A Scientific Prediction.

The story is often told of the great naturalist, Cuvier, that given a single bone he could reconstruct the animal to which it belonged. That a somewhat similar law of organization runs through the various species that form families in the animal kingdom is indicated by a curious case of scientific prediction, to which attention was called at a recent meeting of the Biological Society in this country.

Uhrenberg, while studying the minute animals called diatoms, found that many species were distinguished by the number of rays they possessed. But in the series of specimens that he had he could find none having respectively 27, 29, 31, 37, 39, 41, 42, 44, 45, 46, 48 and 49 rays. Still he predicted that the missing species would some day turn up, and he was right, for ten of them were afterward discovered, although the remaining two have not yet been found.

Start The New Year On New Floors

Everyone is looking for and expecting better times this year. And we are going to see more prosperity if everyone does his part toward producing it.

The big essential to better times is ACTION. People must begin to spend more like normal. Not necessarily large amounts although that would help to swell the volume.

But if everyone would do a little that would get things started and it would not take long to get up a healthy speed.

Suppose for instance every family in this community that needs one or more new floors, should have them put in THIS MONTH. That would give several men work and would put quite a volume of money into circulation and start activity in other lines.

And it would make better living conditions for those who had the new floors put in. Take a look at your floors now and see if you are not one of the families who can help to start the prosperity ball rolling this month.

If you are, call at our office for figures on the material and an estimate on the labor. Don't wait until later. It is the early starters that are needed now.

Annual Clean-up Sale!

THE PROFITS ARE ALL YOURS to January 3

Here is where you buy better goods for less money.

OWING to the mild winter and the bad market conditions, some of the departments have not cleaned up as they should have, especially in the better and heavier materials, therefore in order to clean up we have decided to forget profits and reduce the prices on these goods so much, so that the public can buy the better and higher priced goods at the same price or even lower than they would pay for inferior and a cheaper grade of goods. So beginning at once and continuing until Saturday, January 21, the following prices will stand:

ALL OUR Men's Suits

Including Hart, Schaffner & Marx and David Adler and Cloth Craft Suits. We have reduced the prices from \$5.00 to \$10.00 on each suit, and this is the way they line up—

\$12.00, \$15.00, \$16.50, \$20.00, \$22.50, \$25.00, \$30.00 and Up

20 per cent discount on all our Men's Overcoats including the fur collared, sheep and leather-lined coats. That means every overcoat in the store.

20 per cent discount on all our Wool Sweater Coats.

\$2.50 buys the best Jersey Sweater in the store in turtle and V neck and in several colors.

20 per cent discount on all our heavy wool underwear, two-piece and union suits.

10 per cent discount on all our mackinaw coats and leather vests.

20 per cent discount on all our boys' suits.

20 per cent discount on all our winter caps and velour hats.

20 per cent discount on all our trunks, suit cases and grips.

20 per cent discount on all our men's, women's and children's felt shoes and slippers.

One lot of women's dress shoes mostly small sizes and assorted styles, while they last at \$1.65

One lot of men's heavy 8-inch top lumbermen's rubbers, at \$2.75

One lot of youth's 7 1/2-inch top lumbermen's rubbers, size 11 to 2, at \$1.85
