

**FELL FROM LOFT;
HURT; THEN WELL**

**HOW A MAN WHO LANDED ON
WOOD PILE AND WAS SORE
FROM HEAD TO FOOT
FOUND QUICK RELIEF**

Once upon a time Edwin Putnam, who lived in the quiet, pretty hamlet of Wendel Depot, Mass., climbed up into a loft to get some building material, just as many another man living in the country must often do. Suddenly he slipped and fell. Ten feet below was a pile of wood, knotted and gnarled. It was a nasty tumble, and Mr. Putnam was injured painfully in the back, he was covered with bruises, and was sore from head to foot.

The next day he bought a bottle of Sloan's Liniment which had been recommended to him. Within a very few hours the soreness had vanished and the lameness had disappeared. He was an active man once more.

Sloan's Liniment can be obtained at all drug stores, 25c, 50c and \$1.00.

**PETITION FOR DISMISSAL
OF INJUNCTION IS DENIED**

**Jurist Directs Receivers of Road to
Assist in Expediting Case to Na-
tion's Highest Tribunal—
Final Ruling Expected
Before Jan. 1.**

Kansas City, Mo., Nov. 23.—In a "hurry-up" decision in the United States district court here Judge William C. Hook ruled that the Adamson eight hour day law is unconstitutional and invalid.

The court refused to grant the motion of federal attorneys asking that the application of the receivers of the Missouri, Oklahoma & Gulf railroad for an injunction against the Adamson law be dismissed.

To Go to Highest Court.

Judge Hook directed the receivers of the railroad, who brought the original action in this case to enjoin the law from going into effect, to assist the government in expediting the case to the supreme court of the United States for final decision, and instructed them through their attorneys to invite the representatives of every railroad in this country to participate in the hearings before the highest court of the land.

Avoids Scattered Litigation.

This was requested in the government's motion to dismiss the injunction petition of the railroad, the government desiring to avoid prolonged, unnecessary and scattered litigation through the hearing of countless similar suits filed by every rail system in every federal district in the United States through which their lines run.

"My decision was merely to rush the case to the supreme court as rapidly as possible," Judge Hook said after the opinion.

Decision Expected Soon.

Francis M. Wilson, United States district attorney, and Frank Hagerman, special counsel for the government, intimated that the appeal would be ready at once.

It is expected that the ultimate decision as to whether the law will go into work Jan. 1 will be handed down within a short time. A transcript of the present case will be filed at the supreme court before it reconvenes Dec. 4.

**CALIFORNIA'S VOTE IS
CONCEDED TO WILSON**

**Rowell Refuses to Indorse Plan to
Withhold Certificates From
Democratic Electors.**

Sacramento, Cal., Nov. 23.—Chester H. Rowell, chairman of the Republican state central committee, refused to indorse Secretary of State Frank C. Jordan's plan of withholding certificates of election from Democratic electors upon the ground of errors in several precincts.

When the matter was referred to Mr. Rowell for settlement, he issued the following statement:

"Whether there are such irregularities in the returns as to justify proceedings in the courts is a matter which the state committee will have to determine after consultation with Chairman Willcox and the national committee in New York, but certainly the insignificant errors in two precincts discovered by Secretary of State Jordan would not justify him as a ministerial officer in permanently withholding the certificates of election of the California electors and thereby depriving California of its vote in the electoral college. Such a proposition is too ridiculous to discuss."

This is expected to end the matter. The latest official count of the state gives the lowest Wilson elector a lead of 1,242 over the highest Hughes elector.
