CHICAGO, Oct. 31.—A daring robbery was committed in the heart of the business center of the city during the afternoon. The amount of plunder secured is not exactly known, but was given as \$6,000, in watches and other jewelry.

Soon after 2 o'clock G. W. Brethauer, the senior member of the firm of Brethauer & Co., wholesale jeweler at 71 Washington, left the office, leaving his son in charge. The office of the firm is in Room 1, on the first floor of the building. It is located in the southwest corner and in plain view of occupants of the office buildings round about.

Young Brethauer says he was bending over a showcase full of watches in the rear of the room when two men entered the door. One of them carried a revolver in his hand and the other was armed with a piece of lead pipe two feet long.

The jeweler was commanded to throw up his hands, which he was not slow in doing. The two men ordered him into the vault, the door of which stood open.

Brethauer demurred and one of the men, he says, caught him by the throat, threw him into the vault and pushed the door shut. The thieves then proceeded to

Ransack the Showcases

and scoop the watches into a gunny-sack. The door of the safe stood open and the bandits emptied the cash box in it, obtaining a considerable sum of money.

The clerk and Brethauer returned about 3:30 o'clock and soon heard a sound of pounding on the vault door. The door was hastily opened and the imprisoned man taken out, nearly exhausted.

The murderer then ran from the house and has so far eluded capture. Mrs. Standley's husband, from whom she separated some time ago, is suspected of the crime. He was seen in Columbiaville shortly before the murder. His home is in Pontiac, and the sheriff has left for that place. Both women will die.

JOHNSON AGAIN

The Minneapolis Bicyclist Cut Ten Seconds Off the Unpaced Mile.

DISTANCE MADE IN 1:57 4-5.

Trotting, Pacing and Running Horse Records All Broken by Johnson.

BUFFALO, Oct. 31.—John S. Johnson has brought the bicycle record for the mile unpaced down under two minutes. He made the mile in 1:57 4-5. This paces a regular furrow in the 2:07 1-5 which Sanger set for the mark and which Johnson has beaten by nearly 10 seconds. Johnson rode a 76-inch geared wheel. He rode in an opposite direction to the one he took when he is said to have made a paced mile in 1:35 2-5. The course is, in fact, very nearly level and fast time under like conditions has been made during the past week in both directions. The electric timing apparatus worked to perfection and what little wind did blow came in slight puffs that were neither a help nor a hindrance to John's riding. The time at the quarter line was not caught, but at the half the wheel passed over the line in 55 3-5 seconds and the third quarter was done in 1:28 3-5. Johnson finished in splendid shape.

Johnson is the first man in the world to beat the trotting, pacing and running horse record, the first man in the world to do the mile with flying start and with a standing start in less than two minutes. No man in the world has ever done a mile in less than 1:50 until Johnson did the trick, but he can also claim that he first did the mile under 1:40, and now he is the only man who has done the mile unpaced in less than two minutes.

A few moments later the telephone rang, and an individual calling himself Mr. Swift's secretary asked if a man bearing the assumed name Whiteman gave was there. On being told yes, he said that the man wished to make a deposit and his checks were good. Whiteman is said to have then deposited a check for \$5,000 and drawn out \$600. The next day he deposited another \$5,000 check, drew \$9,000 and disappeared. Whiteman got away, but his confederate was caught. He is said to have sailed for Europe a week ago.

Minister Sagasta has gone to inform the queen regent of the action of the cabinet. It is believed that the crisis will be found to be difficult of solution. The government recently arranged with the Bank of Spain for an advance of 10,000,000 pesetas in Spanish silver dollars to replace the Mexican dollars in the Porto Rico company. This project was strenuously opposed by Senor Maura, the colonial minister, but his colleagues persisted in carrying out the arrangement and Senor Maura resigned.
