Mrs. J. E. Finn, 82 East High street, Buffalo, N. Y., writes: Peruna Medicine Co., Columbus, Ohio.

Gentlemen:—"A few years ago I had to give up social life entirely, as my health was completely broken down. The doctor advised a complete rest for a year. As this was out of the question for a time, I began to look for some other means of restoring my health.

"I had often heard of Peruna as an excellent tonic, so I bought a bottle to see what it would do for me, and it certainly took hold of my system and rejuvenated me, and in less than two months I was in perfect health, and now when I feel worn out or tired a dose or two of Peruna is all that I need."—Mrs. J. E. Finn.

Catarrh Causes Female Diseases.

America is the land of nervous women. The great majority of nervous women are so because they are suffering from some form of female disease. By far the greatest number of female troubles are caused directly by catarrh. These women despair of recovery. Female trouble is so common, so prevalent, that they accept it as almost inevitable. The greatest obstacle in the way of recovery is that they do not understand that it is catarrh which is the source of their illness.

In female complaint, ninety-nine cases, out of one hundred are nothing but catarrh. Peruna cures catarrh wherever located.
