Miss Werner's presence in this city will be greatly missed by the many friends she has made and they all wish her an abundance of good fortune in her new field of nursing.

COEN'S SENTENCE IS COMMUTED

Dispatches state that the sentence of Ben Coen has been commuted by the pardon board to two years. Coen, who was sentenced from one to 15 years in Stillwater, was convicted of manslaughter in the Morrison county courts in April of last year, due to the killing of Miss Viola Beveridge by a car Coen was driving while intoxicated. A man known as "Scotty" was also sent to Stillwater for the same offense, the two men, who were in the car, being both held responsible for the death of the little girl.

BLK RIVER LANDMARK BURNED

One of the old landmarks of Elk River, The Blanchett Hotel, was destroyed by fire Thursday morning. There was a fire on the roof the evening before and it is likely that it was not entirely put out. There was no time to save anything and the guests had barely time to get out of the burning building. G. H. Blanchett, now proprietor of the White Front saloon of this city, ran the hotel for many years, relinquishing the place last spring.

LOCALS TO VERDALE SUNDAY

The Red Cross baseball team of this city will journey to Verdale Sunday where they will cross bats with the aggregation of that city. The trip will be made in cars furnished by local people. There are just three games left to be played on the local diamond and six more left to be played in the league.

A canning demonstration will be held by the demonstration agent of Morrison county, Miss Susan Hough, at the home of Sam Hammerbeck in Little Falls town south of the city. All ladies who wish to have vegetables canned are requested to bring the vegetables and cans to the demonstration.

Word has been received by relatives during the week that the following boys have arrived safely overseas: August and Edward Grund, Jenner Chance, William Kiely, Albert LaFond, Joseph Murphy, Carl Kaestner, Alvin B. Nelson of Elm Dale, Frances Friend and Elmer Sundstrom.

William McLeod, a drafted man from Massachusetts bound for Camp Lewis, Wash., got off the train when it passed through this city Wednesday afternoon. He probably got off the train to get a drink for he was pretty well under the influence of liquor when Sheriff Felix found him. He was lodged in jail until Thursday afternoon when he was put on passenger train No. 1 and sent on his way.

Miss Adeline Firnstahl of Colby, Wis., has accepted the position as bookkeeper in the office of the Little Falls Grocery and Coffee company. She is expected to take up her work in this city some time the first of next week. They are James Massey, Leo H. Bastien and Norman Gilbertson.

The questionnaires of Wilfred O. Patnaude, Ralph J. Jendro and William N. Meyer of Morrison county have not been filled out. Seven days is the time given to each man to fill out his questionnaire. The names of the men mentioned above have not been handed to the police as yet.

Notice has been received by the draft board that the navy, marines and emergency fleet enlistments have been closed to all registrants in the draft who wish to be transferred to these branches. Anyone on the emergency fleet classification prior to July 23, 1918, will be taken, however.

FARM HOUSE BURNED

Fire Tuesday morning about 11 o'clock destroyed the residence of Wm. Deere, located on a farm a half mile east of Vawter, known as the Henry Love place. An ice cream social will be held on the Julius Jetka lawn, corner Broadway and Third street northeast, this evening. The social will be conducted under the auspices of the Yeoman and the proceeds will go to the local Red Cross. The band will give its regular Friday evening concert on the Jetka lawn.

WEEK'S FOOD FACTS

MONTHLY PER CAPITA USE OF SUGAR TWO POUNDS INSTEAD OF THREE

With reference to the meat supply and the accomplishments of the people of the United States in meat saving and production Mr. Hoover made this statement on July 11 in a letter to President Wilson: "Our slaughterable animals at the beginning of the last fiscal year were not appreciably larger than the year before and particularly in hogs, they were probably less. The increase in shipment is due to conservation and the extra weight of animals added by our farmers. The full effect of these efforts began to bear their best results in the last half of the fiscal year when the exports to the Allies were 2,133,100,000 lbs. as against 1,266,500,000 lbs. in the same period of the year before."

Sugar regulations for August announced by the national food administration this week provide that the monthly per capita use of sugar for regular household purposes be reduced from 3 to 2 lbs. Householders should bear this fact in mind and readjust their uses of sugar for ordinary household purposes to the new amount.

Retailers are requested to note this change on their sheets for consumer's pledges and to insert the new maximum upon these pledge sheets used during the month.

Sugar for canning purposes will be put upon a per capita basis and sufficient sugar will be allowed to bring each family's allotment for canning and preserving up to 10 lbs. for each member of the household by August 31. Under this arrangement a family of two will be allowed to buy during the month enough sugar to make their total for canning and preserving this season 20 lbs., a family of three 30 lbs., a family of four, 40 lbs., a family of five 50 lbs. In the event that before the July restrictions went into effect they secured for canning more than 10 lbs. per capita in a household, they will not be permitted to buy any additional sugar for canning during August.

New Canning certificates will be supplied to retailers and county food administrators. This certificate is to be signed on honor by the head of the family and turned in to the dealer. The dealer forwards the certificate to his county food administrator for checking.

Retail grocers of Albert Lea have been paying \$28,000 per year to maintain a delivery service for their patrons, that will be very materially cut down with resultant benefits to the consumers in reduction of prices, by the adoption of the "Cash and Carry" plan for that city, according to a statement of County Food Administrator Demmon. Merchants paid out \$1800 to \$2500 per year in delivery expense—an item that the food administration has pronounced non-essential and holds is one of the chief causes of the high price of food stuffs. The change to "Cash and Carry" in Albert Lea will also relieve for other more necessary work some six or eight men.

Jos. Moeglein and family began a several weeks' outing at Fish Trap Lake Monday.

Miss Corrine LaFond has taken a position in the local Western Union telegraph office.

Relatives have received a card stating that Sampson Dewey Roberts has arrived safely overseas.

Rev. Walter North arrived Wednesday evening from Billings, Mont., to join his family, who are spending the summer at Mound Lake, located near Pillager.

Donald, the 6-year-old son of Mr. and Mrs. Ed. Van Zile of this city, had the third finger of the left hand nearly severed Tuesday, when he caught it in a washing machine. It was necessary to take several stitches in the finger.

FARM BUREAU NOTES

During the past three weeks 36 laborers were placed on farms in Morrison county, through the assistance of the Farm Bureau office. At the present time we have places for 3 more men who wish to work in the harvest fields. Seven Boy Scouts proved their loyalty to Uncle Sam by working in a war garden last Tuesday morning.

M. C. Gillis, one of the grain smut scouts of the U. S. Department of Agriculture, and the Farm Demonstrator examined 26 fields of grain, July 25 and 26. The percentage of grain affected, ranged all the way from 1 per cent to 29 per cent. In the fields where a large percentage of smut was found, the seed grain had not been given the formalin treatment. Stem rust was found in 3 fields, but the percentage of affected grain was small. Four of the rye fields were badly affected with oryza. Pae strains of wheat were located in three fields, but in all the others mixtures of 2 to 5 different varieties were found.

Threshermen who wish to thresh in a county other than where they reside are required to abide by the rules of the county wherein they are doing the work.

The supreme court of Minnesota in a decision handed down under date of June 28, 1918, holds that threshing crews are classified as farm laborers and as such do not come under the workman's liability act. It is, therefore, not necessary for threshermen to insure under this act. This will save each thresherman about \$85 per year.

Leo Rogin, dynamic demonstrator for the DuPont Dynamite Co., will be in Morrison county August 12, 13 and 14. Demonstrations in ditching, blasting rocks and stumps will be held at the farms of George Hammerbeck, Warren Gibson and J. K. Martin. This leaves 3 more demonstrations open to other residents of the county. All the work is done free of charge and all who are interested are invited to attend.

Carlyle Hennen, Donald Gordon, Mark Vertin and Walter Randall went to Minneapolis Wednesday evening, where they will endeavor to enlist in the Radio service.

A number of young people attended an entertainment at the home of Mrs. Everett Savage at the Brickyards in form of a parcel shower for Miss Dottie Savage, who will be married in August.

Miss Minnie Ferrel, in charge of the linotype machine on the Transcript is putting in part time reporting. Norman Elvig will leave the Transcript's employ as reporter August 24, after which time Miss Ferrel will take full charge of that department of the paper. Mr. Elvig will enlist in the United States cavalry.

Archie Blake is now at Slone residence, Norfolk, Va., according to word received by his father in this city. The residence accommodates 20 patients and has been turned over to the Red Cross as a hospital. Archie has been recuperating from an operation for appendicitis and has been placed there until fully recovered.

The ladies of Morrison county have been doing wonderful work in knitting socks the past two months. Some districts of the county have reached their quota in furnishing socks while others have over filled their quotas. One branch has doubled its allotment for the months of June and July. The women have been putting in a great amount of time knitting socks and deserve a small amount of credit for their showing.

The crew of men that have been scouring the country east of here for blister rust on white pine, have moved their camp from Pelky lake to a point north of Fort Ripley, where they will continue in the same work. They expect to move to Long Lake from their present camp. These men are from the Minnesota farm school and are doing this work for the government. W. H. Mancy of this city moves the men from place to place.

FATAL CAR ACCIDENT

MRS. WILLIAM COTTINGHAM OF MOTLEY THE VICTIM—DITCHED ANOTHER CAR

Mrs. William Cottingham of Motley was killed instantly last Thursday night about 4 miles south of Brainerd when the car she was driving was forced from the road into a ditch by a car coming south at a high rate of speed. The accident happened about 7 o'clock at what is known as Buffalo Creek.

The car driven by Mrs. Cottingham, which was a large 6 cylinder car, when forced into the ditch turned over one and a half times, throwing Mrs. Cottingham under the read axle. The weight of the car broke her neck.

Mrs. Cottingham was accompanied by a brother, Ed. Stowell, Mrs. Mariam Stowell, a sister-in-law and a man named Roy Green. Stowell sustained a broken hip and severe internal injuries. Mrs. Mariam Stowell suffered several bruises about the body and arms. Green was slightly injured.

In the excitement of the accident the number of the other car was not taken. There were six occupants in the car and the authorities of Brainerd claim to have a petty good idea of who they are.

RED CROSS NOTES

The amount of \$10.02 was raised and given to the Red Cross by the following children, who gave a show in T. F. O'Connor's garage: Sybil, Patrick and Joseph O'Connor, Sylvia, Bobble, Stella Allord, Alberta Kerich, Lester and Lee LaFond, Vivian Larson and Lorraine Muncy. They had "Grab Bag" and also sold soft drinks, pop-corn, candy, gum, etc. They had two performances, one in the afternoon and one in the evening.

Clifford Weimer, Martin Eich, Leonard Simonet, Wilfred and Mathew Wetzel gave a show in Weimer's barn. They made \$2.53 which they gave to the Red Cross.

Coler Campbell, director of the Bureau of Military Relief for the Northern Division of the Red Cross made this statement: "If you have a relative in France, do not believe that he has been killed, wounded, or captured until you are officially notified of the fact. Numerous instances have come to our attention, where relatives of soldiers have been sadly troubled by rumors that their loved ones had met with misfortune in the service." Sometimes it is through idle gossip, sometimes it seems the result of deliberate propaganda to dishearten the mothers and friends of the boys "over there."

When a man is killed, wounded, or missing the fact is reported immediately to the casualty bureau, and war office and from there information is announced to the press and immediate relatives of the soldier. Unless information comes through official channels, it should be absolutely disregarded.

Private A. C. McLeod, the first American soldier to be wounded in France, was hurt when the Germans bombed a Red Cross hospital. He says he owes his life to the Red Cross nurse who stuck by him in the shattered ward, and saw that he had prompt medical attention. Two of the nurses were struck by the same bomb that hit him and the rest of the nurses were as cool as the men. His legs were smashed to a pulp and the whole scene was horrible, but the nurse stayed by his side and saw that he had prompt surgical attention. He says, "I can't say too much for the American Red Cross in France."

Mrs. E. V. Wetzel was confined so her bed by illness the first of the week.
