The Flynn-Lemieux Case Decided. The supreme court Wednesday rendered a decision on a motion in the law suit between J. C. Flynn and Julien Lemieux for title to lots 1 and 2, in block 43, this city. Following is a synopsis of the decision:

Mr. J. C. Flynn, respondent, vs. Julien Lemieux, appellant. Syllabus: Under the occupying claimants law of 1873, General Statute of 1878, ch. 75, sec. 17, the failure of the claimant to pay into court the assessed value of the occupant's improvements, within one year from the rendition of the order of finding, not only barred his remedy, but extinguished his right of property, the title to which rests in the adverse occupant, although no judgment had been entered in the action. Hence chapter 190, Laws of 1889, amendatory of this law, in so far as it made it apply retroactively to such cases, is invalid. Order reversed. MITCHELL, J.

The litigation had been in progress for some time, but this finally settles the title in Lemieux. They are the lots on the corner of Oak and Third streets, just east of the court house. On the motion before the supreme court, Lindbergh and Adams were attorneys for Lemieux.
