NEIGHBORS FOUND IT A WONDERFUL MEDICINE

"I was weak and tired and could hardly get anything until I used Pe-ru-na. Soon my appetite was good and my strength returned. I told my neighbors and every one of them found it a wonderful medicine. You can always get a dose of Pe-ru-na at any house no matter what the war tax."

IDOL OF FRANCE IN SOCIETY DRAMA

QUALITIES OF EUROPE'S FOREMOST BOXER SHOWN IN "THE WONDER MAN"

Georges Carpentier, idol of France, whose notable record in the boxing line has won him fame and fortune and whose fascinating personality has made him the idol of two continents, will be the chief attraction at the Harwin Theatre in "The Wonder Man", a Robertson-Cole super-special production, next Wednesday and Thursday.

The picture promises an entertainment unique in the realm of the cinema art. Unlike the previous efforts of producers to bring champions of the prize ring before the public on the silver screen in the roles of dare-devil heroes or in hair-raising serials Georges Carpentier is given a vehicle as an intriguing romance in the American society with himself in the role of a smart, well-dressed man about town.

The fact that his gentlemanly qualities and his record of valor in the world war has won the admiration of all classes makes the advent of this popular youth into the picture world as a multiple idol a commendable achievement. His popularity in America is best attested by the unprecedented amount of favorable publicity he has received throughout the country and by the great demand for his services.

"The Wonder Man" gives the public its first opportunity to really know this favorite son of France—in fact it gives the first opportunity for his many admirers to see him. The great demand to see Carpentier in the boxing ring was proved beyond a doubt by the crowd that flocked to the studio to see him when a great fight scene for the picture was staged. More than 2,000 persons braved the muddy roads of New Jersey to see him in his fighting togs for the first time in America.

Carpentier is supported by a notable cast in "The Wonder Man" including such prominent screen artists as Phyllis Barry as leading woman, and Florence Billings.

BRILLIANT CHICAGOAN FOR OUR CHAUTAUQUA

Word has just been received from the Republic Nauter offices that Quin O'Brien of Chicago, is to be one of the lecture attractions on chautauqua this summer.

Mr. O'Brien is widely known over the middle west as one of the ablest and most brilliant lawyers in America. Last season, he consented to fill a few dates on our chautauqua circuit "farther down the line" and that will prove that the towns fairly went wild over his work. Without exception they requested his return for another year.

The late Elbert Hubbard said of him, "It is quite possible that there are not a half a dozen public speakers in America with his linguistic skill and the phosphoric surmounting that Mr. O'Brien possesses. He has the grace of person, the ease of manner, the bubbling wit, and the intellectual challenge that command respect, admiration and love. Mr. O'Brien is the up-to-date model of American orators."

The subject Mr. O'Brien's address this summer is not yet announced. It will be one of current importance.

A. H. Vernon, state commander of the American Legion, was in St. Paul the latter part of last week, where he attended a meeting of the state commission on a soldiers' memorial which was established at the Legion's request. At this meeting, it was decided to draft legislation to provide for the appointment of a state commission of three by the governor to consider the various proposals for a memorial, also to provide for a small appropriation for defraying the expenses of this commission. It was not considered advisable at this time to seek any large appropriation for a memorial.

Farm Bureau Notes

FARMERS' INSTITUTES

Great interest was shown in the Farmers' Institutes held this week under the directorship of A. J. McGuire, dairy specialist from University Farm and N. E. Chapman, poultry specialist. Dairying is the chief source of income of the average farmer of Morrison county and it has made rapid strides in this industry in the past ten years. In 1910 there were five co-operative creameries and six independent with 1830 patrons and 16,681 cows. These cows produced one million eighty-nine pounds of butterfat, and the patrons were paid \$328,950. In 1919 Morrison county has 16 co-operative and 2 independent creameries with 2,184 patrons, 18,800 cows producing two million sixty-nine thousand pounds of butterfat and returning to the dairymen \$1,416,067. With this rapid growth of dairying in Morrison county more attention is being turned toward the dairy cow as the source of income, and as a result this industry is one of the most important today. A. J. McGuire is well fitted to give expert advice and leadership. Institutes were held this week on March 1, at Morrilltown, March 2, at Hillman, March 3, at Freedom, and today a meeting will be held at Caldron town hall.

Meetings are called at 10 o'clock and farmers and their families bring lunch. N. E. Chapman has built up a chicken city at Barnum. People in that community raise one standard variety of poultry, the White Leghorn—and they have developed a special high class market for their eggs. The demand for Barnum eggs are such that they demand a premium over the regular market. The eggs are graded and only those weighing 26 ounces or more are sold as first grade and they bring five cents a dozen more than those that weigh less, which are sold for pullet eggs. Each producer is given a number which is stamped on the egg and guarantees its quality. If a poor quality egg is found on the market a reference to the number will indicate the original producer of the egg and in that way quality is always insured. At Barnum, the income from 28 hens is equivalent to the income of one cow. This little town is the mecca of poultrymen throughout the country. It has been through the efforts of Mr. Chapman that this community has developed to such a high degree, and one whose fame is known throughout the state and the nation.

LOCALS LOST TO ST. CLOUD—ARE OUT OF RUNNING FOR TITLE

Little Falls lost its chance for the district high school basketball championship Friday evening, when the local quint was defeated by the St. Cloud high quint, at St. Cloud, by a score of 24 to 13. The locals were unable to hit their usual stride in the first half but played a fine game in the second half. The St. Cloud papers speak well of the team, but say it is light. Special mention is made of Fortier's playing.

It now appears that the contest for the district title is between St. Cloud and Bemidji high, as they are tied with a game each and have a clear record aside from this.

FORMER LOCAL BOY IS ATTAINING SUCCESS AS ARTIST

Christian VonSchneideu, formerly of Swan River and known to many people in this vicinity, is achieving success as an artist in Los Angeles, Calif., to which place he moved with his parents a few years ago. His pictures are being exhibited in the Knust galleries in that city and according to the Los Angeles Times, they are attracting considerable attention. The writer states that while the artist's faults in painting are numerous and decidedly patent to every beholder, he has much youth, much talent and an unlimited love for his work, having already done much for a painter of his years, and promises to have a successful career as such. Mr. VonSchneideu is 25 years old.
