

BOARD OF COMMERCE GET MORE MEMBERS

FIRST DAY OF DRIVE NETS FOR TRY THESE WORK NOT YET FINISHED

An intensive drive for members was launched by the Little Falls Board of Commerce Wednesday morning and yesterday the committee chairman had reported a total of forty-three members added to the rolls, bringing the total membership of the organization to 141, which is considered very good.

On Tuesday evening, a program of speeches was given at the Brown drug store. Arthur Christensen, Herman Mattis and the Misses Irene Anderson and Loretta Koslosky, winners of the high school speaking contest, conducted by the Board of Commerce, gave their talks, all of which were good. E. B. Millard gave a five-minute talk on why people who are interested in the growth of Little Falls should belong to the Board of Commerce. He rapped the lagards and knockers and said that they are a detriment to the town. A. F. Koslosky, who conducted the street meeting, made a few closing remarks pointing out the need of co-operation and of faith in the community. The city band played a number of selections between talks, which were enjoyed.

It was hoped to finish the drive on Wednesday but some of the committee members were unable to devote the necessary time to it and the drive was therefore continued until all committees have finished work. There are four committees.

PENNEY STORE IN NEW HOME

DEPARTMENT STORE MOVED TO BEAUTY BLOCK—PLACE IS UP-TO-DATE

Confidence in the future of Little Falls and vicinity could hardly be better expressed than in what has been done by the J. C. Penney Co., which, in moving its local store to the new quarters in the Beauty block this week, is not only more than doubling its floor space but has equipped the store in a manner that puts it in a class with any outside of the twin cities and Duluth. Five years ago, the local store was opened, in the Close block on First street northeast, with Geo. L. Hughes as manager. The growth of the business has been such that the old quarters were long ago inadequate and as soon as the opportunity for the larger quarters and better location were available Mr. Hughes availed himself of same.

The new store home includes what was formerly the dry goods department and the ladies shoe department of the Burton store, with a frontage of 40 feet on First street and 25 feet on Broadway. The total floor space amounts to over 6,000 square feet. The interior of the store has been completely redecorated and the fronts have been treated to fresh coats of paint, in the colors of the company, canary yellow trimmed with black. A large electric sign has been erected above the First street entrance. Considerable expense was involved in the remodeling of the background for the display windows. On the first street side the background is finished in natural fir with white panels and the Broadway windows are finished with light and dark stained fir. New lighting fixtures have been installed in the windows, as well as throughout the store.

Fixtures throughout the store are all new, made to order by the Grand Rapids Show Case company. They are of fumed oak and the wall cases are sectional and equipped with adjustable shelves. A cash carrier system like the one in the old location has been installed. The office and cashier's booth, are located in the rear of the store, but in behind the fixtures. A private fitting room is a part of the ready-to-wear department fixtures. For the convenience of its customers and persons visiting the store the management has fitted up a rest room on the south side of the ladies' department, with comfort stations and a telephone.

By moving to the new location Mr. Hughes is putting in a bigger stock and a wider assortment. He left yesterday on a buying trip for the store.

POTATOES BRING GOOD MONEY

E. G. LaJoie of Ripley township sold yesterday 500 bushels of potatoes, at 90 cents a bushel. The potatoes were of the Green Mountain variety and were inspected and certified by the Board of Potato Inspection last year.

A short time ago Mr. LaJoie sold a car of 600 bushels of certified Irish Cobbler at 95 cents a bushel. There is no stronger argument for growing pure seed free from disease than the sales made by Mr. LaJoie. The Farm Bureau is putting on a campaign for selecting and treating seed potatoes and urges every farmer to maintain a seed plot. Attend the demonstrations next week at any of the following places: Motley, Lincoln, Randall, Darling, Swanville, Pleasantburg, Genola, Little Falls, Royaton.

Four regulation courts will be put in there.

The literary section of the club met for the last time this season Wednesday evening, at the library parlors, with Mayor Berghelm and Miss Lora Magee as speakers for the evening.

Miss Magee spoke on the work and influence of the late John Burroughs, the great naturalist. She read extracts from his essay "Our Rural Divinity, the Cow," which proved amusing as well as interesting. She quoted him as having said that when he became wrath he would go out and work it off by chopping wood. Calling him "Our Prophet of Wholesome Life," Miss Magee said that he was an amateur farmer and gardener who has made us love all outdoors more.

Mr. Berghelm discussed women's relations to city government, in this connection discussing our system of government, the mayor-council system. This system, he said, is in use in about 90 per cent of the cities in this country but is the most complicated system in the world. He then explained the duties and obligations imposed upon the women as voters and discussed the work of the city council.

After the talks, the members enjoyed sandwiches and coffee, served by Mesdames Blanehard and Amundson.

Student members of the Musical Art club gave the last student program of the season, at Maud Moon Weyerhaeuser hall Monday evening, to a good sized audience. The program consisted of instrumental and vocal numbers and the following appeared: Marie Billstein, Laverne Lavary, Rosalie Colby, Frances Cameron, Merline Muney, Euliana Hall, Jean Tanner, Charlotte Hall, Dolores Moegelein, Frederick Martin, Alma Bracke, Loretta Koslosky, Frank Kuka, Genevieve Peterson, Harriet Peterson, Magdalene Johnson and Janet Muney. WEAK UNDERTONE IN CATTLE TRADE

PRICES OF BEST FAT STEERS SHOW SEVERE SLUMP—HOG PRICES FALL TO RESPOND

(By U. S. Bureau of Markets and Minnesota Department of Agriculture)

Tuesday's Opening South St. Paul, Minn., April 19, 1921. Cattle 1700. Steers weak to 25c lower. Butcher she stock fully steady. Calves 2100. Mostly 25c higher. Tops to packers \$6.75. Hogs 9000. Market steady. Range \$5.50 to \$6.75, bulk \$7.75 to \$8.75. Top pigs \$9.50. Sheep 100. Market strong.

Prices of live cattle reflect the narrow market existing at the present time for the dressed product, and any increase in receipts quickly results in lower prices. Beef steers of a good grade, which are the best coming at present, have been on hand in liberal numbers yesterday and today and have declined 25 to 50c, and practical packer top for these is \$8.00. Packer buyers gave that price in Monday's late trade for 25 head of branded white faces, averaging around 1100 lbs. Price range of beef steers is \$6.25 to \$8.00, with the bulk selling from \$6.50 to \$7.50. Seasonally scarce offerings of butcher she stock have sold at fully steady prices. A few scattering sales of good and choice butcher cows and heifers are being made from \$6.75 to \$7.50, with common and medium grades from \$4.50 to \$6.50. Most of the thin young cows on the canner and cutter order are selling to country buyers for feeding purposes at present, prices ranging from \$2.00 to \$4.25. A few of the worst old shells are going to packers as low as \$1.00 to \$1.50. Prices of veal calves advanced 25c in today's trade, best lights going to packers at \$6.75, and a few selected vealers to city butchers at \$7.00 to \$7.50. Good and choice heavy feeders are going largely for \$7.50 to \$7.75, only selected lots being quotable as high as \$7.75. Similar grades of stock steers are selling mainly from \$6.00 to \$6.50, with selected ones quotable as high as \$7.00.

A weak feeling prevails in the hog market, a sharp falling off in general receipts this week falling to strengthen the market today was largely due to a steady to 25c higher session yesterday, the range being \$6.50 to \$8.75, and the bulk \$7.75 to \$8.75. The sheep market was quotable nominally higher from \$9.50 to \$10.00 with the same kind of clipped stock at \$9.00 to \$9.25, or slightly above.

STRIKE ON AND OFF AGAIN

Work on the West side sewer was held up for half a day Monday, as the result of the crew of about fifty men striking for an increase in wages from 35 cents per hour to 50 cents. Superintendent Jackson declined to grant them the increase, stating that sewer work in other cities is being done for that price, and he proceeded to arrange for employing labor from the twin cities. The following morning, the men were willing to go back to work, however, and the order for men from the cities was cancelled. Work on the sewer was slowed up considerably, the latter part of last week when a large vein of water was encountered. The flow of water was so great that earth along the route of the vein of water a block away was washed down. On Fourth street southwest, between Third and Fourth avenues, the earth sank down several feet in one place, leaving a deep hole.

GERMANY URGES HARDING TO FIX PENALTY, REPORT

Berlin, April 20.—(11:15 p. m.)—(Minneapolis Tribune)—The German government today made a move almost unprecedented in the history of diplomacy according to authentic report.

Declaring that it was speaking in the name of the people of Republican Germany, the government, according to reliable information, sent a direct appeal to the President of its "sister republic," the United States, with whom Germany is "still at war" pleading with it to mediate the question of reparations with the countries with which it already is at peace.

The message said to have left Berlin at noon. It is said to have been scarcely 200 words in length, and to have solemnly informed Washington without any qualification, and without any reservations, to pay the Allied powers the reparations already offered, and, in addition thereto, any such sums as the President of the United States, after investigation, found were just and right.

Germany, it is understood, pledges her faith to carry out and fulfill in letter and spirit the provisions of any award made by President Harding.

The cabinet is said to have discussed the step until nearly midnight last night.
