DECLARES U. S. AT WAR WITH AUSTRIA

BILL INTRODUCED BY CONGRESS MAN FLOOD CONTAINS WILSON'S RECOMMENDATIONS.

OTHER MEASURES TO COME UP

Suffrage and Prohibition May Be Voted on Before Christmas Holidays—Many Members Would Fight Turks and Bulgars.

Washington, Dec. 6.—A joint resolution drafted in accordance with the views of President Wilson and the state department, declaring a "state of war exists" and "has existed" since noon Wednesday, between the United States and the Austro-Hungarian government and directing employment of the entire naval and military forces to carry on war against that government, has been introduced by Chairman Henry J. Flood of the house foreign affairs committee.

Senate Not in Session.

The senate was not in session, but its foreign relations committee which will handle the resolution, was in conference.

The sentiment for including Turkey and Bulgaria in the list of recognized enemies persisted and there was promise of some attempt to amend the resolution.

The committee of both houses, however, will be guided by the state department in the language of the resolution and if the administration has its way, as it probably will, Turkey and Bulgaria will be left for the time when they come directly in the path of America's action against Germany.

Set Machinery in Motion.

The department of justice began taking steps for disposition of the great number of new alien enemies the war declaration will create. The job is much more difficult than it was in the case of Germany. There are in the United States many subjects of Austria-Hungary who are opposed to that government and sympathize with the cause of the United States.

Other Measures to Come Up.

Outlining a legislative program in the house, Democratic Leader Claude Kitchin said legislation should be confined as far as possible to appropriations and war measures, but that woman suffrage and prohibition constitutional amendments, he expected, would be taken up and voted on before the Christmas holidays. He said conservation measures would be considered.

NEW WAR MOVE TO MAKE 1,670,500 ENEMY ALIENS

Estimates Taken From Last Census—Number Doubtless Greater Now.

Washington, Dec. 6.—Declaration of war on Austria-Hungary automatically will make enemy aliens of 1,174,975 Austrians and 495,609 Hungarians in the United States, according to the last census. The number doubtless is much greater now.

Scores of them will be arrested within a few hours after a declaration of war. Many of these men have been under surveillance by department of justice agents for months, but have not been taken into custody because of lack of definite evidence against them.

For several months government agencies have been gathering information on the hostile activities of Austrians who were not subject to the restriction and those caught in illegal acts were arrested and tried under the usual criminal statutes. Many others were free to travel and obtain information valuable to America's enemies, while keeping their conduct technically within the law.

Britain to Handle Roumanian Loan.

Washington, Dec. 6.—Arrangements have been completed for Great Britain to handle the \$5,000,000 American credit to Roumania, which the Russian embassy has returned to the treasury department owing to inability to transmit the funds through Petrograd.

Wilson Gets Medal From France.

Washington, Dec. 6.—Ambassador Jusserand has presented to President Wilson a bronze medal from the people of France to commemorate the entrance of the United States into the world war.

Chinese Rebels Take Chungking.

Peking, Dec. 6.—Rebels have taken the city of Chungking. A state of panic exists there. Japanese marines have landed to protect foreigners.

To Prosecute Cold Storage Fraud.

Madison, Wis., Dec. 6.—Prosecutions throughout Wisconsin for mislabeling cold storage commodities, especially eggs, is imminent, it is announced by George Weigle, state dairy and food commissioner. Complaints of violations have been received from all over the state and several cases are under investigation. In several cases, it is alleged, eggs have been sold from the storage boxes in which they came as "strictly fresh." In more numerous cases meat, butter and eggs bear no label, as required by law.

REGISTERED MEN CAN ENLIST

MEN NOT NEEDED FOR CURRENT QUOTA MAY VOLUNTEER BEFORE DEC. 15

Under an order just received from Provost Marshal General Crowder by the local draft board all registered men are allowed to enlist voluntarily up to December 15. This includes all men who have already been certified for service but who have not yet been called. It is the desire of the government to give the widest possible opportunity for the registered men to enlist, both in the army and navy.

Registered men who have been notified to be ready to report for service under the draft law, must get a certificate from the local board that they will not be needed for any deferred quota and this certificate must be presented to the recruiting officer where they go to enlist.

Registered men who have changed their addresses from the place at which they registered and who have not informed the board of the change of address, are urged by the board to do so at once. The questionnaires will be mailed out soon and as it is important that the registered men get these papers they should furnish the board with the correct address.

Seven registered men who have been called by the board and have failed to appear for examination, have been placed on the pink list and certified for service. Some of them have enlisted already but have not furnished the board with proof to that effect. Those certified are:

- Samuel J. Silverton, city. Joseph Kugel, Pierz. Edward P. Miffield, Holdingford 1. John J. Opatz, Royalton. Floyd Tuholski, city. Edward Wolf, city. Donovan R. LaReece, city. Joseph J. Otremba of Cascade county. Bennett Olson of Helena, Mont., and Peter Dehler, also of Montana, were examined by the draft board physicians here Wednesday and all three were accepted. They have been transferred to this county from Montana.

ZYWIALOWSKI SAILS ACROSS

Albert J. Zywialowski, of this city, who is a sailor on board the U. S. S. Huron, in a letter to the editor, says that he was in this country on Thanksgiving day but that he expected to sail soon. Thanksgiving day was a real holiday for the boys on his ship and all were out for a good time, he said. He enclosed a menu for the Thanksgiving dinner. The menu consisted of the following: Celery, pickles, cream of barley soup, roast turkey, sage dressing, cranberry sauce, mashed potatoes, candied sweet potatoes, green peas, pumpkin pie, Neapolitan ice cream, bread, butter, coffee, cigars and cigarettes. The card that the menu was printed on was a regular menu card for a German liner, the Lloyd Bremen, and had German printing on it. These cards were on board the ship when it was interned by the U. S. government.
