

Farm Bureau Notes

The Potato Growers' meeting held at Isidore Schwintek's farm on Saturday evening, May 21 was attended by an enthusiastic group of men, who are insisting upon having a warehouse on the Soo tracks near the river. A petition signed by 31 farmers growing more than 300 acres of potatoes was sent in to the railroad office asking for the right to build a warehouse at that point and to let a track on the old siding. A warehouse at this point would save many miles to the potato growers in this district and will encourage one of the most important industries in Morrison county. The Scandia Valley township unit of the Farm Bureau will meet at the town hall with the Lakeside Farmers club on May 27, at 8 o'clock. A measure now pending in congress is to be taken among the Farm Bureau members at a series of meetings to be held before the

12th of June. This same question will be taken up at the Rail Prairie township unit at a meeting to be held at the Snow school in section 12, Rail Prairie township on Saturday afternoon, May 28, at 8 o'clock. Meetings will be held at these meetings and Mrs. L. D. Brown will attend the Rail Prairie meeting.

COUSING FARMERS WANT POTATO WAREHOUSE

At a meeting held in Cushing Saturday, May 21, all potato growers brought in a number of applications for shares in a co-operative potato association at this point. The co-operative association is capitalized at \$3,000 and as soon as the necessary number of shares are sold, the building will be made to purchase or build a warehouse. The meeting was attended by County Agent Aasen of Todd county with a number of farmers from Turtle Creek township. E. P. Nauert of Little Falls answered a number of questions relative to the marketing of potatoes through the Minnesota Potato Exchange. Arrangements were made for Mr. Nauert to spend Monday in Todd county among the growers with Mr. Aasen, and Tuesday with C. H. Campbell of Morrison county in an attempt to get the organization started before the season advances too far.

The farmers of Cushing will hold a meeting at the town hall at 1:30 o'clock next Monday, to organize a co-operative potato association. Over 30 members have been secured. They plan to build a warehouse for handling the year's crop. The meeting will be attended by Julius Aasen, county agent of Todd county, County Agent Campbell and E. P. Nauert, director of the association.

COUNTY AND HOME DEMONSTRATION MEETINGS

Important meetings to be attended the next week by the County Agent or Home Demonstration agent are as follows: Club of the Pines—June 1, 8 o'clock. Mr. Morrison and Lakin—June 2, 8 o'clock. Farm Bureau Township unit, school district No. 84, in section 33, Mt. Morris township. Green Prairie Township unit—June 3, 8 o'clock at the church. Darling Township Unit—Town hall, June 3, 8 o'clock.

Important matters concerning agriculture in all of its phases are to be discussed at these meetings, in answering the questions sent out by the American Farm Bureau federation and the Minnesota Farm Bureau federation on questions of finance, taxation and transportation. This series of meetings ought to prove very interesting and instructive to every farmer in the county. Next week, further announcements will be made.

LINCOLN TEAM WINS CHAMPIONSHIP

The Lincoln school team of the grade school league practically cinched the championship Tuesday afternoon by defeating the Hawthorne team on the West side grounds by a score of 9 to 6. The game was the closest and hardest fought in the history of the league, and that a number of the boys in the schools here have the makings of good baseball players.

Although another game was scheduled in the series it will be called off as the outcome would not change the results. The Lincoln team has won the championship of the league and will be presented with the engraved silver loving cup today or the first of next week.

ROYALTON

May 26.—Mr. and Mrs. Ira Lawrence and a baby arrived in Royalton from the state of Virginia, for an extended visit with Mr. Lawrence's parents, Mr. and Mrs. J. L. Lawrence.

If you are a tenant, give us the name of your landlord and we will do the rest. The Little Falls Water Power Co. OF MINNESOTA We recommend NATIONAL MAZDA LAMPS for better lighting

The Hibbard OIL STOVE It Cooks as Well and is as Easily Controlled as a Gas Range Equipped with one piece drawn, genuine, Brass KEROGAS Burners, which will not rust or leak. They are lacquered and will not tarnish. The mechanism is simple, easy to operate and more effective than any other kind. The Patented KEROGAS Burner creates a powerful, intense flame within a flame, concentrated on the cooking utensil. The degree of heat is as easily controlled as is a gas range. By turning the control wheel according to directions, this Burner gives just the cooking heat you want—quick—slow—or simmering. It is a fuel economizer because it burns 400 gallons of air to one gallon of common kerosene or coal oil. No oil stove consumes as little oil as this one. The Burner Drums are porcelain enameled, sanitary and quickly removed. The Raising Device makes it necessary to lift off or tilt the drums to light the wick. Most perfect combustion is obtained by this construction. All that is necessary is to always keep the burner clean same as you would a lamp. The glass tank always shows the amount of oil, is easy to fill and keep clean and protected against breakage by the shelf above it. Grates are large, square type, with full open tops giving fifty percent more cooking capacity, making it easy to slide cooking utensils around, and permitting several vessels to boil over one fire. SIMONET FURNITURE CARPET CO.
