A CRYSTAL WEDDING.

Mr. and Mrs. J. W. Close Celebrate their Fifteenth Anniversary Tuesday Evening.

Tuesday was the fifteenth wedding anniversary of Mr. and Mrs. J. W. Close, of this city, and in order to celebrate the event Mrs. Close arranged for a surprise on Mr. Close, and issued invitations about a week ago. Mr. Close was somewhat surprised when the crowd burst in upon him, but he soon recovered and assisted in entertaining the guests.

There were about one hundred present and the time was passed in playing progressively euchre. Prizes were awarded to the following: Ladies' lone hand, Mrs. L. E. Richard; first progressive, Mrs. Longly; second progressive, Mrs. Schallern; gents' lone hand, W. L. Smith; first progressive, F. B. Stuart; second progressive, John Wetzel. The guests present from out of town were Mr. and Mrs. Arthur Hussy, St. Cloud, and Miss Georgia Duncan, Cheyenne, N. D. The evening was most delightfully passed, and refreshments were served at a late hour. Mr. and Mrs. Close were presented with an elegant couch and a number of beautiful pieces of silverware.

The Gospel Meetings.

The first of the afternoon meetings for special Bible study was held yesterday afternoon from 3:30 to 4:30, conducted by Mr. Hunt. The subject was "The Promises." About twenty-five were present and all found the meeting very interesting and helpful. The same subject was continued this afternoon at the same hours.

The evening service was preceded by a prayer service at 7 o'clock in a room across the hall from the court room. It was led by Rev. J. F. Morton, of Brainerd. The regular meeting began with a short song service, a special feature being a solo by Mr. Judd, of Appleton, Wis., "Alone with Jesus." Both words and music are very touching and Mr. Judd rendered it very effectively. Mr. Hunt's subject for the evening was "The Talents" and the good impression he had previously made on our people was strengthened by the address last night. The special point made was that God requires faithfulness of His children in the use of all talents and opportunities given them. God only requires of us that we do what we can. The man who had faithfully used two talents received the same words of commendation from his master as did the man with five. But the man who had done nothing, who hid his talent and idly wasted his opportunity was called "unprofitable and unworkable." The speaker in quiet, forceful words set before his hearers God's requirements of service, and urged them to make their lives a positive force for good in the community. The remarks throughout were very impressive and were listened to with deep interest.

\$100 Reward, \$100.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.
