CAVALRY RETURNS

General French's Troops Give Up the Pursuit of the Fugitive Boers.

Considered Clear Proof That All Hope of Catching Them is Abandoned.

SAY IT IS DISHEARTENING

London Press Displays Impatience at the Failure of the Operations.

British Have Gained Very Little From an Enormous Display of Force.

THABA N'CHU, Saturday, April 30.—The adjacent country is now clear of the enemy, the Boers having retired toward Ladybrand. There are interesting developments ahead.

LONDON, April 30.—The Standard's special correspondent at Bloemfontein telegraphing Saturday says: Reports have just been received that the Boers are retiring to the north of Ladybrand. Their horses are exhausted and they themselves disappointed over their failure to capture Colonel Dalgety's position. The British cavalry, who have been pursuing the fugitive commandoes, are returning to Bloemfontein.

The Bloemfontein correspondent of The Standard, Saturday, says: The Boers have taken every advantage of the mountainous nature of the country which marks their retreat to Ladybrand. Their manner of retiring is beautiful, and it is doubtful if they can be reduced in a district so suited to their tactics. I have visited the British outpost, the one nearest Brandfort. The Boers show the deepest anxiety to learn the probable action of our advance, and they declare they will not fire a shot from Brandfort, as they wish to save the town from bombardment. The enemy are entrenched on the hills south-east of Brandfort, but they are unlikely to make any serious stand until we reach Kroonstad.

DISPLAY IMPATIENCE

London Papers Comment on the Failure of Last Week's Operations.

LONDON, April 30.—The only dispatch from Lord Roberts was the usual list of deaths and sickness. The flood of newspaper dispatches describing the recent operations throws no light whatever upon the present position of affairs, or of the great question as to when the main advance is to begin. The Standard's announcement that General French's cavalry is returning to Bloemfontein is clear proof that there is no further hope of capturing the retreating Boers, and the London papers are beginning to display impatience at the practical failure of the elaborate operations of last week.

The Standard says: "It is disheartening to find that these elaborate maneuvers have brought so small a result."

The Daily Chronicle remarks: "We are reluctant to criticize Lord Roberts, but it is impossible to shut our eyes to the fact that during the last 10 days we have gained very little from our enormous display of force. Without doubt these operations have been of a very exhausting nature and will entail further delay."

The Bloemfontein correspondent of the Post speaks of the urgent need of the present and always of more horses. There is very little from other quarters.

NO MORE LENIENCY.

The Policy That Was Followed Has Been Abandoned.

BLOEMFONTEIN, April 30.—Recent operations have served to clear the military situation. General Pole-Carew, governor of the country, has demonstrated that the policy of leniency has been abandoned. He has collected all the available forage, giving receipts therefor, and this will prevent the Boers using the stores.

The Boers are now said to be concentrating to oppose the British advance. Now that Thaba N'Chu, as well as the approaches, is strongly held, Ladybrand, with the unfriendly Basutos lining the border, is rendered a position of extreme danger for the Boers, the gravity of which will be accentuated from the moment the British advance begins.

TO HOLD THABA N'CHU.

Its Strategic Position Recognized by the British.

BLOEMFONTEIN, April 30.—It is understood that the British will continue to hold Thaba N'Chu, owing to its strategic importance, especially with a view of checking future raids. The commandoes that recently had been operating in the direction of Thaba N'Chu are melting away, the Boers quietly returning to their farms, and many of them taking the oath of allegiance. Experience has shown, however, in many

cases, that this is only a pretense to enable the Boers to create disturbances on the rear of the British, and vigorous methods will probably be necessary to force real disarmament.

Peace Commissioners Fall Thursday.

THE HAGUE, April 30.—The members of the Boer peace commission will sail from Rotterdam for the United States next Thursday evening by the Holland-American line steamer Maasdam. Dr. Leyds and Dr. Muttter will not accompany the delegates.

A RIGOROUS CENSORSHIP.

War Correspondents Make Different Guesses as to Roberts' Movements.

NEW YORK, April 30.—A dispatch to The Tribune from London says: The rigorous censorship has excluded press news from the Free State for 24 hours. The war correspondents, owing to the extensive deployment of five divisions and cavalry brigades, have, with one or two exceptions, returned to headquarters at Bloemfontein, and their conjectures respecting the direction of the lines of the Boer retreat and British operations have not been in accord.

General Roberts, in a midnight dispatch reported a brief summary of the situation as he understood it at 8 o'clock Friday afternoon, but left several points in doubt. General Hamilton, with the mounted infantry and one brigade of the Ninth division had reached Thaba N'Chu where General French joined him with his cavalry brigades Rundle's division being a few miles south. The Boers were still holding the eastern outlet of the town, and French and Hamilton were preparing to turn them out. Both Hamilton and French had made fine forced marches, but it was not clear whether the main body of the Boers had retired to Thaba N'Chu from Dewetsdorp, or had gone across the country towards Constantia, to effect a junction with Olivier's forces retreating from Wepener. The former theory was more probable, but even in that case it was uncertain whether the Boers had remained in force or had left a rear guard in the town.

General Roberts' operations are now conducted on a large scale that the public here is dazed by them and requires some definite result, like another Paardeberg, in order to be convinced that he is making progress. The experts regard his maneuvers as masterly. It is now plain that after the two reverses of Sannas Post and Reddersburg, he decided upon a course of inaction, in order to draw as large a body of Boers as possible into the southeastern district of the Free State, knowing that when he was ready, he could deploy five corps against them and hoping that he could cut off the retreat of the several commandoes. His maneuvers were almost too successful, since the Boers retreated from Wepener and Dewet's Dorp before French could intercept them. A portion of the Boer force has been found at Thaba N'Chu, and in the course of 24 hours, it will be known whether there is any chance of capturing it.

Constructed Miles of Trenches.

LONDON, April 30.—The Bloemfontein correspondent of the Daily Chronicle telegraphing Saturday, says: A cavalry reconnaissance three miles northeast encountered 400 Boers. The British drove them out of a kopje north of Karoo. Our outposts are still harassed by moving commandoes. In an outpost affair on Thursday several Boers were killed. The enemy will certainly make a stand at Kroonstad, where they have constructed ten miles of trenches.

Held the Hills Strongly.

THABA N'CHU, April 30.—General French sent the Third and Fourth cavalry brigades on separate reconnaissances around the hills east of the town. The enemy, it was found, held the hills strongly, though evidently only a rear guard, as no transport was visible. The Boers are now holding a very steep row of hills, east.

GOVERNOR PINGREE TALKS.

Says Hope of the Country is in the Democratic Party This Fall.

DETROIT, April 30.—Governor Pingree asserted in an interview that the hope of the people in this year's general elections is in the Democratic party. The governor has always hitherto been an independent Republican. Speaking of the increasing power of trusts Governor Pingree said:

"There is no use in hoping that the Republican party will do anything with them."

"Are you preparing to announce your withdrawal from the Republican party?" the governor was asked.

"There is no announcement. I only say what I have said all the while. You haven't heard me say anything against the Democrats for some time. I believe that the hope of the people is in the Democratic party this fall."

RETURNS TO KENTUCKY.

Governor Taylor Wishes to Silence Story of His Trying to Escape Indictment.

LEXINGTON, Ky., April 30.—Governor W. S. Taylor passed through this city en route to Frankfort. He was met by a large number of leading citizens at the depot. He stated that he returned to silence the rumors that he was endeavoring to escape indictment. His friends insist that these rumors were started by some one who took advantage of his absence. After attending to the matter of ascertaining whether there is any indictment against him he will return to Washington. His wife accompanied him.

HAS NOT REPLIED

Note Handed to Tewfik Pasha by Mr. Griscom Remains Unanswered.

Believed It Will Be Necessary to Send a Warship to a Turkish Port.

EUROPE NOT OBJECTING

No Word of Protest Has Been Received From Any of the Great Powers.

Procrastination More to Be Feared Than Absolute Refusal to Pay.

CONSTANTINOPLE, Saturday, April 28.—The Porte has not yet replied to the note handed to Tewfik Pasha, the Turkish foreign minister by the United States charge d'affaires, Mr. Lloyd Griscom, regarding the indemnity claim and the situation is unchanged. It is believed in some quarters that a settlement will yet be made by means of some arrangement with private American contractors, concealing the actual payment and relieving the Ottoman government from admitting responsibility for the losses occasioned at the time of the massacre.

It is not considered here that a simple rupture of diplomatic relations will render the Porte easier to deal with; but a rupture of formal relations is not thought necessary, as the sending of a warship to a Mediterranean port would suffice to obtain a settlement of the matter in less than 24 hours. The same proposition for a settlement of the indemnity question by an order for a warship in the price of which the indemnity should be included was formerly made to France and Italy, but M. Constans and Signor Panza rejected the proposal.

The newspaper criticisms and comments upon the attitude of Turkey in this affair are causing great irritation at the Yezdiz Kiosk.

POWERS NOT OBJECTING.

No Word of Protest Nor Disposition to Interfere.

WASHINGTON, April 30.—The United States government has not received the slightest intimation from any European nation of a disposition on its part to interfere in any manner in the present dispute between the United States and Turkey over the American indemnity claims. It may also be said on the best authority that none of the representatives in Washington has requested the state department to deliver itself of any explanation of its intention affecting Turkey, nor does our government anticipate any interference by third parties in this matter so long as our claims are confined to their present perfectly legitimate basis. All that can be stated by authority respecting Mr. Griscom's course at Constantinople is contained in the general declaration that he is pursuing instructions to insist to the Turkish government upon a redemption of its promise to pay the American indemnity claims. Naturally the officials decline to intimate what steps will be resorted to in case Mr. Griscom's request is denied. They prefer to believe that the demand will meet with success. The phase to be feared is procrastination on the part of Turkey, something harder to meet than an unqualified refusal to pay. It is understood that Mr. Griscom is shaping his representations to the Porte with special reference to the avoidance of this pitfall.

PATERNO CAPTURED.

Former President of the Filipino Cabinet a Prisoner of the Americans.

MANILA, April 30.—5:30 p. m.—Major General Lloyd Wheaton reports that Senator Paterno, the former president of the Filipino so-called cabinet was captured in the mountains near Trinidad, province of Benguet, April 25. SUNNY WOMEN.

Who has not known the woman whose disposition is described by that one word "sunny"? There's always a laugh lurking on her lips. Her cheeks are ever ready to dimple in smiles. Her household influence is as brightening and stimulating as the sunshine. Nothing can be crueler than to have this sunshine blotted out by disease. But this is a common cruelty. The young wife who was the sunshine of the home becomes its shadow. Every young wife should know the value of Dr. Pierce's Favorite Prescription in the protection and preservation of the health. It promotes regularity, dries the drains which enfeeble body and mind, and cures inflammation, ulceration and female weakness. It nourishes the nervous system and gives to the body the balance and buoyancy of perfect health. It is a strictly temperance medicine.

"I can say that your medicine cured me," writes Mrs. Maud Pearce, of Shiloh, Pa. "I had suffered about twelve years from female weakness and I had almost given up, thinking there was no cure for me. Then I heard about Dr. Pierce's medicine and thought I would try it, and can say that seven bottles of your 'Favorite Prescription' made me well. I am now able to do my own housework. I took about twelve bottles in all of Dr. Pierce's medicine. Took some of the 'Golden Medical Discovery,' 'Favorite Prescription' and some of the 'Pleasant Pellets.'"

Dr. Pierce's Pellets cure constipation.

in a cellar, where it had been dragged. He lived alone and was considered well-to-do. The sheriff and deputies are searching for the murderer. No object has been discovered.

MANY LOGS ON FIRE.

Several Million Feet Burned and Properties of Flames Unchecked.

TWO HARBORS, Minn., April 30.—Several million feet of logs, owned by the Miller-Arnold company, contractors for the Alger-Smith company, at Silver Creek, six miles down the lake from here, caught fire and about \$50,000 worth of logs were burned, and until the fire can be extinguished the loss will be much greater. Fire tugs from Duluth and over 100 men from this place are at work endeavoring to save the logs. The fire caught from forest fires.

First Hunt for Cape Nome.

SEATTLE, Wash., April 30.—The formal rush to the gold fields of Cape Nome will be inaugurated during the day, when the steamer Jeanette of the Pacific Steam Whaling company, the first steamer to start on the trip this year, is scheduled to sail, providing she arrives in the meantime from San Francisco. This vessel will carry 80 passengers and 400 tons of freight from this port, and expects to be one of the first to reach Nome when the obstructing ice has broken.

Will Be Ready in a Year.

DULUTH, April 30.—The commencement of work on the state normal school has been delayed by a controversy as to its position on the site given by the city. This has now been settled and Contractors McLeod & Smith start at once. The general opinion here is that R. E. Denfield, who has been superintendent of the Duluth schools for 16 years, will be the president of the school. It will open a year from next fall.

Found Dismantled Schooner.

VICTORIA, B. C., April 30.—News has been brought here from the north of the finding of a dismantled three-masted schooner on Queen Charlotte island. She was evidently of American build. The natives had looted her and she was so smashed up that no trace of her identity could be found. Bones of animals or men were found in the bottom of the wreck.

Many Owners Will Sell Property.

HAVANA, April 30.—The time has closed during which the payment of mortgages upon rural and city property had been held unenforceable by law. The papers say that a large number of owners will sell their property at auction and meet their obligations.
