

Confidence

In these days of uncertain values and unfounded rumors regarding merchandise and prices, it is wise for purchasers to turn to institutions that are mindful of their obligations to the public.

The Golden Rule is not given to vain promise or prophesy. Its conduct is guided by an unfaltering desire to offer merchandise of quality at the lowest possible prices at all times. When we secure advantages in the broad market we are constantly visiting, the customer invariably profits by the economy. It is our policy in advertising never to exaggerate or indulge in sensational statements. We aim to give all and often times more than the customer expects.

Whether prices be high or low, whether supplies be restricted or plentiful, this store offers the best values it can command.

THE GOLDEN RULE

America**

Two years ago we discovered that the people of Morrison county want fresh roasted coffee at true co-operative prices. The majority of the people of Morrison county are now using our coffees, so we figure that our discovery was just as great to us and to the people of our community as it was to Columbus when he discovered this old high priced world of ours. We have just received 4,000 lbs of fresh roasted coffee, and of the best blends that money can buy.

A special town election was held for Two Rivers, Wednesday, on whether to buy a tractor outfit or not for road grading. The proposition was lost by a vote of 22 to 29.
