NATIVES HANGED

General MacArthur Sends Filipinos to the Gallows or to Prison.

Large Numbers of Them Are Convicted of Murder and Other Crimes.

HAD AN ORGANIZED BAND

Victims Killed to Gratify Desire for Revenge or Feelings of Envy.

Executed on Orders of Chief Without Even the Form of a Trial.

Washington, Jan. 14.—Copies of general orders from the Philippines received here show that a large number of native Filipinos have been convicted of murder and other crimes and sentenced to be hanged or to long terms of imprisonment.

These Inhuman methods, says General MacArthur, "remove all the participants, whether chief or willing follower of the bands, from the pale of the law and place them among that class of cowardly and secret assassins which all civilized men the world over hold to be enemies of mankind."

A native named Vicente Prado established a camp in a strong position difficult of access in the mountainous district near Rosario, in Union province. There he entrenched his camp and erected buildings for a band of armed outlaws which he gathered about him.

Ordered to Instant Death. Shortly afterwards two Igorrotes, a man and a woman, were taken before Prado and charged with being American spies. Without any attempt at proof or form of trial they were ordered to be immediately executed.

On another occasion Prado ordered his band to attack and burn the Pueblo of San Jacinto and to arrest and "if he resisted, kill," the president of Rosario.

Another native sentenced to be hanged was Pedro Lachica. This man was one of a band of natives who, representing themselves to be policemen, entered at nighttime several houses and by threats and use of firearms induced the natives to come out to surrender.

GRANT IS ACTIVE.

Is Trying to Pacify the District Under His Command.

Manila, Jan. 14.—General Grant, who was endeavoring to finish the last insurrection in his district and who is personally commanding his scouts at the southern end, reported that he had encountered a number of bands south of Buloc mountain, all of whom retired up the hills.

General Grant's district is pacified with the exception of a small district south of Buloc mountain, and the province of Pampanga is quiet. It is expected Pampanga will be the first province to which civil government will be extended.

BIG REAL ESTATE DEAL

Syndicate Buys a Million and a half Acres of Railroad Lands.

Minneapolis, Jan. 14.—The largest real estate transaction ever made in the Northwest has been closed by A. H. Hunter of the Hunter-Windle Company of Minneapolis, by which the Northern Pacific railway company disposes of the entire remaining portion of its federal land grant of 1864, lying between the Missouri and James rivers in North Dakota, amounting to 1,500,000 acres.

The lands, about 2,344 square miles, are included in a tract covering about 3,000 square miles. They have been bought by a syndicate composed of Carlos Boynton, a capitalist; William Moser, president of the Citizens' National bank, and L. Patterson, a prominent wholesaler, all of Mankato, and the L. S. Hackney Land company of St. Paul.

The purchase price runs into millions of dollars, but the syndicate is not yet ready to announce the exact figures. The option on the lands, mainly agricultural and grazing, was given Nov. 27, 1900, the Northern Pacific's interests being represented by F. W. Willsey, general Eastern land agent.

The option was covered during the day and deeds to the lands will be given as soon as the syndicate can incorporate. The tracts taken up lie in Stutsman, Logan, Kidder, Burleigh, McLean, McIntosh and Emmons counties, with scattering townships in adjacent counties. The sale includes portions of 250 townships.

SOURCE OF CONSOLATION.

British Get Comfort Out of Continuation of Philippine War.

New York, Jan. 14.—A dispatch to The Tribune from London says: The chief source of consolation for the bewildered public, which cannot understand what is going on in South Africa, is an occasional dispatch from America indicating that the Philippine war is still in progress.

General Kitchener is so reticent that pro-Boer journals like the Manchester Guardian and alarmist sheets like The Daily Mail are convinced that the situation is critical and that the British army is virtually on the defensive and in need of reinforcements.

ANGER IN LONDON

Fate of the Members of Peace Commission Causes Great Indignation.

Papers Say Dewet Places Himself Outside the Pale of Humanity.

CONCILIATION IS USELESS

Government Urged to Hurry Forward Troops as Boers Are Desperate.

But Meagre Details Have Been Received of Invasion of Cape Colony.

London, Jan. 14.—The brief report of the fate of the three members of the peace commission who were sent to see General Dewet excited the greatest indignation on all sides. One or two papers express hope that Lord Kitchener has been misled by false Kafir reports, but it is generally felt that he would not have reported the matter to the war office without indisputable evidence.

The Morning Post says: "This marks the point where the guerrilla warfare has ended and the bandit has begun."

All papers strongly urge the government to hurry forward reinforcements since it is now evident the Boer leaders have become desperate and conciliation is useless.

The Pretoria correspondent of The Daily Mail announces the return to Pretoria of Mr. Pretorius, a former president of the late South African Republic, from a futile endeavor to persuade the Boer leaders to surrender.

No further details have been received of the invasion of Cape Colony.

ATTACKED BY BOERS.

Kaalfontein Station Invested by Commandant Beyer.

Pretoria, Saturday, Jan. 12.—Last night the Boers cut the wires between Grene and Ollfontfontein stations. Early this morning 800 Boers under Commandant Beyer invested Kaalfontein station. A hot rifle and shell fire with two field pieces and a Maxim was maintained for six hours.

An armored train and reinforcements were sent from Pretoria, but before they had arrived upon the scene the garrison had driven off the Boers, who retired unmolested with a transport train half a mile long. The Boers blew up the line beyond Kaalfontein, compelling the mail train to return here. It is supposed their object was to obtain supplies, a great quantity of which is stored at Kaalfontein. The British had no casualties.

SHOT BY DEWET.

British Subject Who Was Acting as Agent of Peace Commissioners.

London, Jan. 14.—The war office has received the following dispatch from Lord Kitchener:

"Pretoria, Sunday, Jan. 13.—About 1,400 Boers crossed the line, attacking both Zuurfontein and Kaalfontein stations, but were driven off. They are being pursued by a cavalry brigade."

Lord Kitchener reports also several skirmishes at different points with trifling British loss and adds:

"Three agents of the peace commissioners were taken as prisoners to Dewet's laager near Yindley Jan. 10. One who was a British subject was flogged and then shot. The other two, burghers, were flogged by Dewet's orders."

WENT THROUGH A BRIDGE.

Northern Pacific Overland Wrecked in Washington. Tacoma, Jan. 14.—An Ellensburg special to The Ledger says: The westbound Northern Pacific overland was wrecked one and one-half miles west of Selah on a slough bridge 150 feet long.

The westbound Northern Pacific overland was wrecked one and one-half miles west of Selah on a slough bridge 150 feet long. Engineer R. Baird felt the bridge sink and threw the throttle wide open.
