans, who are sweeping the enemy back upon their own frontier. The northern army, composed of Rumanians and Russians, has begun to waver and is retreating hastily through the Geogeny mountains beyond Parait. Falkenhayn Credited.

Falkenhayn, having annihilated the first Rumanian army, turned at once against the second and rolled it up from west and south with an irresistible attack that broke the enemy's opposition on the Sinka river and threw the Rumanians across the mountains of the Geister wood into the All valley, where they again have been caught and defeated, according to the official war department statement issued.

LIND DEFENDS ADAMSON LAW AND WILSON'S POLICY

Former Minnesota Governor Tells Sioux City Audience Measure is Real Eight-Hour Law.

Sioux City, Iowa, Oct. 12.—John Lind, former governor of Minnesota and special envoy of President Wilson to investigate conditions in Mexico, in a speech here defended the Adamson bill and the administration's Mexican policy.

President Wilson's handling of Mexican affairs, he said, follows the policy assumed by President U. S. Grant toward that country.

In reply to the condemnation of the Adamson bill by its opponents on the grounds that it is a measure which regulates wages and not hours, Mr. Lind said:

"The Adamson bill will not bring the employes one penny increase in wages unless the men are required to work longer than eight hours." He contended strongly that the measure is a real eight-hour law.

MILLIONS SPENT IN U. S. PRESS BY GERMANS, CLAIM

Von Bethman-Hollweg to Be Questioned by Socialists, According to Berne Telegram.

London, Oct. 12.—According to a Berne telegram to the Wireless Press, German Socialists are planning to question Chancellor von Bethman-Hollweg in regard to the allegations that 200,000,000 marks was spent for newspaper propaganda in the first two years of the war. One-fifth of this sum is said to have been spent in America and large sums in Greece and Turkey.

French Troops Gain More Ground. Paris, Oct. 12.—In the course of Tuesday night French troops gained more ground south of the River Somme, it was announced at the French war department.

Protests to Mexican Delegates. Atlantic City, N. J., Oct. 12.—Samuel Gompers, president of the American Federation of Labor, protested to the Mexican members of the Mexican-American joint commission against the drastic decree of the Carranza government issued to reduce the number of strikes. The commissioners informed Mr. Gompers the decrees were not of a sweeping character and were designed to meet specific cases. Mr. Gompers' protest was based chiefly on a decree that provided the death penalty for those striking.

ITALIANS CAPTURE 6,000 AUSTRIANS IN DRIVE ON TRIESTE

LATINS AGAIN TAKE OFFENSIVE IN ENDEAVOR TO REACH DUAL MONARCHY'S CHIEF PORT ON ADRIATIC.

FRENCH CAPTURE GERMAN LINES SOUTH OF SOMME

Berlin Admits Loss of Salient Near Verdandovillers—Violent Counterattacks by Teutons in Chaufnes Wood Repulsed—German Loss Estimated at 3,556,048.

London, Oct. 12.—The Italians have again taken the offensive against the Austrians in their endeavor to reach Trieste, Austria's chief port on the Adriatic, and at several points south and southeast of Gorizia have made good progress. In addition they took nearly 6,000 prisoners.

Austrian Line is Broken.

South of Gorizia the Austrian line was broken between Tobara and Veratolba, according to Rome, and on the Carso front intrenchments between V. paco river and Hill 208 were captured. Here the town of Novallia and a strong position around the northern portion of the hill fell into the hands of the attackers. Trenches in the Trentino region also have been won by the Italians and 530 Austrians made prisoners.

French Take Salient in Somme Region. Berlin concedes the capture by the French of a German salient near Verdandovillers, south of the Somme river in France, and also by the British of first line trenches near Sally, north of the Somme.

Violent counterattacks by the Germans on the newly completed positions of the French in the Chaufnes wood have been repulsed. In the Vosges mountains the Germans invaded French trenches, but later were driven out.

German Losses, 3,556,048. The British official press bureau announces the German losses during the war up to the end of September as, dead, 870,182; prisoners and missing, 428,829, and wounded, 2,257,007—a total of 3,556,048. The figures are declared to have been compiled from German official lists.

GERARD DENIES MISSION TO WARM OF U-BOAT RAIDS

Declares Relations Between United States and Germany Are as Friendly as Can Be.

New York, Oct. 12.—James W. Gerard, United States ambassador to Germany, who returned here Tuesday on his first vacation in nearly three years, issued a formal statement in which he denied that his homecoming had been caused by the need of warning the administration at Washington of Germany's intention to resume indiscriminate submarine warfare against neutral as well as hostile shipping. In his statement the ambassador said: "I say to you what I said to a reporter for the Berliner Tageblatt at Copenhagen before I sailed: 'I should not think of leaving my post at this time if I were not convinced that the relations between my country and Germany were as friendly as they could be and gave every promise of continuing so indefinitely.'"

MEXICAN BAND NEAR BORDER

Cavalrymen Seen Approaching River Opposite Presidio, Texas.

Presidio, Texas, Oct. 12.—The American military authorities here have received a report through civilian sources that a column of Mexican cavalry, apparently about 500 strong, had been seen through field glasses moving down the Concho river about eight miles from Ojinaga, which is opposite Presidio. Mexicans here assert that a band of Villa's men of this strength several days ago passed the vicinity of Santa Rosalia toward the border.

DUTCH TO ASK GERMANY TO EXPLAIN TORPEDOING

The Hague, Netherlands, via London, Oct. 12.—The Dutch government, it is learned, on the basis of facts already ascertained, will immediately ask Germany to explain the sinking of the Dutch steamer Bloemerdijk in the Atlantic off the New England coast last Sunday.

Gasoline Pumps Give Short Measure.

Chicago, Oct. 12.—Eighty-two per cent of the gasoline pumps in use at garages, filler stations and other gasoline selling agencies in the state have been found to be giving short measure. A survey completed by the federal bureau of weights and measures, reports that at only 18 per cent of the pumps does a motor owner get the full amount of gasoline for which he pays. The investigation was made under the direction of Lewis G. Stearns, secretary of state.

WILSON APPOINTS CIVILIANS TO AID NATION'S DEFENSE

PRESIDENT HOPES NEW COUNCIL WILL BE RALLYING POINT FOR CIVIC BODIES WORKING FOR PLAN.

EFFICIENCY SOLE OBJECT; AMERICANISM IS MOTIVE

Railroad President and Labor Leader Are Among Seven Members of Commission Named—Will Inform Manufacturers Part to Play in Emergency.

Harrisburg, Pa., Oct. 12.—President Wilson, en route to Indianapolis, announced the appointment of members of the advisory commission to be associated with the council of National defense created by Congress at the last session. At the same time he gave out a statement saying he hoped the council "will become a rallying point for civic bodies working for the national defense."

The seven members of the new advisory commission named by the President are: Daniel Willard, president of the Baltimore & Ohio; Samuel Gompers, president of the American Federation of Labor; Dr. Franklin H. Martin of Chicago, Howard E. Coffin of Detroit, Bernard Baruch of New York, Dr. Hollis Godfrey of Philadelphia and Julius Rosenwald of Chicago. Created to insure peace.

The President's statement follows: "The council of national defense has been created because the Congress has realized that the country is best prepared for war when thoroughly prepared for peace."

"The council is organized in the words of the act, for the creation of a relation, which will render possible in time of need the immediate concentration and utilization of the resources of the nation."

"The organization of the council likewise opens up a new and direct channel of communication and cooperation between business and scientific men and all departments of the government and it is hoped that it will in addition, become a rallying point for civic bodies working for the national defense."

Functions of the Council. "The council's chief functions are: 1. The co-ordination of all forms of transportation, and the development of means of transportation to meet the military, industrial and commercial needs of the nation."

"2. The extension of the industrial mobilization work of the committee on industrial preparedness for the naval consulting board. Complete information as to our present manufacturing and producing facilities adaptable to many-sided uses of modern warfare will be procured, analyzed and made use of."

"One of the objects of the council will be to inform American manufacturers as to the part which they can and must play in national emergency. Americanism is Only Motive."

"The personnel of the council's advisory members, appointed without regard to party, marks the entrance of the non-partisan engineer and professional man into American governmental affairs on a wider scale than ever before. They serve the government without remuneration, efficiency being their sole object and Americanism their only motive."

REPORT OF ADMIRAL ON U-BOAT RAID AWAITED

Policy of United States Will Not Be Determined Until Later, Lansing Announces.

Washington, Oct. 12.—The policy of the United States regarding the recent U-boat raid off the New England coast not to be determined until much more complete information has been received. This was announced by Secretary Lansing after his return from his conference on the subject with President Wilson at Shadow Lawn. Although the secretary declined to elaborate on his statements, other officials indicated much would depend on Rear Admiral Knigh's report on all the naval phases of the raid, particularly the steps taken to insure safety of passengers.

ALLIES READY TO AID GREECE

Offer Assistance if She Enters War, But No New Concessions. Athens, Oct. 9, via London, Oct. 12.—The Allies again have offered to assist Greece in case she enters the war, but it is understood no new concessions have been made.

Slayer of Priest Freed By Jury. Minneapolis, Oct. 12.—Mrs. Agneta Dudek, freed of the charge of killing Father Henry Jajski by a jury in the district court in St. Paul, is at home in Minneapolis with her children. After expressing gratitude she walked from Judge H. R. Brill's court room with her husband, Henry Dudek, at liberty for the first time since March 1, when she entered the confessional of St. Casimir's Catholic church and shot and killed Father Jajski. The jury deliberated for one hour and 15 minutes before reaching a verdict.
