Fire Destroys Buildings At Flandreau, S. D., Indian School.

Word received here the latter part of last week announced the destruction by fire of the dormitories at the Flandreau, South Dakota, Indian School, but later a letter from the superintendent there to Agent Hinton stated that it was the industrial buildings and not the dormitories that were burned.

All the industrial buildings and their contents were a total loss.

The superintendent at Flandreau stated that the industrial work at the school was being carried on as usual, other buildings being used or the purpose.

Advertise in THE TOMAHAWK, it brings results.

POINTED PARAGRAPHS.

How long must the Indian race knock at Liberty's door for the rights and privileges of citizenship.

The Indian cannot be free without the abolishment of the Indian Office. The Indian Office has grown to be selfish and tyrannical. It has a death grip on the Indians. It will fight justice to the limit in order to live.

The black slavery does not compare with the slavery of the Indians at the hands of the Indian Office, and we who are fighting for the principles of liberty, humanity, democracy, rights and privileges, justice and honor—the very opposite which we are administering to the Indian race.

WASSAJA is not fighting the Government of the United States. The Indians are men and were here before Columbus. They ought to be citizens of America, and they are not. WASSAJA is fighting for the rights of his race, he is trying to free them from the prison cells (reservations) of the Indian Office. Is that going against the Government?—WASSAJA.

Attend Lutheran Services at the Day School Sunday Evening

Rev. Bodie, of the Lutheran church, will hold services in the Day School building here next Sunday evening. These services are held every two weeks. It is the desire of Rev. Bodie to get enough people interested so that a church can be built here.

Red Cross Notes.

Mr. Alex McKenzie of White Earth, donated \$1.00 to the Red Cross fund.

Father Aloysius contributed \$10 to the Red Cross fund. The White Earth Branch of the Red Cross is deeply appreciative of these kind favors.

The boys of the White Earth Boarding School are much interested in knitting. Some of them are knitting with lead pencils and nails.

Mrs. E. J. Warren's pupils sold 50 tickets for the entertainment given by the pupils of St. Benedict's Mission.

The Work meetings will be held as usual in the Domestic Science Cottage. Owing to the lack of space, other arrangements will be made for the school girls who recently joined the Red Cross.

Forty one boys and girls of the White Earth Boarding School joined the Red Cross Society of White Earth and their names will be published next week.

New Members are: Mrs. James Beupre, Mr. Lee Logan and Jimmie Beupre.

The following articles went forward with the shipment on Dec. 1st:

Mrs. Dummert—5 hospital shirts, 2 prs. wristers.
Mrs. Ralily—1 hospital shirt.
Mrs. Six—1 scarf.
Mrs. Feldman—1 scarf.

Again it has been demonstrated that little people are anxious to help the Red Cross. This time the promoters were Myrtle Brunette, Josephine King and Eldora Chilton, of the Boarding School. They obtained permission from the matron, Mrs. Short, to give a little entertainment of their own on Thanksgiving afternoon, in the Girls' sitting room. The boys were invited and admission was three cents each or two for a nickle. The "show" consisted of songs and recitations. \$1.10 was realized and turned over to the Red Cross. To these little girls we extend our many thanks.

The drama "Doloras" staged by the pupils of St. Benedict's Mission was a grand success from every point of view. Too much praise cannot be bestowed upon every child who took part in the performance and upon their teachers for their effective work. People came from far and near and literally packed the Assembly Hall. \$71.00 was taken in, but \$10.00 of this amount includes the donation of Father Aloysius. To the Sisters and their pupils, the White Earth Red Cross extends its sincere gratitude.

The owners of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

"Well," remarked a Chicago young sly whose hair is somewhat on the unset order, "the white horse is bad enough, but it is enough better than hearing some one remark 'the Merchant Traveler'."

Probably True.

"Say," said the farmer, who was unloading potatoes at the grocery, "do you believe that story about little George Washington and the hatchet and the cherry tree?"

"Don't ask me," laughed the grocer. "Well, I think it is probably true. I've got a boy ten years old at home, and after he had teased me for a year or so I bought him a boy's ax."

"And did he cut down your favorite cherry tree?"

"He did a heap better than that. He cut down most of the apple or chard orchard."

"And did he tell a lie about it?"

"Nope. Owned up like a little man."

"And, like Washington, you praised him?"

"Unlike Washington, I didn't do any such blamed thing. I gave him a hiding on the spot, and have liked him once a day since and am going to keep it up until he is twenty-five years old."
