

DR. REA

ye, Ear, Nose, Throat, Catarrhal and Nervous Diseases.

SPECIALIST OF NATIONAL REPUTATION

Visiting Professionally the Principal Cities of the Northwest.

At
LITTLE FALLS,
Buckman Hotel, Friday,
Feb. 8.

For One Day Only, Returning Every
Four Weeks for Six Months.

Dr. Rea, Founder of the Southern Medical and Surgical Institute, Louisville, Ky., with established offices in the principal cities of the United States. Author of popular Medical Works, "Guide to Health," "Health Journal," "Nervous Debility, its Cause and Cure," Originator "Electro-Medical" Treatment.

TREATS: All curable medical and surgical diseases, acute and chronic catarrh, diseases of the eye, ear, nose, throat, lungs, liver, stomach and bowels. Dyspepsia, constitutional catarrh, sciatic headache, rheumatism, chronic female diseases, neuralgia, sciatica, dizziness, nervousness, slow growth in children and all wasting diseases, in adults. Deformities club feet, curvature of the spine, diseases of the brain, diabetes, paralysis, Bright's disease, heart disease, appendicitis, eczema, varicose and hydrocele properly treated. Dr. Rea's system of curing cancers, tumors, gonor, wens, fistula and piles with the sub-cutaneous method without pain and without the loss of a drop of blood, is one of his own discoveries and is really one of the most scientific and sure cures of the 19th century. Young, middle-aged and old, single or married men and all who suffer from lost manhood, nervous debility, spermatorrhea, seminal loss, sexual delay, falling memory, stunted development, lack of energy, impoverished blood, pimples, facial blemishes, impediments to marriage, also blood and skin diseases, syphilis, eruptions, hair falling, bone pain, swelling sore throat, ulcers, effects of mercury, kidney and bladder troubles, weak back, burning urine, passing urine to often, gonorrhoea, gleet and stricture receive searching treatment, prompt relief and a cure for life. There are no experiments in Dr. Rea's practice. Able as he is to tell anyone their disease.

Li Hung Chang signed the joint note Saturday. The next 90 days will slip around awful quick with Li.

Getting Thin

is all right, if you are too fat; and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its agreeable taste will surprise you. **SCOTT & BOWNE** Chemists, 409 Pearl Street, New York.

A HIGH TRIBUTE.

Don R. Davidson Much Loved and Respected at His Home City.

The high regard in which the late Don R. Davidson was held is shown by the following article from the Globe, of Wahpeton, where he had lived for many years:

Donald Rae Davidson was born at Glencoe, Ontario, July 28, 1862, where he spent his boyhood days. At the age of seventeen he went to Marshall, Minnesota, and began the study of law. The four years from 1881 to 1885 he attended the University of Minnesota, and was admitted to the bar and began to practice law at Marshall in the spring of 1885. May 18, 1887, he was married to Miss Alice A. Watson, who has been his loving helpmate through life. He started in the banking business as cashier at Ashby, Minnesota, and remained there until 1888, when he came to this city and assisted in the organization of the Citizens National bank and was elected cashier of that institution which position he filled to the day of his death.

He was a thirty-two degree Mason a member of the K. of P. and A. O. U. W. lodges and took an active interest in maintaining those fraternal ties.

He joined the Presbyterian church at Ashby at its origin, and brought his letter to the First Congregational church of this city of which he served as trustee several years and was chairman of the building committee of the new church, going into the work with his wonderful business vigor and energy and carrying it forward to successful completion. In 1898 he was appointed postmaster of this city, and has conducted that office with his usual care and ability making the best officer we have ever had.

Besides a loving and devoted wife and daughter, relatives and friends in Wahpeton, he leaves to mourn his loss, four brothers and three sisters: A. D. Davidson, of Duluth; A. R. Davidson, Little Falls, Minnesota; Wm. Davidson, Hutchinson, Minnesota; James Davidson Mrs. Mary Home, Mrs. Flora Olinger, of Modale, Iowa and Mrs. Nellie Kirby, of Hibbing, Minnesota.

Mr. Davidson was naturally endowed with the faculty of making friends, was one of those great hearted men who are always willing to help those in need, and there is hardly a man in Wahpeton but whom is indebted to him for favors and deeds of kindness. He was the life of social circles, no entertainment being complete without his presence. He always had a smile and a greeting for everybody and the children all over the city hailed his appearance with joy.

He took an active interest in the political affairs of the county and state and had become a power among the leaders of the Republican party of the state. In his death we lose a warm friend and the community has lost a high minded, energetic public spirited citizen, one who was ever ready and willing to be at the front of every worthy enterprise for the upbuilding of the city and the maintenance of public and private charities.

The world is better for his having lived in it and the example of his honest upright life will have its influence for many years to come.

Lingering La Grippe Cough.

G. Vacher, 157 Osgood St., Chicago says: "My wife had a very severe case of la grippe, and it left her with a very bad cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50 cent bottle cured her cough entirely." Price 25c and 50c.—M. V. Wetzel.

New Wheels With Less Power.

From Wheelock's Weekly, Fergus Falls. The council is at present badly troubled with wheels—water wheels. The new wheels, from which so much was expected, are a complete failure, and are not used. The contract calls for 260 horse power under a 15 foot head of water. With a 16 foot head the new wheels haven't nearly as much power as the old one. Just how much power it requires to properly run the electric light plant, or how much power either the old or the new wheels have with the present head of water, no one knows; it is mostly guess work. Doubtless the company from whom the wheels were purchased can demonstrate that the power guaranteed is being furnished, and demand the balance of their pay, about \$1,500. Anyhow they have one loop hole to crawl out of—the wheels were not placed exactly as their plans prescribed.

Just what will be done for more power is another story. The only alternative seems to be to get along as at present until the dam can be rebuilt to hold a larger head of water.

J. A. Lambert of Rachel, N. C., writes: "I heartily endorse Foley's Kidney Cure. It does what you claim it will do, and there is nothing equal to it, and I thank you for the good it has done me.—L. D. Brown.

Resignation of Miss Fish.

The board of education held a special meeting Monday afternoon to act on the resignation of Miss Elizabeth Fish, principal of the High school. Miss Fish has been offered a position in one of the high schools of Minneapolis, where her home is, and desired to be released from her contract here. She has been a most efficient and popular principal, this being her second year in Little Falls, and the board with regret accepted her resignation only doing so because it would be of much advantage to her to accept the position offered at her home. Miss Fish is a charming lady and delightful acquaintance and her pupils and many friends in the city will be sorry to learn of her departure.

The board elected to the vacancy caused by this resignation Miss Ella Welchard, who has been first assistant for the past two years. Her promotion is deserved and she will, without doubt, prove a worthy successor of Miss Fish, as she is a teacher of experience and ability.

Another teacher to fill the High school corps will be secured by Supt. Rowe as soon as possible.

What Shall We Have For Dessert?

This question arises in the family every day. Let us answer it to-day. Try Jell-O, a delicious dessert. Prepared in two minutes. No baking! Add hot water and let it cool. Flavors—Lemon, Orange, Raspberry and Strawberry. At your grocers, 10 cts.

St. Cloud Too Big

Journal Press: A movement, which unquestionably has substantial justice and merit in the proposition, has been started to change the boundaries of the city of St. Cloud, the aim being to eliminate from the city limits a large portion of land which is not even platted into lots but which in boom times was added to the domain over which the municipality of St. Cloud has power. The land in question is not only in Stearns but in Sherburne and Benton counties as well and the taxes since 1889, when the area was added to the city property, have been something enormous. There has been on the other hand nothing in the way of benefits in proportion to the taxes paid. The land is so far removed from the center of the city that fire protection has been impossible and water and sewerage have also been denied from the nature of things.

Chapped hands, cracked lips and roughness of the skin cured quickly by **Banner Salve**, most healing ointment in the world.—L. D. Brown.

A Chinaman on Americans.

A Chinaman, on being asked his opinion of Americans, gave the following reply: "They live for months without eating a mouthful of rice. They eat bullock and sheep in enormous quantities with knives and prongs. They never enjoy themselves by sitting quietly on their ancestors' graves, but jump around and kick balls, as if they were paid for it. They have no dignity, for they may be seen walking with women."

The Chinaman told only part of the truth, for he overlooked the fact that we have the best flour in the world; the most wholesome meat, and that we drink "Golden Grain Belt" beer, the most healthful beverage, because it is the purest. This beer is a perfect tonic for men and women and should be in every home. Order a case of your nearest dealer or be supplied by J. M. Ledoux.

Death of Aribert Coe.

News was received from Port Orchard, Wash., of the death of Aribert Coe at that place Jan. 8. Mr. Coe has been in poor health for some time. He removed from this city to Washington about six months ago, and was living with his daughter, Mrs. Samuel Gorst. Mr. Coe was 78 years of age, and was one of the early settlers of Morrison county living on a farm near Oak Ridge for about thirty years.

Two daughters survive him, Mrs. Geo. Foster, of Oak Ridge and Mrs. Samuel Gorst, of Port Orchard, Wash. Mr. Coe's brother, O. A. Coe, is also quite ill and there is but little hopes of his recovery.

Payable at First National Bank.

A Bank Draft for one Dollar is placed in each box of Mull's Pioneer Kidney Cure. Droopy, Diabetes and Bright's disease are the result of Kidney disease. Don't neglect your case too long. Take a safe and sure remedy, Mull's Pioneer Kidney Cure. If you get no benefit cash the draft found in each box. 25c and \$1.00. For sale by M. V. Wetzel.

No Profit in All-Night Lights.

Princeton Union: There is a growing sentiment among the business men and heavy taxpayers that the electric light plant should be shut down at midnight. After that there is practically no electricity used until 5:30 or 6 o'clock in the morning and the plant is run at a dead loss. It is estimated that the village expends \$2,000 per year for the run during these hours for which it never receives a penny in return. The new council may take action on the matter.

The active French troops killed 1,000 Boxers in a foot race in China Saturday. The rest won the race.

The Pioneer Press shies a little at the Lowry candidacy, and is afraid of political results. It is the St. Paul Pioneer Press we refer to.

The investigation of the West Point hazing is nearly through, and the testimony has exposed some practices that should certainly be stopped. A little mild "breaking in" may be advantageous to the new cadet, but severe brutality is no benefit. The authorities are aroused to a greater degree than heretofore, and will probably bring about some reforms.

Goodness, gracious, jimminy me; can't anything satisfy the senator makers? The latest is an effort to get Jim Hill and his 16,000 miles of railroad and fleets of steamboats into the senatorial contest in St. Paul. It is believed that would fade to a fizzle and fizzle to a finality any little old trolley car that ever came around the curve. Some Duluth legislators have had their constituents ask them to vote for Hill. A little favor like that isn't much.

The next congress elected will have twenty-nine more members than the present one. Of these, nineteen will come from states that went Republican last fall, and ten from Democratic states. But as nine will come from Democratic cities in Republican states the gain will not be much advantage politically. The law provides that if any state that has an increase does not have a reapportionment of districts, the added members shall be elected at large.

Teddy has killed a lion! Shot him in the neck while up in the air, and broke his back. That was out near Meeker, Colorado, on Saturday. They chased the lion over an awful rough country, that kept getting rougher as fast as it could. The scent was hot all the time, and kept getting hotter just as hot as it could. Then they came to where the lion was at the top of a tall spruce tree. They drew lots to decide who should shoot, and Teddy got the chance. The lion jumped from the top of the tree, and the sportsman took a wing crack at him, and the lion was shot all to pieces.

—Supt. Fry, who went to Cuba to take charge of the educational system, has resigned and returned to this country.

A PLEASING COMBINATION

In a beer that is palatable and other wise desirable is purity and strength; Absolute purity of water, hops and other materials; of course essential and the beer must be of sufficient strength to build up the system and make good flesh and bone. You will find all these qualities in Kiewel's Home Beer, to say nothing of its delicious taste as a beverage. Always cool, always fresh; on draught at every bar.

JAG. KIEWEL BREWING CO.

DR. WM. McDANIEL

Registered Veterinary - Surgeon. All diseases of domestic animals promptly and scientifically treated. Isentary and castration specialty. LITTLE FALLS, MINN.

If you want the news of the world written and pictured, the finest art and the best literature, then you must read

COLLIER'S WEEKLY

America's Foremost Illustrated Journal.
