

A PRELATE TALKS.

Archbishop Ireland Expresses Himself Regarding Present Labor Troubles.

LAW AND ORDER MUST PREVAIL.

Destruction of Life and Property the Fatal Mistake of the A. R. U. Strike.

CHICAGO, July 16.—Archbishop Ireland of St. Paul, being asked what he had to say upon the strike, spoke as follows:

"I do not like to speak of Chicago strikes, because in so doing I shall blame labor, while because of my deep sympathies with it I should wish to have none but words of praise for it. Yet in a momentous social crisis such as the ones through which we are passing it is a duty to speak aloud and to make avowal of the truths and principles which will save society and uphold justice and I am glad of the opportunity which the Associated Press affords me.

"The fatal mistake which has been made in connection with this strike is that property has been destroyed, the liberty of citizens interfered with, human lives in danger, social order menaced, the institutions and freedom of the country put in

Most Serious Jeopardy. The moment such things happen, all possible questions as to the rights and grievances of labor must be dropped out of sight and all efforts of law-abiding citizens and of public officials made to serve in maintaining public order and guarding at all costs the public weal.

Labor must learn that however sacred its rights be, there is something above them and absolutely supreme—social order and the laws of public justice. There is no civil crime so hideous and so pregnant of evil results as resistance to law and the constitutional authorities of the country. This resistance is revolution; it begets chaos, it is anarchy, it destroys the whole social fabric which ensures life and safety to the poor as well as to the rich, to the employe as well as to the employer.

Riots Are Harmful. Riots and mob rule such as occurred in Chicago do immense harm to the cause of labor and set back its advance for whole decades of years. Labor thereby loses the earnest sympathy of thousands of friends and gives courage and triumph to its enemies. Worse yet, the principle of popular government suffers. It is no wonder that, reading of the occurrences in America, Europeans announce that the republic is a failure and that strong monarchy only can hold society together. Nowhere on earth have poor men liberty, civil, social and industrial, such as that which they enjoy in America. Is this liberty to be used in

Tearing Down the Republic which blesses and protects them? I am far from saying that labor has not its grievances in America, nor that redress must not be sought. I would not respect the laborer who seeks not to enjoy all his rights and to improve his condition.

"But all this must be done within the lines of social order and law. The remedy for these ills is a healthy public opinion and fair public legislation, and all legitimate efforts in these directions, whether by single act or united force, are laudable. Labor has made great progress in the recent past; it must not be too hasty. Time and patience are requisites to final success."

SAYS HE'S AN ANARCHIST.

Sensational Speech of Rev. Myron Reed at Denver.

DENVER, July 16.—Rev. Myron Reed delivered an address before a large meeting held under the auspices of the A. R. U., in which he declared he was an anarchist. He concluded by saying:

"Jesus Christ was not only an anarchist, but was killed by the representatives of the law, the church and state for daring to practice humanity. Jesus Christ was an anarchist and a socialist, but I never read of his being a deputy sheriff. Nothing has discouraged me so much in the past few weeks as to see so many men anxious to take a gun and offer to go out and shoot their fellow men for the mere pittance of \$3 per day.

"I look at this effort now being made by such men as Pullman as an effort to break up all organizations of the laboring men, so that they can deal with the working men by one and gradually get them down to pauperism and serfdom."

Another Strike Imminent.

PITTSBURG, July 16.—Another strike is imminent in Pittsburg and vicinity, but it will have no connection with the Debs movement. It predicts from reliable sources prove true, the Amalgamated Association of Iron and Steel workers will attempt on or about Aug. 1 to shut down all mills here where puddlers are working for less than \$3.75.

Thrown Into the Bay.

WEST SUPERIOR, July 16.—The first act of violence during the strike of the coal handlers occurred this morning when Abel Memmassa, a Syrian laborer and a non-union man, was beaten and thrown into the bay. He was not seriously injured but more trouble is expected.

ITS A NEW SCHEME.

Tariff Conferees Considering a Sliding Scale Liqueur Tax.

WASHINGTON, July 16.—The tariff conferees have had suggested to them a plan for taxing whisky—one of the largest revenue producing items—which has not heretofore been considered in either the house or senate bills. It was proposed by one of the senators of the conference and the sentiment toward it within the committee is quite favorable. The plan contemplates a sliding scale, the minimum tax being \$1 per gallon on whisky taken out of bond at the end of five years and advancing five cents per gallon for each year in bond beyond five years and not exceeding eight years. On this basis the tax would be: Five years, \$1; six years, \$1.05; seven years, \$1.10; eight years, \$1.15.

By this arrangement the eight years bonding period is secured by the distillers, although it is offset by the tax of \$1.15 per gallon if advantage is taken of the full eight years.

RUSSIAN THISTLES.

Senator Hansbrough Authorized to Re-port an Amended Bill.

WASHINGTON, July 16.—Senator Hansbrough of North Dakota has been authorized by the committee on agriculture to report as an amendment to the agricultural appropriation bill an appropriation of \$1,000,000 for the extermination of the Russian thistle, the amount to be disbursed to governors of the various states under direction of the secretary of agriculture.

St. Paul Republicans Win.

ST. PAUL, July 16.—Judge Mitchell of the supreme court handed down the decision in the assembly case, and it is in favor of the Republicans. The demurrer of the state to the answer of the respondents, Holman and Banholzer, is sustained, and it is held that the clause in the charter restricting the residence of the assemblymen is in violation of article 7 of the constitution, in that it prescribes an additional qualification for election.

Stock Yards Employes Return.

CHICAGO, July 16.—Many of the striking employes at the stock yards have reported for work. Thirty-seven switchmen, 13 engineers and more unskilled laborers were given work. Five engines were put in service and handled all cars received from outside roads. The packing houses received 5,000 cattle, 20,000 hogs and 15,000 sheep. Armour, Swift and Morris killed during the day, and meat trains were sent out.

The Answer Final.

CHICAGO, July 16.—John M. Egan, chairman of the General Managers' association, announced at noon that the action was final which was taken in returning to Mayor Hopkins the proposition for a return of the strikers to work submitted by President Debs of the American Railway union. The announcement by Mr. Egan was said to be the result of a session of the general managers which began about 10 a. m.

No Set Programme.

WASHINGTON, July 16.—There is no settled programme for this week in the house. Everything will be subject to displacement in favor of the conference report on the tariff bill when one is agreed upon. The house managers, in case a report is made this week, are not disposed to allow too much time to be consumed by debate, especially if a disagreement is reported on the vital differences between the two houses.

Will Soon Recall Troops.

WASHINGTON, July 16.—Government officials in this city, who have been connected with the movements of the administration during the strike, were allowed to rest during the day. No reports of importance were received and no orders sent out. No action has as yet been taken toward recalling troops from Chicago, but if everything remains quiet this will be done in a very short time.

Rifles For Canadian Militia.

OTTAWA, Ont., July 16.—The Dominion government has paid \$58,000 for the first installment of 8,000 Martini-Melford rifles from England for arming the Canadian militia. These rifles will carry smaller cartridges than the Martini-Henry formerly in use and will permit of a soldier carrying 150 rounds.

Obstruction on the Track.

WEST SUPERIOR, Wis., July 16.—The midnight Omaha passenger was wrecked by an obstruction supposed to have been placed on the track by strikers. No one was injured, although there were 25 passengers on board. Special officers are patrolling the yards and track for several miles day and night.

Boycott on Spooner.

WEST SUPERIOR, Wis., July 16.—The Omaha Railroad company, on account of the frequent disturbances at Spooner, Wis., has decided to remove its shops from there to this city and strike the village from the map, making Superior the headquarters for this division hereafter.

Moving on Schedule Time.

SAN FRANCISCO, July 16.—All trains are moving approximately on schedule time. The westbound overland was made up at Ogden and arrived at Sacramento about noon with a number of passengers. All local trains are running under a military escort. Flat cars are sent in advance of the engines to preclude the possibility of their being ditches.

DEBS HAS HOPES.

The President of the A. R. U. Says the Men Can and Must Win.

"REVIVALISTS" SENT BROADCAST.

An Effort to Be Made to Get Those at Work to Come Out Again.

CHICAGO, July 16.—The American Railway union officials have determined to make a desperate struggle to regain for that order the prestige it has lost in the great strike now rapidly approaching a close. The executive board of the union held a meeting during the morning, the object of which was to map out a course for the future. After a lengthy discussion it was decided to send out "revivalists" to all important sections of the West. Six agitators have been sent out Saturday and it was decided to augment this number.

"The names of those sent out Saturday will not be given out," said President Debs to a reporter, "for fear of their being arrested for inciting a strike."

Will Try to Get the Men Out.

It was learned elsewhere, however, that Director Kern was sent to St. Louis to rally the forces there. Hogan was sent out over the Northern Pacific to stir up the employes of that company and Goodwin was sent over the Northwestern line to use his influence with the employes of that system and if possible induce them to go out. Other emissaries were sent out to work with the employes of the many lines entering this city.

After this meeting adjourned an enthusiastic meeting was held in Uhlrich's hall on North Clark street, President Debs presiding. He made a rousing speech, reminding one of the early days of the strike.

"The strike," said he, "is now—right now—more prosperous and more encouraging than ever before. We can and must win. The men who have gone back to work will again come back to us and victory is ours."

A Feast For Arthur.

Grand Chief Arthur of the engineers is a scab joubler, and he will go down in history as a traitor to organized labor. He instructs his men to work with scabs, and tells them that scabbing is honorable. He is a tool in the hands of the general managers. The strike is weaker in Chicago than elsewhere," continued Debs, "but it will grow stronger, just as in the West it is growing stronger every hour."

Fifteen meetings were held in different parts of the city during the afternoon and evening, several of which were addressed by Debs. He will soon give out a statement in answer to the one made by Pullman.

Mr. Debs said that several of his committeemen had reported to him that the Rock Island, Lake Shore, Eastern Illinois, Grand Trunk and Western Indiana men would all be out tomorrow again. Nothing could be learned outside to verify this assertion, however.

SWITCHMEN TAKE ACTION.

They Decide to Ignore the American Railway Union Strike.

CHICAGO, July 16.—The switchmen have taken decided action regarding the strike. A meeting resulted in the following being promulgated:

"We, the grand board of directors of the Switchmen's Mutual Aid association of North America, now assembled at the city of Chicago, have carefully considered our pending strike of the American Railway Union, and

Whereas, Our grand master, Miles W. Barrett, did not countenance the same, but held that all members of the Switchmen's Mutual Aid association be governed by our constitution, be it therefore

Resolved, That it is the sense of this body, the grand board of directors, assembled, to fully indorse our grand master in his actions in the said strike. This was signed by the board of directors.

This is interpreted to mean that the most authoritative body in the switchmen's organization have officially discountenanced the strike, and the switchmen have been the backbone of the strikers' forces, the outlook for the Debs-Sovereign plan for continuing the strike is discouraging.

Attempted Assassination.

LOS ANGELES, July 16.—When the train from Santa Barbara was three miles from this city two shots were fired into the cab from a lonely spot. The bullet struck the cab lights, narrowly missing the engineer's head. A mounted police officer captured a man driving rapidly from the scene in a buggy. The would-be assassin proved to be Henry Patterson, a Southern Pacific engineer and a member of the A. R. U.

Attempt to Wreck a Train.

SAUK RAPIDS, Minn., July 16.—An attempt was made to wreck passenger train No. 7 between here and St. Paul by the use of dynamite placed on the rails. The train struck it and caused a tremendous explosion, and the engine was lifted from the track, but fortunately came down on the rails. It is supposed to have been done by sympathizing strikers.

WOUNDED TEN PERSONS.

An Italian Turns Loose With a Gun at Hazleton (Pa.) Dance.

HAZLETON, Pa., July 16.—While attending a picnic at Landmesser's park Mike Roman, an Italian, was knocked down on the dancing floor. Giovanni Perna instantly drew his revolver. The platform was crowded with men and women who were forming to take part in the dance. Perna fired point blank at Benjamin Hancock, the ball hitting him in the neck. The dancers broke and ran. Perna, thinking he was about to be attacked, began firing right and left, emptying his revolver of all its bullets. It is known that 10 persons were wounded.

The bodies of the dead will be taken to Paris, Tex., by the posse. The band, it is reported, was en route to Detroit, Tex., to rob a bank there.

New Jersey Forest Fires.

EGG HARBOR CNY, N. J., July 16.—Forest fires have been raging in this section for several days past and have swept over an area of more than 5,000 acres. During the night the condition of affairs looked serious and the residents for miles around were called out to fight the flames. Although they met with some success in changing the course of the fire there is still great danger that many buildings will yet be destroyed.

Will Not Remove Soldiers Yet.

CHICAGO, July 16.—Adjutant General Martin said that there was no possibility of an immediate removal of the United States troops from Chicago. "The troops will be kept here," he said, "until the government is very certain that there will be no further trouble. It costs no more to keep them here than at the various posts and there will be no hurry about removing them."

A Result of the Strike.

ST. PAUL, July 16.—Charles E. Leonard, a clerk of the Omaha road, shot and fatally killed Charles J. Luth, a Great Northern switchman, in the Laborer's Home, at 6:40 p. m. The tragedy was the direct result of Luth's attempted interference with Leonard's arrangements, with Mrs. Mary Hansen, the proprietor of the hotel, to furnish board for some new railroad men.

WHITEMAN AGAIN.

The Erstwhile Senator From Duluth Occupies a Cell at Detroit, Mich.

FORGERY CHARGED AGAINST HIM.

During the Past Nine Months He Has Made \$15,000 Off His Bogus Paper.

DETROIT, Mich., July 16.—Alonzo Jay Whiteman, at one time a member of the Minnesota senate, son of a millionaire and worth \$300,000 in his own right, occupies a cell in the central station. When arrested he gave the name of Frederick Henry Cooper, but he was recognized by a former chum of his in the Columbia law college, of which he is a graduate. He made a full confession to Detective Baker. Whiteman lived in Danville, N. Y. His father, now deceased, had made him executor of his will without being required to give a bond. The result was he had nearly a million dollars at his disposal. Most of the money was invested in good securities in New York state and part of it belonged to his sister. While living in Duluth Whiteman

Became Addicted to Gambling.

He invested in pinelands that did not materialize, and suddenly found himself in financial shoals. His sister, who he says is the wife of a Duluth banker, had him deposed as executor and it was then found that he had squandered \$46,000 of her share of the estate, but he was never pressed on that account. Whiteman later became associated with a gang of crooks and finally blossomed out as the head of an organized gang that has been doing business all over the United States. He says that his home recently has been in New York city and that during the past nine months he has made \$15,000

Out of His Forged Paper.

The detectives in this city have information to the effect that there is \$50,000 worth of bogus checks forged by him held by the Corn Exchange bank in Chicago and that the Board of Trade bank also holds a considerable amount of the worthless paper. He is under arrest here for complicity with J. S. Dewitt in passing a forged check for \$50 on the Cadillac hotel. Whiteman said in his confession that he was a moral and physical wreck, and that gambling had caused his downfall. The police think he has also done crooked work in New York.
