

Rush City Post: A crew of lumbermen headed by Wm. Colby, of Taylor Falls, came into town on Monday last on their way up river, via Grantsburg, and proposed to run things with a high hand. They were all very full of downy eyelids and ready and eager for a row. Colby commenced by jumping upon a case of eggs at the depot, smacking them nicely, then repairing to Johnson's saloon, they continued their lawlessness. One man, Daniel McCarty, got a knife and flourished it around promiscuously, until policemen White and Nelson arrived. He was a hard man to handle, but after a struggle he was landed in the cooler, while Colby kicked in one of the panels on Johnson's new bar with his calky boots, and skipped with the rest of the crew on the Grantsburg train. We are informed that they made the dry sand barrels of Wisconsin fairly sweat with their howling and carousing on their trip over, smashed several car windows, got to fighting among themselves and had an exceedingly fine (7) time. Colby should be arrested the next time he comes to town, and sent up for 60 or 90 days, it might do him some good.

The White Hair Craze.
New York Truth: I suppose most people who walk along Broadway with their eyes open cannot have failed to notice recently a remarkable increase in the number of young looking women with white hair that are to be met nowadays. I am myself the most credulous individual, and especially where lovely women is concerned, it distresses me to find myself having the smallest doubt as to the genuineness of every thing about her. But it seemed to me so odd that such a number of white-haired women appeared all at once that I was moved to make perquisition into the subject, and consulted an affable acquaintance of mine who is what is styled a tonsorial artist. From him I learned that the white hair craze is the latest fashionable fad, and that it is but-lined by the same means that are employed to produce the diffident colored tresses that have been adopted by ladies of a certain class are now tabooed by society. The bleaching mixture is peroxide of hydrogen, which, when mixed with 25 per cent of ammonia, will in two applications turn the blackest hair snow white by the simple process of destroying the coloring matter. Of course it is frightfully injurious to health, as it withers the capillary tubes just as any other vegetable is shrivelled by burning, but the ladies who use it don't mind ruing their health as long as they can be in the fashion.

Minneapolis Journal: Pat Killon and Patsy Cardiff are doing some hard training to get into condition for their meeting at the Washington rink on the night of Aug. 5. Cardiff came into the city today and he is showing the effects of his work. He has worked his weight down to less than 150 pounds. He will be in the best possible trim for the night of the fight. He expects to strip at about 175. Killon is also working like a beaver, but his training seems to affect him in a very much different way. He has gained over 10 pounds since he started to train. He is in excellent fighting condition, however. He will fight at about 200 pounds.

United Ireland, William O'Brien's paper, says: "Ireland is the only civilized country in the world which did not share in the jubilee celebration. She stood sternly and sorrowfully aloof. Ireland's place ought to have been beside England at the throne. Irish blood and brains helped to build the empire. Poverty, misery and slavery are her reward. She shared England's labors, but she may not share her triumphs. England's joy is for fifty years of liberty, prosperity and progress. The Irish grief and wrath are for fifty years of misery, famine and oppression. England is lumbered by the struggles of a sullen captive, when she might purchase by justice the aid and comfort of a friend."

A CHARMING REMEDY.
New York Sun: Jack (the club) —I saw a mighty pretty little country girl this afternoon. Gem. She was climbing to the upper deck of a Fifth Avenue stage.
Gus (with interest) Not is that so? Plain or striped?
Jack—Striped.

"Father," said the young man, "I find it very difficult to remember why things in connection with my business. How do you remember so much better

than mine?" "That's easy," replied the old man. "If you ever loan half the money I have loaned you would never forget it. Lending money strengthens the memory; borrowing money ruins it."—Newman & Fuller.

POCKETING AN INSULT.
New York Sun: A small physique at times is a great disadvantage to a man he said. "Recently I was grossly insulted by a great big duffer, and I could only pocket the insult."
"In what way did he insult you?"
"He offered me a bribe."

DISAPPOINTED.
Detroit Free Press: First Confidence Man—"How did you make it down in Kansas?"
Second Ditto—"I lost all the money I took with me."
First Ditto—"How? Policeman grab you?"
Second Ditto—"No, a real estate agent got hold of me."

A LOST OPPORTUNITY.

Omaha Girl—How much?
"Mean?"
"Yes why didn't he give it to her before?"
"What good would it have done her while she was at school?"
"G'd! Just think what a lovely graduation dress \$50,000 would have bought."

The Pure and the Impure.
The merry little mountain brook, as lightly dances over the rocks and sparkles in the sunshine on its way down to the river, is pure and clean. It is active therefore it is healthy. It is vigorous therefore it resists impurity. But the sluggish pool, where the current is no strong enough to keep the water in motion, is stagnant and foul. Dirt and rubbish are thrown into it, and stay there. Impurities and vile odors make it a breeding of disease and an object to be avoided. When the blood is strong and rich and red, and vigorously courses its accustomed rounds through arteries and veins, the system is hearty and healthy. When the blood is thin and poor and weak, impurities and defilements creep into it, and it has no strength to cast them out. Then the system runs down. The only known reliable cure for impure blood and a weak and debilitated system is **Hop's and Malt Bitters**—Nature's remedy. The great Blood Purifier and Kidney and Liver Remedy, compounded from the well known curatives, **Hop's Malt, Buchu, Mandrake, Dandelion, Sarsaparilla, Cascara Sagrada, etc.** Hop's and Malt Bitters is the greatest health and Life Restorer agent on earth. It is especially recommended for all diseases of women, such as mental depression, weakness, breaking down, lassitude of the system, headache, etc. A trial will surely convince any one of its merits. Call for Hop's and Malt Bitters. For sale by **JOHN W. OCKER.**
