

**NORTHERNDERS WIN THE SERIES**

**DEFEAT ELKS TEAM SUNDAY BY SCORE OF 5 TO 1—MAKES THE TENTH STRAIGHT WIN**

The Elks baseball team was trimmed again Sunday by the Northenders, by an even larger score than in the previous game, the score being 5 to 1. This gives the Northenders the city championship and makes a total of ten straight games won by that aggregation this season.

The Elks got their only score in the second inning, when Berg got to first on an error by Beaumont, stole second and scored on a hit by Lauermann.

Brousseau brought in the first run for the Northenders, also in the second inning. He singled, stole second and scored on a hit by Sundstrom. The second run was secured in the third inning, when Jacobson was walked, stole second, advanced to third on a passed ball and scored on an infield out. Two runs were brought in in the sixth inning. Ploof went first on an error by Longley, went to second when Berg muffed Johnson's grounder and to third when Brousseau sent a grounder to Longley, who got Johnson at second. Chouard sent a grounder to LaForce, who threw to first, but Lauermann dropped the ball and Chouard was

safe and Ploof scored. Sundstrom flew out to Wetzel, Brousseau scoring. Chouard was then caught at first, retiring the side. The Northenders got their last score in the eighth inning, when Johnson singled, stole second, advanced to third on a hit by Chouard and scored on Sundstrom's sacrifice.

Harvey Ploof, left fielder for the Northenders, pulled off a sensational catch in the eighth inning. He made a long run and speared Wetzel's fly with one hand.

Wm. Batters and Richard Meyers umpired the game.

**FRECKLES**

The Broadway Amusement Co., the producers of "Freckles" which comes to the Victor theatre Friday, Aug. 24, has spared neither pains nor expense in staging this song play in the most elaborate manner possible. In the first place there is an environment in "Freckles" which very few plays possess; chances for scenic investiture amazingly natural and picturesque; and when it is understood that the management has brought it up to the highest standard of stage production both from a scenic point of view and by means of a thoroughly competent and perfectly balanced cast, there is a double assurance of merit.

Minneapolis Journal (19): At the home of Mrs. H. M. Hohler, 5014 Thirteenth avenue south, this week are her sister, Mrs. Jessie Cadman from Houston, Texas, and Miss Celia Blair, Little Falls, and her aunt, Mrs. McCarthy, of Spokane, Wash., who motored here after a visit with Mrs. Hohler's parents, Mr. and Mrs. Peter Blair, of Little Falls. Miss Blair's fiancé, Harold Sparks of Bowls, spent a few days with the Hohlers enroute to St. Louis, where he will join the signal corps. Lee Clegg of Chicago is expected this week. He is the fiancé of Mrs. Cadman.

**WOMEN AND CHILDREN IMPORTANT**

**Extra Efforts To Be Made To Have Exhibits At State Fair Bigger And Better Than Ever—Style Show To Eclipse Anything Yet Held—Children's Contests To Interest Many.**

Women and children will take a most important part in the Minnesota State Fair, which is to be held September 3 to 8 and which, this year, is to be conducted as a Food Training Camp in the voluntary service of the government.

For years past the women and children have done their share to make the Minnesota State Fair the success it has been, but this year, possibly due to war conditions, they will be called upon, as has everybody else, to put forth extra efforts to make conditions as near normal as possible.

Because of a shortage of materials for the manufacture of high grade clothing it has become necessary for manufacturers to turn their attention to other materials besides pure wools and other fabrics, which, before the war, were easily obtainable.

**Big Style Show.**

For some time past the women who will have charge of the exhibits in the women's department have been busily engaged planning the affairs and, while definite plans have not been announced as yet it is certain that among other things to be seen in the women's building will be a style show, which will eclipse anything of the kind yet attempted at the Minnesota State Fair. Living models will be used to display the very latest styles.

Plain sewing will be given special attention this year. This feature is particularly important because the war has brought about conditions that have necessitated doing away with

frills and fancy things and has replaced them with the simpler and plainer wearables.

Demonstrations will be held along the line of how to do plain sewing and how to utilize different materials which will come into more common use as time goes on.

**Boys' and Girls' Camps.**

In the children's department there will be many features of interest. Among these will be the camp for farm boys and also one for girls.

Winners in last year's contests for farm boys in raising pigs, corn and potatoes will contest for honors at the fair. They will make up the farm boys' camp and during the week will live right on the fair grounds. Great rivalry is said to exist this year and it is expected the judges will have more difficulty in selecting the winners than for some time.

The girls, who will contest in bread-making and canning, will also have their share of attention. These girls have already been selected in the various counties, where they have won prizes and this year, with government officials present, they will doubtless outdo themselves to produce the best possible results. The girls will be quartered at the State Agricultural School near the Fair Grounds.

Besides these contests there will also be the annual spelling contest open to both boys and girls, by which the champion speller of the state will be determined. This contest, too, has always attracted lots of attention and this year will be no exception.

**URGES USE OF COTTAGE CHEESE MAY BE MADE HERE**

A. A. Storvick, dairy manufacturing specialist with the government department of agriculture, was in the city the latter part of last week to urge the use of cottage cheese as a food. It is one of the important meat substitutes, he said, containing a larger percentage of protein (the chief material of body building), than most meats, and costing less.

Mr. Storvick consulted with the officers of the Sylvester-Nichols company of this city relative to the manufacture of cottage cheese at their factory here and it is possible that this product may be added to the list of products manufactured by this company.

Itasca County Independent: C. C. Kelly returned Monday night from Ft. Ripley, where he has been for the past several months scaling logs. Mr. Kelly will be in Grand Rapids for at least several weeks and during this period it is most likely that his photoplay "Two Kentucky Boys," will be shown at the local picture theatre, as the management is in correspondence at present with the Edison company, who produced the play, relative to showing it here.

**LUTHER LEAGUE**

The Luther league of the Swedish Lutheran church will hold a combined literary and social meeting at the home of Mr. and Mrs. O. B. Carlson, 410 Second avenue southwest, tonight. A program will be given and refreshments will be served. All are welcome.

In the article last week regarding J. B. Wing, who was fined for assault, it should have been stated that the person assaulted was a farmer from Buckman town. S. Trebby only made the complaint.

Charles Sylvester left Saturday by automobile for Ft. Collins, Colo., for a month's visit with his mother and other relatives. He traveled over the Jefferson Highway as far as Colo, Iowa, where he took the Lincoln Highway.

Rev. Elof Peterson, pastor of the Swedish Lutheran church of this city, is in Dassel this week to attend the annual meeting of the Minnesota Conference Luther League, as a delegate from the Brainerd district. The convention began yesterday and lasts four days.

**DELAY ROAD TO SAUK CENTRE**

**TODD COMMISSIONERS TURN DOWN PROPOSITION FOR STATE ROAD—NEW PETITIONS**

As the result of the Todd county commissioners turning down the proposition for the state road between Little Falls and Sauk Centre, that highway will be an uncertain thing until next spring at least, says the Sauk Centre Herald of last week. The highway was to run from this city, passing through Swanville, Burtrum, Grey, Eagle and Ward Springs, and would be in three counties, Morrison, Todd and Stearns.

Morrison county's commissioners acted favorably on the matter a long time ago and favorable action is expected from the Stearns county board, as only a small strip of the road would pass through that county. But Todd commissioners turned down the proposition because of a misunderstanding as to the exact location of the proposed highway.

New petitions will be circulated again late this fall, according to the Sauk Centre Herald, and the matter will be definitely settled by the state highway commission next spring.

J. S. Bunker opened his billiard parlor in the Richard building last Saturday. He has six pocket billiard tables and one carrom table. He expects to have the bowling alleys ready by tomorrow. Mr. Bunker carries a line of tobaccos, confectionery, soft drinks, etc.
